

CHILDREN'S SCRUTINY PANEL

Date: Monday 27th July, 2026 Time: 4.30 pm Venue: Mandela Room, Town Hall

AGENDA

1. **Welcome, Fire Evacuation and Recording of Meetings**

In the event the fire alarm sounds for more than 10 seconds attendees will be advised to evacuate the building via the nearest fire exit and assemble at the Bottle of Notes opposite MIMA.

Members of the public have the right to film, record or photograph public meetings. If you intend to do so, please advise the Chair of this intention. You may be asked to stop filming, photographing or recording a meeting if the Chair feels that the activity is disrupting the meeting.

2. **Apologies for Absence**

To receive any apologies for absence.

3. **Declarations of Interest**

Members are asked to declare any interests in the items under consideration and in doing so state:

(1) the type of interest concerned:

- *Disclosable Pecuniary Interest (DPI) or*
- *Non-Pecuniary Interest (including personal or prejudicial interest)*

(2) the nature of the interest concerned.

If any member requires advice on declarations of interests, they are advised to contact the Monitoring Officer in advance of the meeting.

4. **Minutes - Children's Scrutiny Panel - 20 April 2026** 5 - 10

To receive the minutes of the previous meeting.

5. **Overview Presentation - Children's Services** 11 - 16

The Corporate Director of Children's Services will be in attendance to present an overview of the Children's Services Directorate.

6. **Setting the Scrutiny Work Programme 2026/2027** 17 - 26

The Scrutiny Panel is asked to consider its draft work programme for the 2026/27 Municipal Year and to select two scrutiny review topics for submission to the Overview and Scrutiny Board for approval.

7. **Chair's OSB Update**

Chair's OSB Update

8. **Any other urgent items which in the opinion of the Chair, may be considered.**

9. **Date and time of next meeting**

The next meeting of the Children's Scrutiny Panel will take place on Monday 21 September 2026 at 4.30pm in the Mandela Room of Middlesbrough Town Hall.

Charlotte Benjamin
Corporate Director of Legal and Corporate Services

CHILDREN'S SCRUTINY PANEL

A meeting of the Children's Scrutiny Panel was held on Monday 20 April 2026.

PRESENT: Councillors E Clynch (Chair), D Jackson (Vice-Chair), S Platt, S Tranter and Z Uddin

OFFICERS: K Allan, J Dixon and A Bates

APOLOGIES FOR ABSENCE: Councillors M Nugent and A Romaine

25/52 WELCOME AND FIRE EVACUATION PROCEDURE

The Chair welcomed those present and highlighted the Council's Fire Evacuation Procedure.

25/53 DECLARATIONS OF INTEREST

Name of Member	Type of Interest	Nature of Interest
Councillor E Clynch	Non-pecuniary	Employed within an education setting.
Councillor D Jackson	Non-pecuniary	School Governor
Councillor S Tranter	Non-pecuniary	Employed within an education setting.

25/54 MINUTES - CHILDREN'S SCRUTINY PANEL - 09 MARCH 2026

The minutes of the previous meeting of the Children's Scrutiny Panel held on 9 March 2026 were submitted and approved as a correct record, subject to the addition of Councillor Uddin to the attendance.

25/55 DRAFT FINAL REPORT - OUT OF AREA SPECIALIST PROVISION (TO FOLLOW)

The Panel was asked to consider the Draft Final Report on its review 'Out of Area Specialist Provision', a copy of which had been circulated to Members and contributors prior to the meeting.

The report set out the terms of reference and the subsequent evidence gathered by the Panel during the course of the review.

Following discussion, the Panel agreed that the following conclusions be included in its Final Report:-

SEND and Inclusion - Education

- A) The Panel acknowledges that out of area placements for children with SEND are sometimes necessary, for example, when there are gaps in local provision, the child's needs can only be met through specialist expertise/therapies that cannot be met from within Middlesbrough's resources or for consistency or parental preference. In such cases, the Panel is satisfied that there are sound processes and procedures in place with regard to the commissioning of external provision, together with strong quality assurance (QA) processes to ensure providers meet required standards, including regulatory oversight from Ofsted and the CQC, where appropriate.
- B) The Panel notes the significant variation in cost between local and independent provision which contributes to ongoing pressures on the High Needs Budget and the Council's financial resources, but recognises the positive efforts made to reduce the use of out of area provision which have been achieved by building strong, collaborative relationships with education and specialist providers to develop specialist expertise to increase capacity in Middlesbrough to better meet demand needs locally.

20 April 2026

- C) In addition, the Panel welcomes the news regarding secured funding to build a new secondary school in Middlesbrough for children with SEND which will continue to expand specialist provision for Middlesbrough children.
- D) The Panel notes that Middlesbrough has the lowest use of independent special schools within the Tees Valley (approximately 2.9%), compared to the national average of 4.64% demonstrating the impact of investment in local capacity and inclusive practice.
- E) The Panel received evidence of a well-developed and embedded workforce development approach, having regard to the SEND Code of Practice 2025. This is recognised as a key driver in reducing reliance on specialist and out of area placements. This approach is underpinned by a long-term strategic focus on workforce development across education, health and care services, supported by a structured training offer for internal staff, schools, settings and families.
- F) Workforce development in Middlesbrough includes:-
 - A comprehensive SENDCo development programme, with mentoring and networking opportunities, and has seen strong attendance across the local area.
 - Multi-agency training and collaboration across education, health and social care partners.
 - Annual conferences and knowledge-sharing events with local, regional and national expertise.
 - Development of accessible learning resources, including a SEND Learning Hub.
 - Strong focus on early intervention through a clearly defined local area graduated response.
- G) Areas of best practice within the SEND Workforce Development include the implementation of the Ordinarily Available Inclusive Provision (OAIP) and SEND Ranges framework, which provide clarity and consistency regarding the level of support expected across all settings. These frameworks, co-developed with practitioners and partners, ensure that needs are identified earlier and met more effectively within mainstream provision, thereby reducing escalation to specialist placements.
- H) In addition to a strong workforce development ethos, there is also a strong quality assurance (QA) process for SEND and Inclusion which drives the learning cycle within workforce development. The QA process includes learning from peer reviews, reviews of Education Health and Care Plans (EHCP), case audits and learning visits to providers with identified themes feeding directly into the workforce development strategies.
- I) As a result of the approaches being taken within the SEND and Inclusion Service, the Panel considers there is evidence of a measurable impact, including:
 - High rates of timely statutory assessments, with 98% of EHCP's completed within the 20-week statutory timescale, significantly above the national average.
 - A strengthened graduated response, evidenced by a reduction in referral rates.
 - Lower levels of suspensions and exclusions compared to national and regional averages.
 - Tribunal rates remaining below national averages.
 - A lower proportion of Middlesbrough children requiring independent specialist provision when compared with regional and national averages.
- J) The Panel is aware of the Government's recently published white paper "Every Child Achieving and Thriving", setting out proposals to reform the SEND system in England and the concurrent consultation on the SEND proposals "SEND reform: putting children and young people first", and acknowledges that this will inevitably influence the Council's approach to workforce development and the new SEND and Inclusion Strategy 2026-2030, currently under development.
- K) Overall, the Panel considers Middlesbrough Council's SEND and Inclusion model reflects best practice through its emphasis on early identification, inclusive provision, workforce capability and system-wide collaboration, all of which contribute to reducing reliance on external specialist provision.

Social Care

- L) As of January 2026, approximately 29% of Middlesbrough's children looked after were in external fostering placements and approximately 9% of children looked after were placed in external residential placements, highlighting the continued demand for external provision and the importance of effective placement management.
- M) The Panel recognises that some level of external social care provision will always be required but notes that the overall costs associated with external children's residential placements are significant. Whilst the external market is currently challenging, Officers have made significant efforts to build strong working relationships with providers and are actively negotiating and challenging costs and retainer fees to secure the best value for money.
- N) The Panel is encouraged by the work being undertaken in relation to 16+ supported accommodation and welcomes the shift from high numbers of 'spot placements' to an increase in the block occupancy rates which will deliver efficiencies. Similarly with 18+ support, the Panel welcomes the increase in expanding its local provision to provide a pathway for young people leaving care and moving to independence, whilst supporting the Children's Services sufficiency strategy.
- O) The Panel identified several best practice measures in Middlesbrough in relation to out of area social care placements for those with complex needs, which include:
- Use of regional commissioning frameworks (such as NEPO603, with approximately 85% of fostering placements secured through framework arrangements), supporting consistency and cost control.
 - Block contract arrangements for residential provision, delivering 12 beds with high occupancy rates (94% - 99%) and achieving cost avoidance of approximately £792,000 compared to spot purchasing.
 - Active placement monitoring and review, including negotiations with providers to reduce costs and support step-down arrangements.
 - Ongoing sufficiency planning to increase local provision and reduce reliance on external placements.
- P) Evidence presented to the Panel demonstrates that proactive placement management has resulted in improved outcomes for children and significant cost avoidance. Case study evidence highlighted successful transitions from high-cost placements (in excess of £7,000 per week) to more appropriate fostering or supported accommodation placements, delivering substantial financial savings and improved stability for children and young people.
- Q) Approximately half of external residential placements are located within the Teesside area, indicating efforts to place children closer to home where possible, although overall in-area placement levels remain below comparator averages.

Areas for Further Development

- R) Whilst strong practice is evident, particularly within SEND and Inclusion, the Panel notes that workforce development in children's social care is less developed in comparison. There is an opportunity to build on the successful SEND model by introducing a more structured and consistent workforce development approach across Children's Social Care.
- S) The recruitment, retention and training of foster carers was also identified as a key area for further development. Increasing the availability of in-house foster carers, alongside enhanced training and support - developed to meet identified gaps in provision - would strengthen local sufficiency, reduce reliance on independent fostering agencies and support more children to remain within, or closer to, their local community.
- T) In addition, continued investment in local provision including residential and supported accommodation, and strengthened regional collaboration, working towards a Regional Care

20 April 2026

Co-operative to manage regional sufficiency, will be essential to further reduce reliance on out of area placements and to meet the Council's sufficiency duty.

- U) Overall, the Panel concludes that Middlesbrough Council is delivering effective and improving outcomes in SEND and Inclusion, underpinned by a clear strategic approach to reducing reliance on out of area education placements. Notwithstanding this progress, Children's Social Care continues to face structural challenges, particularly in relation to local sufficiency and cost pressures, which will require coordinated strategic action and continued investment.

During the course of discussion, the following issues were raised: -

- The Panel noted that the report referred to improvements in relation to external residential children's homes placements and clarification was sought on how such improvements were measured. In response, the Corporate Director explained that the Council's priority was to keep children as close to home as possible, whilst recognising that some exceptional placements were required. It was outlined that progress was monitored through a range of measures, including data on placement proximity, which had been shared at the previous meeting, time spent in placement, and the ability to secure appropriate long-term solutions within a timely manner. It was acknowledged that although cost and distance were useful indicators, they did not provide the complete picture. It was suggested that a recommendation be included for Members to receive regular performance information in order to monitor progress and provide ongoing oversight of improvements.
- The Panel considered the increase in the number of children with an Education, Health and Care Plan, as referenced within the report. It was suggested that one factor may be improved assessment processes and increased awareness and understanding of SEND, which could be contributing to higher identification rates. Members noted concerns around potential disparities, including that children from more privileged backgrounds may be assessed more quickly. The Panel was advised that, although Middlesbrough benefitted from a strong educational psychology assessment service, there was no single, definitive explanation for the increase and that this remained a national challenge. In response to a query regarding the impact of the COVID-19 pandemic, it was acknowledged that there was evidence to suggest it may have contributed to the increase, however, it was not possible to be fully certain, and trends may fluctuate over time.
- A Member noted the range of reasons for the use of out of area provision, including parental preference, and queried whether cost factors were taken into account. In response, it was explained that parents had a legal right to express a preference for a particular provision and that such requests were considered in accordance with statutory requirements. Members were advised that cost was taken into account alongside the individual needs and best interests of the child, with other relevant factors and considerations also being assessed as part of the decision-making process.
- Members discussed workforce development within Children's Social Care and noted that further work was required in this area.
- Reference was also made to block contract arrangements, with Members noting that the level of block-contracted provision was positive. In response, it was explained that this reflected effective work by the Commissioning Team in identifying placements that were both appropriate and met children's needs.
- In relation to quality assurance arrangements, Members sought clarification on how often children were visited by the local authority. It was explained that the frequency of visits depended on the individual child and the setting, and that where children had care plans, visit frequency by social workers would be increased as required. Members were advised that a multi-agency approach was adopted, with regular visits taking place and being appropriately recorded. It was noted that, on average, visits took place approximately once every fortnight, although this varied depending on the child's circumstances and who was providing day-to-day care. The role of the Virtual School was also highlighted, including its responsibility for hosting virtual Personal Education Plan meetings, with oversight managed by service managers to ensure arrangements remained proportionate to need.

20 April 2026

- Members also raised questions regarding the development of Regional Care Co-operatives and how the current pilot arrangements were operating, together with how the model may apply in Middlesbrough. The Panel was advised that work continued regionally in relation to foster care arrangements. It was reported that the North East region was submitting an application for the next wave of the programme, with a deadline of late May or early June, and that a decision was expected within the following few months. It was further noted that fostering services had been increasingly regionalised and that a meeting was scheduled with Minister Josh MacAlister to clarify expectations at a national level.

The Panel formulated recommendations to be included in its Final Report based on the evidence provided throughout the review, and its conclusions, as follows:-

- A) That the Panel be provided with regular updates (every three to six months) on Children's Residential Placements using key performance indicators to benchmark and monitor improvements in reducing the use of out of area provision – including distance of placement from home, length of time in placement, cost of placement and the long term solution plans together with targets to achieve this.
- B) That the revised SEND and Inclusion Strategy 2026-2030, which should align with the Government's SEND reforms, be presented to a future meeting of the Children's Scrutiny Panel, within the 2026/27 Municipal Year, setting out how this will impact on Middlesbrough.
- C) That Children's Services introduces a structured Workforce Development Programme across Children's Social Care Teams, aligned to the SEND and inclusion model, and that this be presented to a future meeting of the Children's Scrutiny Panel within the 2026/27 Municipal Year.
- D) That the Panel be provided with an update, within the next six months, on the Regional Care Co-operative pilots, setting out how this will shape Middlesbrough's transitional arrangements to a Regional Care Co-operative.
- E) That, in the shorter term, Children's Services continue to develop a regionalised approach, working with relevant partners in the region, to attract new foster carers and enhance training opportunities for new and current carers to improve local sufficiency, and that the Children's Scrutiny Panel be provided with an update on activity within the next six months.

AGREED as follows:-

1. That the proposed conclusions, as set out above, be included in the Final Report.
2. That the proposed recommendations, as set out above, be included in the Final Report.
3. That the Final Report be submitted to the next available meeting of the Overview and Scrutiny Board for consideration.

As it was the Panel's final meeting of the Municipal Year, the Chair wished to thank all Panel Members for their participation and contribution throughout the year and to thank all officers and attendees who had contributed to the Panel's work.

25/56

CORPORATE DIRECTOR'S UPDATE

The Corporate Director provided an update on a number of national and local developments.

Members were informed of forthcoming national reforms, including proposed changes to policy arising from the SEND reforms and associated White Paper. It was noted that a local plan was required to be submitted to the Department for Education by 19 June, and that engagement with families and professionals had been a key element in its development to ensure their feedback was reflected. The Panel was advised that confirmation on whether the plan had been accepted was expected by September, and that Department for Education funding would not be released until the plan had been approved.

In relation to social care reform, it was reported that a review of the Children's Social Care teams was underway, including consideration of a Family First model, with close collaboration taking place with regional colleagues and a continued focus on strengthening multi-agency working.

20 April 2026

An update was also provided on the Children's Social Care Improvement Plan, which had been developed in response to a recent focussed visit by Ofsted. Members were advised that changes to the Ofsted inspection framework were consistent with expectations and included increased scrutiny of unregistered placements, which were noted to be a rare occurrence locally. The Corporate Director also highlighted increased assurance arrangements around safeguarding, with strengthened plans now in place.

In response to a question regarding concerns about unregistered settings, it was explained that there had been a small number of investigations nationally involving local authorities placing children in unregistered homes. Members were advised that such settings were unregulated and not registered with Ofsted, which raised safeguarding concerns, including issues relating to appropriate checks such as Disclosure and Barring Service (DBS) requirements.

In response to a question regarding whether Ofsted considered scrutiny activity, it was advised that Ofsted did have regard to scrutiny proceedings where they were relevant to an identified area of interest. It was noted that the Lead Member would be kept informed as appropriate.

AGREED that the information provided be noted.

25/57

OVERVIEW AND SCRUTINY BOARD UPDATE

The Chair provided a verbal update in relation to the business conducted at the Overview and Scrutiny Board meetings held on 18 March and 15 April 2026, namely:

18 March

- Executive Forward Work programme (requested update on Neighbourhoods Model)
- Scrutiny Panels' Chairs' Updates
- Final Report of Place Scrutiny Panel – Barriers to Regeneration
- Final Report of Adult Social Care & Health Scrutiny Panel – Healthy Placemaking
- Forward Plan Actions Progress – updates on Pest control and Bereavement Services.
- Executive Member Update – Executive Member for Environment & Sustainability (Councillor Gavigan)

15 April

- Scrutiny Panels' Chairs' Updates
- Executive Forward Work Programme
- Forward Plans Actions Progress
- Final Report of Overview & Scrutiny Board – Council's approach to poverty
- Draft Terms of Reference – OSB short review – What role do faith & belief groups play in civic life in Middlesbrough?
- Continuous Improvement Plan – progress update
- Executive Member update – The Mayor
- Executive Member update – Executive Member for Neighbourhoods (Councillor Blades)

NOTED

25/58

ANY OTHER URGENT ITEMS WHICH IN THE OPINION OF THE CHAIR, MAY BE CONSIDERED.

There were no other urgent items to consider.

**Acting Service Director,
Education & Partnerships**
Caroline Cannon

- Education Access
- Virtual School
- Education Outcomes
- SEND & Inclusion
- Early Help

**Service Director, Quality
Assurance & Practice**
**Mandy Davis (started 1 June
2026)**

- Quality Assurance
- Principal Social Worker
- LADO (local authority
designated officer)
- Local Safeguarding
Children's Partnership

**Service Director,
Safeguarding & Partnerships**
**Chris Rooney (started 22
June 2026)**

- Front Door
- Safeguarding
- Child Protection
- Children in Care
- Care Leavers

Priorities 2026/2027

- Implementation of Local Area Reform Plan
- Delivery of Families First Partnership (children's social care reforms)
- Children's Services Improvement Plan (to be updated in response to Ofsted ILACS June 2026)
- South Tees Youth Justice Plan
- South Tees Safeguarding Children's Partnership Plan

Current Projects

- Regionalisation of fostering, in response to February 2026 policy announcement
- Youth safety and adolescent safeguarding
- Unregistered placements
- Participation strategy
- Workforce strategy

Challenges

- Sufficiency of placements
- National and regional shortages of staff in key roles
- Leadership capacity to deliver improvement priorities
- Volume of public sector reform

Questions?

MIDDLESBROUGH COUNCIL	
------------------------------	--

Report of:	Democratic Services Officer
Relevant Executive Member:	N/A
Submitted to:	Children's Scrutiny Panel
Date:	27 July 2026
Title:	Setting the Work Programme 2026-2027, for the Children's Scrutiny Panel
Report for:	Decision
Status:	Public
Council Plan priority:	A healthy place
Key decision:	No
Why:	Not applicable
Subject to call in?	No
Why:	Not applicable

Proposed decision(s)
That the Children's Scrutiny Panel: • NOTES the draft work programme for the 2026–2027 municipal year, as set out at Appendix 1. • SELECTS two Scrutiny Investigation Topics for inclusion in the work programme, taking into consideration the suggested topics at Appendix 2, Member proposals, and the information presented during the overview presentations at the meeting; and, • AGREES any additional overview presentations (internal or external) to be incorporated into the work programme.

Executive summary
The Children's Scrutiny Panel is asked to consider its work programme for the 2026/2027 municipal year.

At the meeting, Members will receive an overview presentation from the Corporate Director of Children's Services. The presentation is intended to provide context on key priorities, challenges, and emerging issues to help inform the Panel's work.

A draft work programme is provided at Appendix 1, alongside a list of suggested scrutiny topics identified through consultation at Appendix 2.

Members are asked to:

- Select two Scrutiny Investigation Topics, taking into account the suggested topics and the information presented at the meeting;
- Note the proposed work programme and scheduled updates; and
- Identify any additional overview presentations they wish to include.

An effective work programme ensures that scrutiny activity is focused, proportionate, and aligned to areas where it can have the greatest impact on outcomes for residents and delivery of the Council Plan.

The Panel is asked to select two scrutiny investigation topics and note the standard agenda items for updates throughout the Municipal Year.

The Scrutiny Panel is asked to ensure that topics agreed for inclusion:

- Affect a group of people living within the Middlesbrough area
- Relate to a service, event, or issue in which the Council has an influence
- Are not issues which the Overview and Scrutiny Board or Scrutiny Panels have considered during the last 12 months
- Do not relate to an individual service complaint
- Do not replicate matters dealt with by another Council Committee unless the issue deals with procedure.

1. Purpose of this report and its contribution to the achievement of the Council Plan ambitions.

- 1.1 Managing an effective work programme is essential to the success of scrutiny panels, ensuring activity is focused on the Council's ambitions and maximises impact on performance and outcomes.
- 1.2 Scrutiny provides an open and transparent mechanism for Members to review, challenge, and influence decisions, policies, and performance.
- 1.3 Scrutiny investigations are carried out over a series of meetings, drawing on evidence to examine current practice and produce recommendations.
- 1.4 This report supports the Panel in establishing its work programme for 2026–2027, including selecting investigation topics, considering the draft programme, and identifying any additional overview requirements.

Our ambitions	Aims
A successful and ambitious town	• We will grow businesses and employment opportunities within the town. • We will close attainment gaps and work with education providers to increase the number of students who achieve their expected grades Ensure housing supply meets local demand. • We will ensure housing supply meets local demand. • sustainable accommodation. • Transport connectivity will improve
A healthy place	• People will live healthier lives for longer, and health inequalities will be reduced • The look and feel of the physical space in Middlesbrough will improve promote inclusivity for all. • We will be closer to our communities and involve them in decision making. • We will reduce and alleviate the impact of poverty to improve lives and life chances for people in Middlesbrough
Safe and resilient communities	• All adults will be supported through strength-based practice to live the lives they choose • We will support digital inclusion • We will continue to work with voluntary and community groups and individuals to improve the resilience of our communities. • Residents will feel safer
Delivering best value	• We will be a well-run Council that provides Value for Money Services. • We will set a balanced budget and medium-term financial plan.

2. Recommendations

2.1 That the Children's Scrutiny Panel:

- Note the draft work programme for 2026–2027, including standard updates and presentations;
- Select two Scrutiny Investigation Topics, informed by consultation, Member suggestions, and overview presentations; and
- Identify any additional overview presentations to be incorporated into the work programme.
- The final work programme will be submitted to Overview and Scrutiny Board for approval.

3 Rationale for the recommended decision(s)

3.1 Scrutiny panels play a key role in supporting community leadership and improving outcomes for residents through reviewing services, influencing policy, and holding decision-makers to account.

- 3.2 Agreeing a focused and deliverable work programme ensures that the Panel's activity is prioritised and aligned to areas of greatest impact.

4. Background and relevant information

- 4.1 Topics considered during 2025–2026 are set out below for Members' information

Scrutiny Investigation Topics	
Achieved:	Ongoing:
Out of Area Specialist Provision	

Updates / Presentations
South Tees Safeguarding Children Partnership Annual Report – 2025/26
Corporate Director's Update (standing item on any issues pertinent to the Panel)
Update on outstanding items from previous review – Children Missing Education
Update on previous review - Out of Area Specialist Provision
Ofsted Update

- 4.2 At the start of each municipal year, Scrutiny Panels are required to establish a work programme for the forthcoming year. This includes selecting topics for in-depth scrutiny investigations and noting standing updates and presentations that will be scheduled throughout the year.
- 4.3 As part of the process for developing the Panel's work programme, Democratic Services has undertaken a consultation exercise between 4 March 2026 and 8 May 2026. A number of scrutiny topic suggestions were received from Councillors, residents, officers, and other stakeholders. These are set out at **Appendix 2**. Members are advised that this list is not exhaustive and that additional topics may be proposed at the meeting.
- 4.4 In addition, at this meeting Members will receive an overview presentation from the Corporate Director of Children's Services. This presentation is intended to provide Members with an overview of key priorities, challenges, and areas of activity to help inform the selection of Scrutiny Investigation Topics and identify any areas where further overview presentations may be beneficial.
- 4.5 When considering topics for inclusion within the work programme, Members are asked to consider the following criteria to ensure that scrutiny activity is focused on areas where it can add value and have the greatest impact:
- Does the issue affect a large proportion of the Middlesbrough population or a specific area of concern?
 - Is the issue strategic and significant?
 - Will the scrutiny activity add value to the Council's overall performance?
 - Is it likely to lead to effective and achievable outcomes?
 - Does it avoid duplication of work undertaken elsewhere?
 - Is it of concern to partners and stakeholders?
 - Is it an issue of community concern?
 - Are there adequate resources available to deliver the scrutiny activity effectively?

- Is the timing of the scrutiny activity appropriate?

4.6 A draft work programme for the 2026/2027 municipal year has been developed and is provided at **Appendix 1** for Members' consideration. The draft programme outlines the proposed meeting schedule, including standing updates, key reports, and indicative timing for scrutiny investigations. This is a working document which can be updated throughout the year. This has been informed by previous work, statutory requirements, and service priorities.

4.7 Members are asked to consider the draft work programme alongside the suggested scrutiny topics at **Appendix 2**, the information provided through the overview presentation, and any additional areas where further overview sessions may be required, in order to agree a finalised work programme.

5. Ward Member Engagement if relevant and appropriate

Ward Members were invited to submit topic suggestions as part of the consultation.

6. Other potential alternative(s) and why these have not been recommended

No other alternatives are put forward as part of the report.

7. Impact(s) of the recommended decision(s)

Topic	Impact
Financial (including procurement and Social Value)	Details of Financial impact (if any) will be dependent on recommendations made as part of a chosen review.
Legal	Details of Legal impact (if any) will be dependent on recommendations made as part of a chosen review.
Risk	Details of Risk impact (if any) will be dependent on recommendations made as part of a chosen review.
Human Rights, Public Sector Equality Duty and Community Cohesion	Details of Human Rights, Public Sector Equality Duty and Community Cohesion impact (if any) will be dependent on recommendations made as part of a chosen review.
Reducing Poverty	Details of Reducing Poverty impact (if any) will be dependent on recommendations made as part of a chosen review.
Climate Change / Environmental	Details of Climate Change / Environmental impact (if any) will be dependent on recommendations made as part of a chosen review.
Children and Young People Cared for by the Authority and Care Leavers	Details of Children and Young People Cared for by the Authority and Care Leavers impact (if any) will be dependent on recommendations made as part of a chosen review.
Data Protection	Details of Data Protection impact (if any) will be dependent on recommendations made as part of a chosen review.

Actions to be taken to implement the recommended decision(s)

Action	Responsible Officer	Deadline
Approved recommendations to be submitted to Overview and Scrutiny Board	Democratic Services Officer

NB: The Corporate Director of Children's Services will provide the Panel with updates on issues pertinent to the Panel as and when appropriate.

Children's Scrutiny Panel

Ref	Suggested Scrutiny Investigation Topic	Source	Council Plan 2026-29, Ambition and Aim
1	Out of School Activities How they are run	Councillor	A Healthy Place - The impact of school holiday hunger and inactivity will reduce
2.	Examine how the council works with academies to achieve our shared goals (attendance, behaviour, SEN, etc)	Councillor	A Successful & Ambitious Town - Attainment levels for children in the town will increase. Not only that, attainment levels for children that have had poorer education outcomes in recent years will improve. We will make sure children get this help. There will be a reduction in the number of children from disadvantaged backgrounds who are excluded from schools.
3.	Mental health and support for young people in our care and schools	Councillor	A Healthy Place - Health outcomes for those with multiple vulnerabilities will improve.
4.	What work are schools doing to tackle child poverty and how are we sharing best practice.	Councillor	A Healthy Place - The impact of school holiday hunger and inactivity will reduce. More children from low-income families will benefit from our 10 x 10 programme, which offers positive life-changing experiences. People will be able to access essential items when they are in financial crisis.
5.	Review of Children's Services Improvement Plan	Member of Public	
6.	Ofsted – Inspection of Children's Services – outcome	Councillor
