**BACKGROUND**

2. The Care Standards Act 2000 provides the legislative framework for Rota Visits and Regulation 33 visits. The Act stipulates that:

  - The person undertaking the visit must interview any child accommodated in the home and any staff present, to form an opinion on the standard of care.
  - Inspect the premises; the daily log of events and any record of complaint.
  - Complete a written report.
3. Middlesbrough Council's Corporate Parenting Policy (May 2001) states that 'the Council will ensure all appropriate inspections of children's homes are carried out, including rota visits by Elected Members'.
