## MIDDLESBROUGH COUNCIL

# **Overview and Scrutiny Board**

Capital Outturn and 4 <sup>th</sup> Quarter Review 2011/2012
Deputy Mayor & Executive Member for Resources
Director of Strategic Resources
24 July 2012
PURPOSE OF THE REPORT
To present to Overview and Scrutiny Board an update on the Council's capital programme (2008/2009 to 2012/2013) based on the 4th quarter review of capital expenditure.
SUMMARY OF RECOMMENDATIONS
Overview and Scrutiny Board are asked to:
Note the contents of the report.
IF THIS IS A KEY DECISION WHICH KEY DECISION TEST APPLIES?
It is over the financial threshold (£150,000)  It has a significant impact on 2 or more wards  Non Key  ✓

For the purposes of the scrutiny call in procedure this report is
Non-urgent  ✓ Urgent report
If urgent please give full reasons

1.

2.

3.

4.

#### **BACKGROUND AND EXTERNAL CONSULTATION**

5. In reviewing and monitoring the capital programme at quarter four the following issues are established for each capital project over the programme period and are summarised in this report.

Changes in net expenditure
Changes in gross expenditure
Changes in capital resources
Re-profiling of expenditure between financial years
Allocation of service block budgets

6. The current capital programme commenced in April 2008 and runs to 2012/2013 and has a gross programme of expenditure of £350.371 million. The capital programme is funded from a number of sources including; government grants, affordable borrowing, capital receipts, external funding and direct revenue funded contributions.

#### **CHANGES IN NET EXPENDITURE**

- 7. The change in overall net expenditure across all schemes since the last review is an increase of £2,999,000 in Council wide resources to support the programme (0.9% of the total programme). Appendix A.
- 8. This report reflects all of the changes in the programme to the end of the 2011/2012 financial year.
- 9. As part of the medium term financial plan, savings proposals for 2012/2013, £505,000 per annum was agreed from capitalising existing revenue expenditure. This is now included in the capital programme for the next 4 years.

	2012/2013	2013/2014	2014/2015	2015/2016	Total
	£000's	£000's	£000's	£000's	£000's
Highways Maintenance	275	275	275	275	1,110
Repairs & Maintenance	75	75	75	75	300
Replacement Bins	100	100	100	100	400
Street Furniture & Dog	55	55	55	55	220
Fouling Bins					
Total	505	505	505	505	2,020

#### Desktop Strategy

£1,529,000

10. As part of the IT programme ensuring the Councils IT infrastructure is fit for purpose going forward, investment in the Councils existing hardware is needed.

#### CHANGES IN GROSS EXPENDITURE AND RESOURCES

- 11. Changes in gross expenditure and resources can arise as a result of the cost of a scheme changing through either planned or unplanned additional project costs or cost reductions.
- 12. The change in gross expenditure since the last review is an **increase of £6,089,000**. Resources have increased by £3,090,000. A net difference of £2,999,000.
- 13. The changes in gross expenditure and resources since the last review are shown by service and individual schemes in **Appendix A**.

The other significant variations to the programme in addition to those detailed in paragraphs 9 and 10 are:

• BSF - D&B - Trinity

£182,000

14. Contribution received from School to meet costs outside of main contract

IT Refresh - VOIP

£176,000

15. Increased expenditure on the VOIP Telephony project incurred in 2012-13. This expenditure is to be funded by a contribution from Mouchel, this contribution comes from the ICT Investment Fund that forms part of the Contract Price.

• Tees Valley Bus Network Improvements

£1,080,000

16. The overall level of DfT grant for 2011/12 for the overall scheme, which incorporates the other Tees Valley Local Authorities, has increased. The £1,080,000 increase relates to the increase since quarter 3 in the Middlesbrough proportion of the grant only, of which £816,000 has been slipped into 2012/13. The allocation due to each authority can only be confirmed at year end when the final grant claim is made, due to the fact that this depends on each authority's expenditure on the scheme and their local/third party contributions towards the scheme. The DfT grant is allocated on a year to year basis and updates will be given in future reports.

#### • Depot Rationalisation

£471,000

17. Part of the agreed 2012/2013 medium term plan savings included rationalising depot provision across the Council and making vacated sites surplus. This has required investment in the Cargo Fleet depot site to make it fit for purpose.

#### Levick House Replacement

£182,000

18. £182,000 of unused Social Care Reform Grant has now been re-allocated to support the scheme. This is due to Tees Esk & Wear Valley NHS Trust (TEWV) withdrawing from the scheme.

#### RE-PROFILING OF EXPENDITURE BETWEEN FINANCIAL YEARS.

- 19. The profiling of expenditure over the programme period is important, as it needs to be realistic and achievable in terms of what can be delivered and matched with the timing of available capital resources.
- 20. Re-profiling of capital expenditure can arise if planned physical progress on a scheme or project can be delayed or completed ahead of schedule. In overall terms £10.093 million has been re-profiled from 2011/2012 to 2012/2013 and future years of which £0.562 million related to block budget provisions.
- 21. The gross impact of the movements of non-block budgets between financial years is summarised in the table below.

	2011/2012 £	2012/2013 £	Net £
Advances of Expenditure	+1,770,000	-1,770,000	0
Slippage of Expenditure	-9,531,000	+9,531,000	0
Total	-7,761,000	+7,761,000	0

- 22. The re-profiled gross expenditure and resources since the last review are shown by service and individual scheme in **Appendices B and C**.
- 23. The reasons for any material re-profiling into 2012/2013 and future years from 2011/2012 are:
  - Myplace YCC (former Custom House)

£255,000

24. There has been some delays in the work to enhance the area of land to the front of the centre. However this work is now complete and the building was handed over to the Council on the 26th February 2012 and is now operational.

#### • Linthorpe Primary - Main Hall Extension

£173,000

25. Project has was complete at the end of April 2012. Negotiations are taking place with the main contractor regarding outstanding/defect items and resolving the final account.

• BSF - ICT £213,000

Funding for the following BSF ICT projects is to be carried forward until the end of the BSF ICT contract in August 2015:

•	Central Costs	£15,000
•	Acklam Grange	£63,000
•	Prince Bishop	£11,000
•	Beverley	£13,000

•	Ashdale	£8,000
•	Priory Woods	£16,000
•	Ormesby	£42,000
•	Trinity	£45,000

#### • BSF - D&B - Block Budget

£212,000

26. Additional funding of £212,000, against the Oakfields and Trinity schemes, replaces the amounts earmarked previously for these schemes from contingencies. This funding has, therefore, been returned to the block budget and reprofiled into 2012/13.

• Equal Pay £495,000

27. The level of equal pay claims settled during 2012/2013 have been less than the original estimate. The provision will be carried forward.

#### • ICT Former Partnership Investment

£539,000

28. The provision created at quarter 3 as part of the proposal to make a saving in relation to the provision of IT through the Mouchel partnership will be carried forward for the project to be completed in 2012/2013.

#### LTP Congestion

£185,000

29. The slippage in this theme mainly relates to the installation of a new signage system near the University, due to additional locations being added to the scheme a new design had to be implemented causing a delay. The Work is now scheduled for June 2012.

#### Supported Capital Expenditure Funding

£176,000

30. This relates to the block budget carry forward that was unallocated to schemes in 2011/12. The majority of this relates to an unexpected increase in the grant paid to the Council from the DfT in February 2012, which due to the late notification could not be built into the programme of works for 2011/12.

#### Purchase of New Vehicles

£266,000

\$1. £189,000 of this slippage relates principally to 5 vehicles, which were ordered but not delivered before the end of 2011/12. The remaining £79,000 was not committed before the end of 2011/12 and is being carried forward to 2012/13 where it will be fully utilised, with Fleet Services having a full programme of vehicle purchases for 2012/13.

#### Stewart Park Heritage Lottery Fund Phase 2

£1,319,000

32. This project has slipped due to the contracted work taking longer than anticipated following several issues that arose during the contract period. These included finding uncharted asbestos delaying excavation work, problems with the water pressure issue. The remaining work includes roof coverings and light construction at the visitors centre.

#### North Middlesbrough Accessibility

£199,000

33. During 2011/2012 there has been ongoing discussions with Balfour Beatty regarding the final contractual work that is required on this scheme. The contractor has now agreed to complete the work for the contract price. Unfortunately this could not be fully completed in 2011/12.

#### • Tees Valley Bus Network Improvements

£816,000

34. The timing of the grant paid by the DfT in 2011/2012 was earlier than was expected under the agreed arrangements. As a result, DfT grant paid was higher than expenditure incurred in 2011/2012, leaving a balance of £816,000, which has been carried forward to fund future years scheme costs.

#### Highways Maintenance Road Repairs

£316,000

35. It was not possible to fully utilise the available funding in 2011/12 due to work on the Tees Valley Bus Network Improvement scheme taking priority for staff resources, as there was a need to maximise the DfT grant income. This has resulted in the slippage of the £316,000 into 2012/13.

#### Transporter Bridge Development – Phase 2

£120,000

36. Additional investigative and design work and as well as on-going bridge maintenance work has resulted in delays to the project programme. The impact of these delays has been built into the programme and the scheme is still expected to be complete within the timescales originally planned.

#### Housing Regeneration

£144,000

- 37. Acquisitions within the St Hilda's and Grove Hill areas were slower than anticipated when reporting at quarter 3, necessitating in the re-profiling of resources as below.
  - St Hilda's £76,000
  - Growth Point Grant £68,000

#### • Improvements To Linthorpe Road Central

£247,000

38. Significant civil works undertaken internally which were due to be completed prior to April 2012 were delayed. As a result of the delay it has been necessary to re-profile £247,000 of expenditure into 2012/13.

#### • DFG Resources £202,000

39. Regeneration received additional resources from CLG of £75,249 this was to be spent on the DFG scheme within Regeneration, which has meant that the net balance to be funded from the Social Care capital programme has reduced plus the level of demand from service users has continued to decrease.

£1,663,000

- 40. Construction on the project is now expected to finish 2nd July 2012. Delays due to variations to the schedule and changes that have been made as a result of TEWV now not being a partner in the capital project.
  - Training, Employment & Social Enterprise at Stewart Park

£209,000

41. The scheme has now been extended to March 2013. Delays occurred due to asbestos & contamination being found.

• Telecare £154,000

42. The service review has now concluded and will be fully implemented on July 1st 2012. Changes in the service and charging structure will encourage the take up of telecare for people assessed as requiring the service and we anticipate that the full balance of remaining capital will be spent in 2012- 13.

#### Common Assessment Framework (CAF)

£350,000

- 43. There have been delays in the implementation of the project due to a change in project management, which has moved substantial payments to the supplier Liquid logic through to the next quarter.
- 44. In overall terms £1.872 million gross has been re-profiled from 2012/2013 and future years to 2011/2012. The details by individual scheme are shown in **Appendix C**.

The reasons for any material re-profiling into 2012/2013 and future years from 2011/2012 are:

#### • BSF - Design & Build (D&B) Schemes

-£966,000

45. The information for the BSF D&B programme, provided at the 2011/2012 3rd quarter budget review report, was based on the cash-flow statement supplied at the time, by the contractor. The revised cash-flow statement shows that, although work/expenditure has been re-profiled by the contractor, to suit construction techniques, all schemes still expect to be delivered within the programme schedule.

<ul> <li>Oakfields (due to open September 2012)</li> </ul>	-£428,000
Trinity (opened September 2011)	-£307,000
Beverley & Prince Bishop (opened April & May 2011 resp.)	-£231,000

#### Housing Regeneration

-£763,000

46. The rate of property acquisition within Gresham was higher than anticipated during the final quarter of 2011/12; as such £763,000 of expenditure has been re-profiled into 2011/12 as listed below:

Gresham Phase 2A - £630,000
 Gresham Phase 1 - £89,000
 Gresham Exceptions - £44,000

#### **ALLOCATION OF EXISTING BLOCK BUDGETS**

47. The detailed allocation of block budgets held by service areas is shown scheme by scheme at **Appendix D**. In summary the allocation of those blocks is in the table below. These allocations are already included within the gross expenditure of the capital programme and have no impact on the net expenditure of the programme.

Service Area	Budget Block Heading	Outturn
		Allocation
		£000's
Ob Talles	Capital Improvements Block Budget	11
Children, Families &	Devolved Formula Capital (DFC) Block Budget	(36)
Learning	Supported Capital Expenditure Block Budget	(2)
Loaning	BSF - D&B Block Budget	212
	Urgent Works Block Budget	19
Corporate	BIP Block Budget	(23)
	IT Refresh Block Budget	(97)
Environment	Local Transport Plan	(46)

#### **EQUALITY IMPACT ASSESSMENT**

Not applicable

#### **OPTION APPRAISAL/RISK ASSESSMENT**

Not Applicable

#### FINANCIAL, LEGAL AND WARD IMPLICATIONS

48. In overall terms there is an increase in the need for Council wide resources to support the capital programme of £2,999,000.

Item	£000's
Under-programming at Quarter 3	(3,937)
Quarter 4 increase in net expenditure	2,999
Net change in available resources	(199)
Revised Under-programming at Quarter 4	(1,137)

- 49. Gross expenditure has increased from £344.283 million to £350.371 million and the level of under-programming at quarter 4 is currently estimated at £1,137 million (0.32%).
- 50. The overall programme position as at the quarter 4 review is shown at **Appendix E**.
- 51. **Legal Implications** Not applicable.

#### **RECOMMENDATIONS**

52. Overview and Scrutiny Board are asked to:

Note and consider the contents of report.

#### **REASONS**

53. To ensure that Middlesbrough Council reports on resource utilisation against approved capital budgets.

#### **BACKGROUND PAPERS**

The following background papers were used in the preparation of this report:
