

To whom it may concern,

As councillors of the ward we wish to place an objection against granting a licence for the convenience store on Saltersgill Avenue. Namely Carol's convenience store. These premises lost their licence very recently. The management has not changed other than a new name on the application. And we believe that the applicant is the partner of the disqualified licence. Also this is one of the most deprived areas of the town. And we already have a public house and a Sainsbury's very close by, both selling alcohol. Therefore we respectfully request you reject this application

Regards

Councillor Teresa Higgins and Councillor Charlie Rooney
