

## **Summary of good and bad points of Budget Consultation 2010**

### **Good Points:**

Well presented, Pitched at appropriate level, presentation, explained in detail, concise & comprehensive, time to ask, good as can be, everything explained, handouts were helpful, detail was good, useful information, practical illustration of finances, questions, points raised, presenters knew knowledge Ok, chairing, opportunity to ask questions, concise & covered issues of interest, delivery, information, handouts, It was good, pie charts, very informative, level of detail good, clear even to non finance specialist Capital Projects.

### **Bad Points:**

Nothing, too long, not sticking to subject of meeting meeting, Not enough time, confusing words, used spin, background noise from other room, reduce no of slides, attendance, writing on slides to small, to much finance, facts & figures.
