Dear Sir/Madam,

I would like to put an objection in against the family shopper store/ former park end clinic on Overdale road, Park End, Middlesbrough. I wish to oppose them getting an alcohol license and alcohol and recorded music license.

I have enclosed petition with 155 signatures on it.

The reasons for opposing this license are: -

1. We have a lot of anti-social behaviour in this area, as the police can confirm. Such as gangs of youths smoking drugs and drinking alcohol.
2. There are two old age pensioners places of residence in very close proximity to the shop which are Brambles lodge and Hastings house. It seems unfair that they should have to put up with more excess noise then there already is.
3. We already have two shops in a close vicinity that sells alcohol. Why do we need another?
4. Residents opposite the shop/clinic are concerned about loud music if the license is granted.
5. If having events at this property it will most likely cause excess parking and traffic which will attract more unwanted attention.

Please can you take all these points into consideration when making a decision in this case.
Thank you very much.

Yours Sincerely

June Jamieson
