

Licensing department

DATE 12 February 2017

Re: 125 Linthorpe rd Middlesbrough.

Dear Sir or Madam,

I am adding this photograph to the ward councillors licensing objection, re the above application.

We feel it is important to show this photo as we do not think that Mrs Kaur and her husband Mr Singh(the previous license holder) are fit and proper people to hold a license for this premise

Mr Singh had three temporary even notices in place for the months of June/July 2016. The date that this photo was taken Mr Singh didn't have a temporary events notice in place. As you can see all the high strength spirits in the front window of the shop. This was relayed to police licensing who then paid Mr Singh a visit, that very afternoon.

Mr Singh came to committee on 11th August 2016. He lost his case and the license was not granted. Surely if the license was granted, he wouldn't have been allowed to have high strength spirits or indeed any alcohol in the shop window?

Yours faithfully

Councillor Linda Lewis :
