Hi Lindsay,

Yes of course, I will update to the new format and let you all have a timetable for progressing this to quotes.

Kind regards,
Dan.

Subject: FW: Child and YP WMS consultation v2
Importance: High

Hi Dan,

Can you please put this in the appropriate format – it's for an ITQ and will be jointly commissioned by MBC and RCBC but we will be the lead commissioner. Can you also draft some timescales, ideally, we'd like the insight work to start in September.

I'm not sure if the template has changed since the attached.

Can you please liaise with Laura Kemp and Scott Lloyd from R&C if you have any queries.

Thanks.
