

**OLD
POLLING STATION**

BACKGROUND

**PROPOSED NEW
POLLING STATION**

UNIVERSITY WARD

Centre House,
Southfield Road.

Centre House has now been converted by the University into office accommodation and is therefore no longer available. Following discussions with the University, they have agreed to make the former clinic available.

The former clinic, corner of Woodlands Road and Clarendon Road.

The Nursery,
Breckon Hill
Primary School.

The building, which formerly housed the Nursery at Breckon Hill Primary School, has been demolished. A new community centre has been built on the site.

Breckon Hill Community Centre, Breckon Hill Road.

GRESHAM WARD

Meath Street
Community Centre.

The former Meath Street Community Centre has been demolished and a new resource centre has been built on the site.

WMNT Resource Centre,
Meath Street.

LINTHORPE WARD

Cleveland Army
Cadet Force, Burlam
Road, Linthorpe.

The Cadet Force now parades on a Thursday evening, so the building would not be made available. Following discussions with the Head Teacher at Linthorpe Primary School a suitable location for a polling station has been agreed.

Linthorpe Primary School,
Roman Road.

LADGATE WARD

Marton Manor
Primary School,
The Derby.

The school is currently undergoing extensive building works. This has created major difficulties in using the school as a polling station on the 3 May 2007. Adjacent to the school is a large lay-by where a mobile polling station could be sited just for the next election.

Mobile, near Marton Manor
Primary School, The Derby.

**HEMLINGTON
WARD**

The Bungalow,
Hemlington
Recreation Centre.

Because of a change of use of the Bungalow, its continued use as a polling station would be difficult. The Main Hall has good access and facilities for both voters and staff.

The Main Hall,
Hemlington
Recreation Centre.
