BACKGROUND

5. Each Local Authority that provides a fostering service and/or acts as an adoption agency is required to establish a panel consisting of social work practitioners experienced in adoption and family placement matters, elected Members and independent persons. The composition of the panel is prescribed by the Adoption Agencies Regulations 2005 and the Fostering Services Regulations 2002.
6. Middlesbrough Council has established a Family Placement Panel which meets the legal requirements in relation to fostering and adoption and therefore can consider cases from both aspects of family placement work. The Panel plays a key role in promoting the welfare of vulnerable children in public care.
7. The Panel has 10 members and is serviced by officers from the Legal Department, Members Office and the Family Placement Service. It used to meet fortnightly for half a day, however in recent months the volume of work has been such that weekly meetings have been scheduled and this pattern is likely to continue for the rest of the year.
8. The role of the Family Placement Panel is to consider:
 - (a) applications from prospective adopters
 - (b) plans for children to be placed for adoption
 - (c) proposals to place a specific child or children for adoption by particular prospective adopters
 - (d) reviews of the approval of prospective adopters
 - (e) applications from prospective foster carers
 - (f) reviews of the approval of foster carers
 - (g) plans for children to be placed in long-term foster care
 - (h) proposals to place a specific child or children in a long-term foster placement with particular foster carers.
 - (i) termination of the approval of foster carers.
 - (j) applications for approval as supported lodgings

ACTIVITY FROM 1ST APRIL 2010 TO 31ST DECEMBER 2010

9. The Family Placement Panel met on 29 occasions during this period. The matters considered by the panel are often complex and at times meetings can be lengthy and demanding. Panel members receive the papers in advance of each meeting and need to read them thoroughly prior to the meeting in order to participate effectively in the discussion.

10. The number of items considered in each category during this 9 month period were as follows:

Number of adopters approved	5
Number of children whose adoption plans were approved	16
Number of children whose placements with adoptive parents were approved	19
Number of foster carers approved	9
Number of foster carers approved for a change of registration	3
Number of foster carers who were de-registered	11
Number of children whose long-term fostering plans were approved	6
Number of children whose placements with long-term foster carers were approved	12
Number of foster carer reviews that were considered	7
Number of reports presented for approval of a change of plan for a child	1
Number of reports presented for consultation or update on a specific issue	4
Number of reports which were deferred due to concerns over the quality of the reports	8
Number of supported lodgings approved	1
Total numbers of items considered	102

11. It will be noted that 1 of the foster carer's deregistration was related to concerns about the standard of care provided. The remaining ten retired from fostering.
12. There were 17 foster carer reviews considered by Scrutiny Panel.
13. For comparison purposes, the table overleaf shows items considered by the Panel over a 21 month period:

	April 2009 to September 2009	October 2009 to March 2010	April 2010 to December 2010
Number of panel meetings held	19	17	29

14. It will be noted that the number of new foster carers approved during the last 9 months has increased. The recruitment of foster carers is a national problem however there are specific issues relating to recruitment and retention of foster carers in Middlesbrough. On a positive note there are currently 14 assessments in progress.
