I am a Police Constable with Cleveland Police. I am currently stationed at MIDDLESBROUGH POLICE STATION (M8), BRIDGE STREET WEST, MIDDLESBROUGH attached to the District Licensing Unit (DLU).

My role as a Licensing Officer involves dealing with licensed premises which include on/off alcohol sales and late night refreshment venues. I carry out regular enforcement visits at all licensed premises. This is to ensure that premises are run correctly, the conditions of the licence are being adhered to and the licensing objectives are being promoted.

Marton Road Service Station is a licensed premises situated on a busy crossroads in Middlesbrough. It is licensed to sell alcohol off the premises during 06:00 hours to 00:00 hours Monday to Sunday, and the provision of late night refreshment from 23:00 hours to 05:00 hours Monday to Sunday. The current premises licence holder is Mr Mohan Palani Samy.

RESTRICTED (when complete)**CLEVELAND POLICE**Page No **2**Continuation of Statement of **Jayne Karen BRYAN**

Cleveland Police have received an application to vary the premises licence to allow the sale of alcohol 24 hours a day Monday to Sunday.

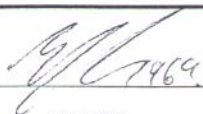

This application is of concern to Cleveland Police as the premise is situated on the edge of a densely populated housing estate, and is in close proximity to several recreational areas where anti social behaviour and alcohol related incidents are already an issue.

As outlined in the Middlesbrough Licensing Policy statement of Principles in relation to the Licensing Act 2003, Jan 2011 – Jan 2016; subsection 7 under the heading Prevention Of Nuisance; states "In predominantly residential areas the Licensing Authority will normally expect all licensable activities to cease at 11pm, with the premises to close no later than 11:30pm"

From 16/12/2013 – 16/06/2014 statistics show that there have been 35 incidents of anti social behaviour in the area bordered by and including The Grove, The Derby, Broadwell Road, the open area at James Cook University Hospital, Prissick Base and Stewarts Park, 10 of which are alcohol related. The key times for anti social behaviour in this area are between 15:00 hours – 22:59 hours.

A number of anti social behaviour incidents have occurred at licensed premises that are situated within the boundary as detailed above.

Continuation of Statement of **Jayne Karen BRYAN**

The 10 incidents of alcohol related anti social behaviour occur at various locations in the residential areas surrounding the premises. The peak times for these incidents are between 19:00 and 02:59 hours. I exhibit these incidents as JKB/1.

Although there have been 10 incidents of alcohol related anti social behaviour there have been 35 incidents of disorder, anti social behaviour and general nuisance. These incidents are not specified as being alcohol related however this is due to the way in which incidents are recorded based on the complainant's initial report. As a consequence I am unable to determine whether alcohol was the primary cause of each of these incidents. I exhibit these incidents as JKB/2.

Also included is a map of the boundary area as detailed above, this map shows the areas where the incidents occur. I exhibit the map as JKB/3.

Cleveland Police are concerned that the Prevention of Crime and Disorder and the Prevention of Public Nuisance objectives will be undermined as the premises is situated in an area that already suffers from alcohol related disorder, and underage drinking which is closely linked to anti social behaviour. In addition the premises is situated in a residential area and if granted will have a detrimental effect on the lives of nearby residents.
