

**COUNCIL MEETING – 17 OCTOBER 2018
QUESTIONS FROM MEMBERS OF THE PUBLIC
COUNCIL PROCEDURE RULE NO.40**

QUESTION NO.	QUESTION FROM	QUESTION TO	QUESTION
10/2018	J Elder	The Mayor	<p>Given that prevention is better than cure, particularly with regard to the frequency of outrageously high speeds of vehicles driven on the streets and roads of Middlesbrough, will you safeguard the lives of our citizens by organising, together with the Chief Constable, a town - wide campaign to stop this reckless behaviour utilising:</p> <p>(a) speed strips to detect the worst areas of offending; (b) radar guns to then record and fine the offenders; and (c) posters to warn people of the dangers of speeding to life and limb?</p>
11/2018	T Nicholson	Executive Member for Environment and Commercial Services	<p>What expenditure was incurred by Middlesbrough Council between 31 March 2017 and 1 April 2018 on the planting of trees for the whole of Middlesbrough and broken down for Nunthorpe, Marton West and Marton East?</p>
12/2018	D Murdoch	Executive Member for Economic Development and Infrastructure	<p>The Joint Strategic Transport Needs Assessment was due to report in July 2018. When did it report to Middlesbrough Council? When will it be made available to the public?</p>

13/2018	W Tovey	Executive Member for Economic Development and Infrastructure	In an email to a fellow resident, Councillor Lewis Young stated the Council are not proposing to introduce noise barriers or reduce the speed limit on Dixons Bank. Can Councillor Young explain the reasoning for not taking these essential measures to mitigate the impact of the proposed road widening?
14/2018	J M McClintock	Executive Member for Economic Development and Infrastructure	What progress has been made by Middlesbrough Council between 30 September 2017 and 1 October 2018 towards the establishment of the Nunthorpe Park and Ride?
15/2018	J A Slater	Executive Member for Economic Development and Infrastructure	In view of the fact that the Council failed in its duty to inform residents of Kader, Trimdon and Ayresome Wards of the consultation for the Stainsby scheme, should not the Council restart this consultation due to its undemocratic lack of notifications to its constituents?.
16/2018	A Walker	Executive Member for Economic Development and Infrastructure	In view of the facts that the conclusions of ARUP's report of September 2016 and ARUP's Addendum of December 2016 are not consistent, and that ARUP has declared that its December Addendum does not seek to supersede the findings presented in its main September report, why does Councillor Young selectively quote from part of the Addendum rather than give an accurate summary of both ARUP Reports in order to justify his determination to spend £1.7m on a project about which ARUP has expressed such significant misgivings?
