

## TEES VALLEY JOINT HEALTH SCRUTINY COMMITTEE

**Date:** Friday 24th September, 2021  
**Time:** 10.30 am  
**Venue:** Virtual meeting

**Please note this is a virtual meeting.**

**The meeting will be livestreamed via  
the Council's YouTube channel at  
[Middlesbrough Council - YouTube](#)**

### AGENDA

1. Appointment of Chair
2. Appointment of Vice Chair
3. Apologies for Absence
4. Declarations of Interest
5. Minutes - Tees Valley Joint Health Scrutiny Committee - 22 June 2021 3 - 6
6. CNTW / TEWV Updates 7 - 32
7. Local NHS / Public Health response to Covid-19 33 - 50

The Chief Officer at Tees Valley Clinical Commissioning Group (TV CCG) and Director of Public Health for South Tees will be in attendance to provide an update in respect of the local NHS / Public Health response to COVID-19.

8. Any urgent items which in the opinion of the Chair can be

considered

9. Date & Time of next meeting - Friday, 10 December 2021 at 10.30am

Charlotte Benjamin  
Director of Legal and Governance Services

Town Hall  
Middlesbrough  
Date Not Specified

#### MEMBERSHIP

Councillors , , D Coupe, D Davison, A Hellaoui, I Bell, Bartch, Layton, S Smith, B Clarke, D Rees, Cook, Richardson, Loynes, E Cunningham, C Gamble and L Hall

#### **Assistance in accessing information**

## TEES VALLEY JOINT HEALTH SCRUTINY COMMITTEE

A meeting of the Tees Valley Joint Health Scrutiny Committee was held on Tuesday 22 June 2021.

**PRESENT:** Councillors Hellaoui (Chair – Pro-Tem), Councillor Layton (Vice-Chair Pro-Tem), D Rees, E Cunningham and D Davison

**PRESENT BY INVITATION:** Councillor D Coupe

**ALSO IN ATTENDANCE:** D Gardner (Director of Operations) (TEWV), A Lowery (Director of Quality Governance) (TEWV), C Lanigan (TEWV) and S Salvin (Head of Nursing Teesside) (TEWV)

**OFFICERS:** Scott Bonner, Caroline Breheny, Joanne McNally, Hannah Fay, Joan Stevens and Gary Woods

**APOLOGIES FOR ABSENCE:** I Bell, Cook, B Clarke and S Smith

1 **APPOINTMENT OF THE CHAIR**

**AGREED** that Councillor Alma Hellaoui be elected as Chair Pro-Tem.

2 **APPOINTMENT OF VICE CHAIR**

**AGREED** that Councillor Layton be elected as Vice Chair Pro-Tem.

3 **DECLARATIONS OF INTEREST**

There were no declarations of interest received at this point in the meeting.

4 **MINUTES OF THE MEETING HELD ON 19 MARCH 2021**

The minutes of the Tees Valley Joint Health Scrutiny Committee meeting held on 19 March 2021 were submitted and approved as a correct record.

5 **PROTOCOL FOR THE TEES VALLEY JOINT HEALTH SCRUTINY COMMITTEE**

The Democratic Services Officer presented a report confirming the Tees Valley Joint Health Scrutiny Committee protocol and advised that a further amendment was required following the amalgamation of the three individual CCG's within the Tees Valley into a single Tees Valley Clinical Commissioning Group (CCG). The protocol would be amended and updated as advised.

**NOTED**

6 **TEES, ESK AND WEAR VALLEYS NHS FOUNDATION TRUST - QUALITY ACCOUNT 2020/2021**

Representatives from Tees, Esk and Wear Valley NHS Foundation Trust (TEWV) presented the Quality Account 2020-21 which provided an update on performance against their quarterly priorities for 2020-21, and sought to engage with the Committee in respect of their emerging priorities for 2021- 22.

The Committee welcomed the opportunity to consider and comment on the quality of services at the Trust and the key features of the 2020-21 Quality Account. The Committee had met previously with the Trust representatives to consider the Trust's quality priorities and overall performance.

- The committee was concerned at the high number of incidents of physical

intervention / restraints, as Tees had the highest number of incidents per 1000 occupied bed days (OBD's) with 43.64 against the Trust target of 19.25. Previously the committee was advised that the high rates of restraints in Teesside were as a result of the eating disorder service being provided in the area and the use of nasogastric feeding. However, the service is no longer delivered on Teesside and the rates remain high.

- The committee was advised that Learning Disability services still have high levels of physical intervention / restraints although a number of initiatives were in place to address this issue. These include the introduction of Positive Behaviour Support (PBS) Leads and investment in staff training and qualifications.
- The committee was very keen to see significant change in this area and looks forward to seeing the RAG rating for this metric change from red to amber and then green.
- The committee was also concerned that staff were not always giving dignity and respect to patients. The end of 2020/21 position was 84.59% against the Trust target of 94.00%. All localities underperformed in 2020/21, although Teesside were closest to the target with 88.62%. The committee acknowledged that progress had been made but was keen to see further improvement in this area.
- It was acknowledged that the launch of the 'Big Conversation' and the Trust's 'Journey to Change' highlighted TEWV's commitment to improving the patient experience and was a very welcome and positive development. Through this work TEWV had purposefully engaged with patients, carers, staff and partners and sharpened its attention and focus on areas for improvement. The committee was also pleased to see the inclusion of 'Compassionate Care' as a quality account priority for 2020/21 and looked forward to seeing improvements in respect of this metric.

The Quality Account Priorities for 2020-21 were identified as below. Two of the three were continuing priorities from the previous year.

- Making Care Plans more Personal
- Safe Care
- Compassionate Care (new for 2020-21)

The priorities were supported by the Committee. Members welcomed the updates on progress made to date and made the following observations and comments:

Progress:-

- The Trust's open and honest response to concerns raised by the CQC was appreciated. The Trust had listened and taken on board people's views in response to the CQC's findings.
- The notion of the 'Big Conversation', its extensiveness and involvement of a wide variety of stakeholders was very much welcomed and viewed as a key initiative.
- The need to embed and extend the provision of 'Compassionate Care' at every level and across the system was acknowledged.
- The Oxhealth Digital Care Assistant initiative undertaken to help prevent people in in-patient settings trying to commit suicide had been a very

positive step.

- The introduction of the IT system Dialog offered reassurance around the future delivery of personalised care planning.
- The 'Journey to Change' would take time and it would not happen overnight but the notion of the journey and the areas identified for improvement were fully supported.
- The simplicity of the priorities for 2021/22 were acknowledged. The priorities were easy to remember and understand.

Concerns:-

- The huge geographical footprint covered by TEWV and the differences in the socio-economic make-up of the areas served.
- Recruitment and retention of staff at TEWV remained an issue and was impacted upon by both the national and regional shortages of mental health professionals. There were also concerns in respect of the availability of local training provision.
- The CQC had raised concerns about care planning and risk management practices and it remained an area for improvement for TEWV.
- The huge challenges presented by the COVID-19 pandemic and how these would be met in addition to those already faced by the Trust remained a concern.
- The potential for there to be a huge increase in demand for children's mental health service provision would also pose a real challenge in 2021/22.
- The trauma and bereavement which people had experienced as a result of COVID-19 had generated a need for additional proactive work and increased investment in this area.

On a more general point the Committee felt there would be benefit in producing an easy read version of the Quality Account document, as this would allow it to be shared more widely and easily. The Committee thanked the Trust for its continued and pro-active engagement with the Committee and looked forward to continuing to receive updates on progress against the priorities during the year ahead.

**AGREED** that the Tees, Esk and Wear Valley NHS Foundation Trust Quality Account 2020-21 be noted and the Committee's comments submitted as part of TEWV's consultation on the Quality Account.

7

**ANY URGENT ITEMS WHICH IN THE OPINION OF THE CHAIR CAN BE CONSIDERED**

None

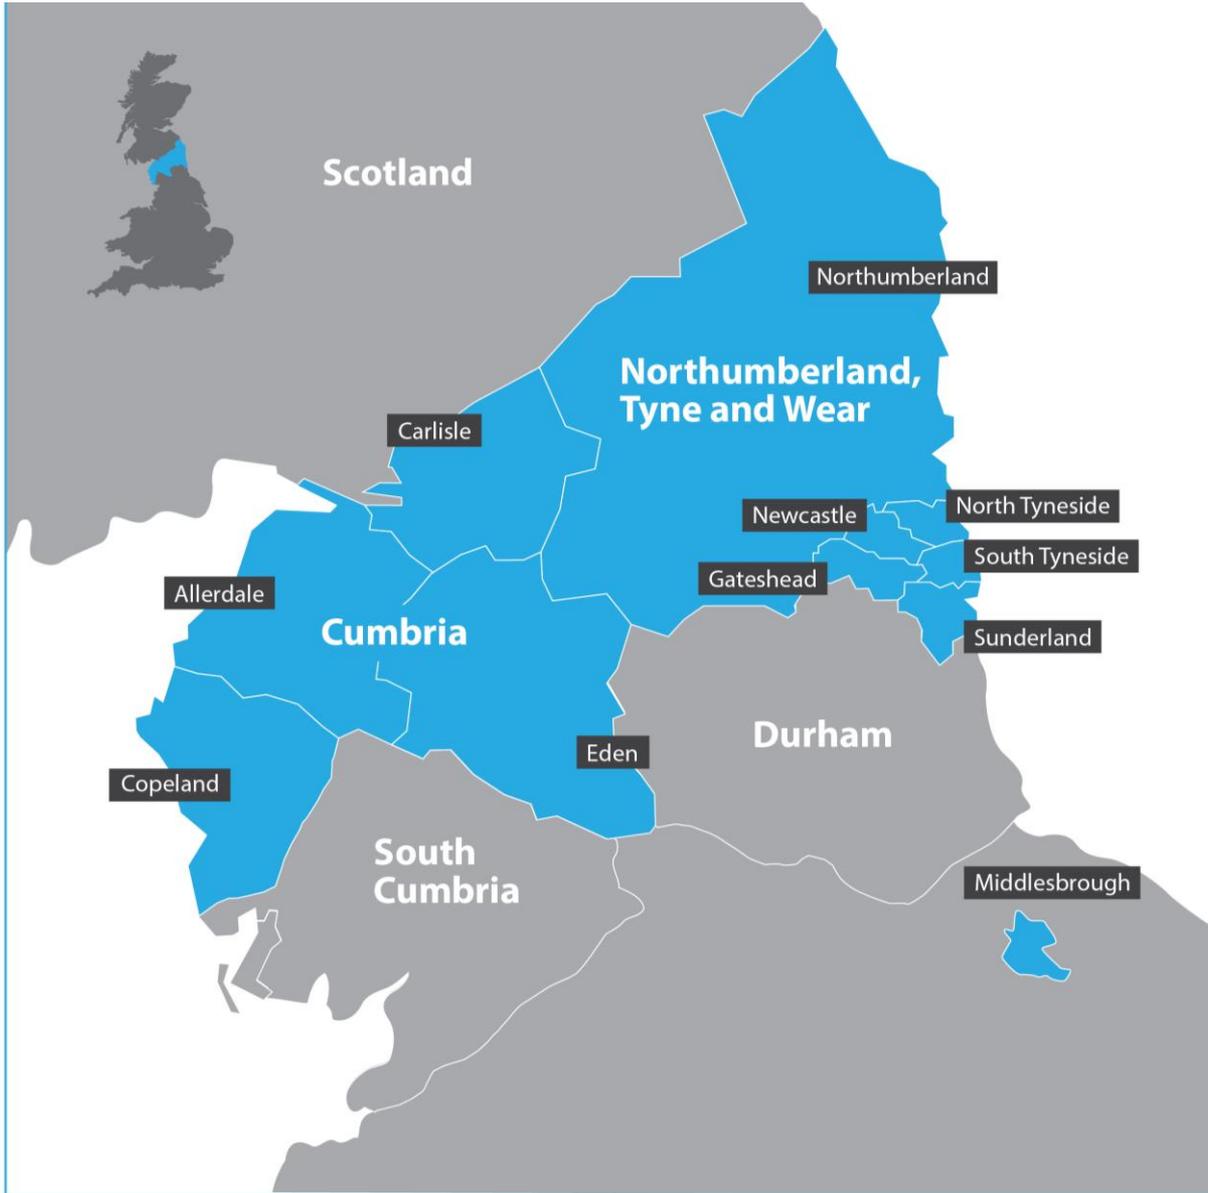

This page is intentionally left blank

# LOTUS ACKLAM ROAD HOSPITAL

David Muir Group Director  
Jill Stewart Associate Director

# Background

- CAMHS services at West Lane Hospital was closed in 2019 following CQC regulatory action
- Formal request from NHS England/NHS Improvement (NHSE/I) to establish a CAMHS inpatient service in Teesside
- Following Board approvals CNTW agreed to provide a 10 bedded General Adolescent Inpatient Unit for young people aged 13-18 years
- 'Lotus' has been selected as the name of the ward (a symbol of regeneration) following research and engagement with young people residing within Ferndene and Alnwood Wards
- Lotus Ward will be managed by the Trusts' Specialist CAMHS Clinical Business Unit within the North Cumbria Locality Care Group
- Lotus opened on 5 April 2021 following NHSE/I approval and CQC registration
- Patient occupancy commenced 10<sup>th</sup> May 2021

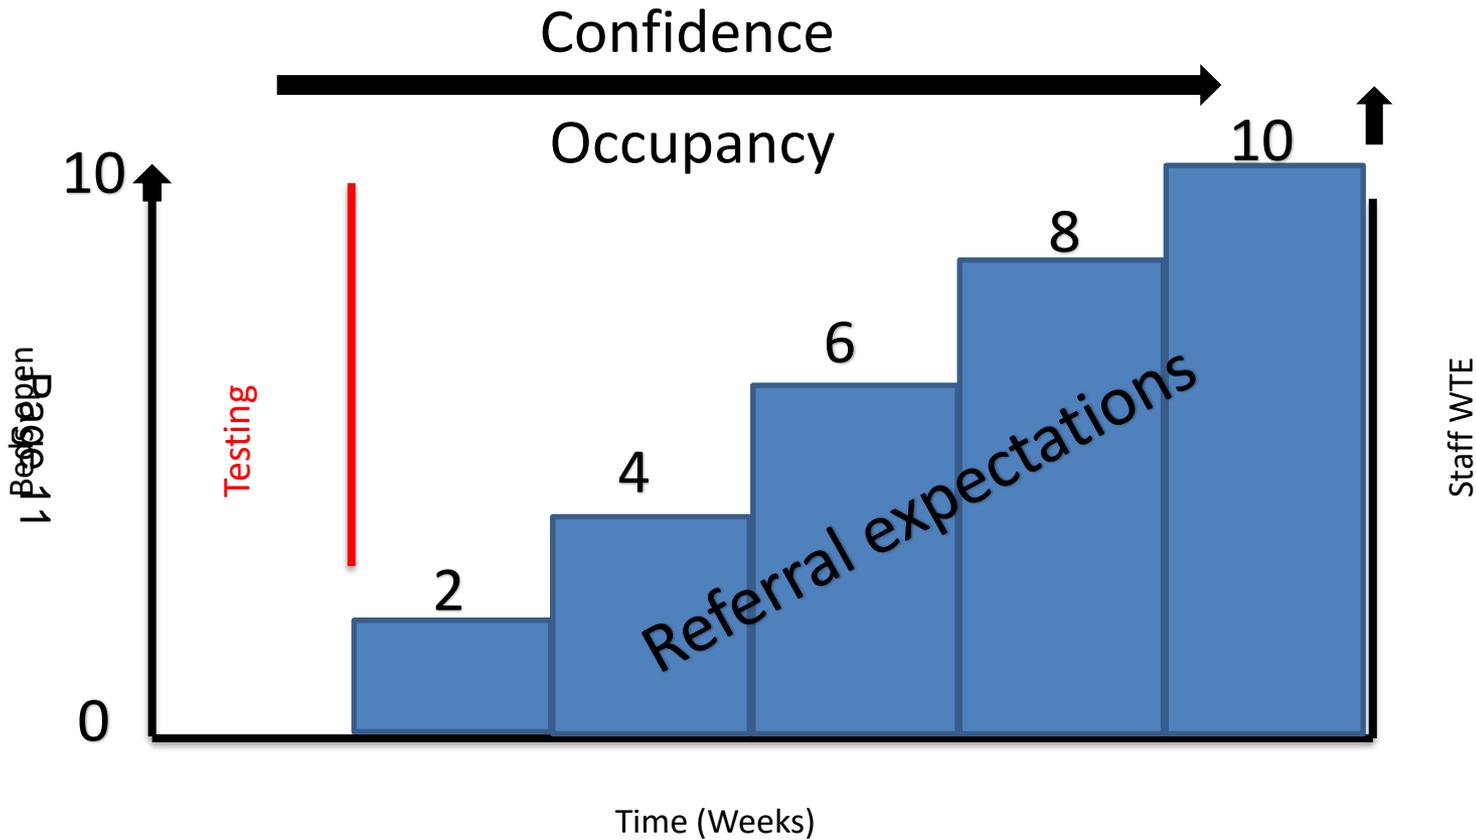

# What Lotus Ward offers as a General Admissions Unit?

- Support to young people who are suffering from complex mental health difficulties who require assessment and treatment
- Therapeutic support offered by a nursing team and full Multi Disciplinary Team including: Psychiatrist, Occupational Therapist; Speech and Language Therapist; and Dietician and Occupational therapy
- Individual therapeutic support such as: Dialectical Behavioural Therapy; Positive Behaviour Support; risk assessment of needs; engagement within structure clinical management; and links with the community teams
- 24 / 7 nursing support offering a wide range of activities to support recovery and promote independence, build resilience to safely return back to the community
- Young people will receive education during their admission. This will incorporate vocational skills, educational skills (link with local school/college), sports and gym facilities to promote healthy lifestyles and mental wellbeing as well as a wide range of ward based activities
- Admission of young people to the ward may be informal or via a section under the Mental Health Act

# Stepped Approach

# Admission Update

From 10<sup>th</sup> May 2021

15 admissions to date 13 transfers, 2 direct admissions

## Localities:

- Co Durham 6
- Tees 4
- Sunderland 2
- North Yorkshire 1
- Gateshead 1
- North Cumbria 1

Average length of stay - 34 days

# Background on Community Transformation

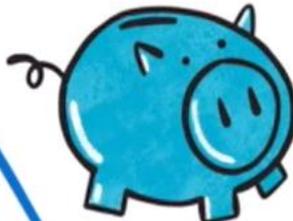

NHS LONG-TERM PLAN

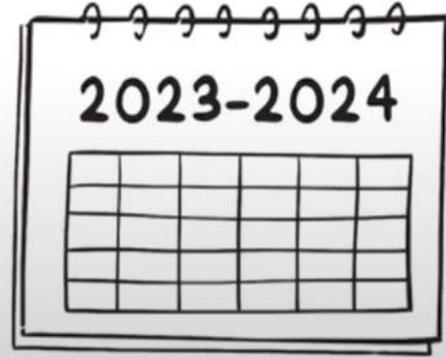

COMMUNITY MENTAL HEALTH

£975 MILLION

BY

370,000 PEOPLE

SEVERE MENTAL ILLNESS

- PSYCHOSIS
- BIPOLAR DISORDER
- 'PERSONALITY DISORDER'
- EATING DISORDERS
- SEVERE DEPRESSION
- MENTAL HEALTH REHABILITATION NEEDS

NEW INTEGRATED MODEL

# The core principles of the framework

- Development of tailored services based around individuals and their whole-life needs - not just their mental health needs.
- Services as close-to-home as possible and shaped to meet the needs of local communities.
- A one-team approach - removing organisational boundaries to ensure joined-up care.
- Embedding support with navigating the system
- Embedded co-production and co-design with people who have lived experience .

# PCN Pilot and developments

# PCN Mental Health Practitioners

- 1 Full time mental practitioner in each PCN
- Practitioners are providing 20 minute appointments to 12 patients a day, 54 patients per week.
- Over 2000 appointments per year in each PCN
- Across Teesside 2,207 appointments have been facilitated between end of June-27<sup>th</sup> August.
- Now working alongside PCN Clinical Directors to enhance service offer based upon local population needs

# Patient Feedback

Patient feedback is very positive and FFT patient satisfactions rates are between 95.83%-100%. All comments on the surveys are very positive.

In the past when speaking to others regarding my mental health, I often felt dismissed and misunderstood, quite often leaving me feeling worse than before seeking help. However with this new service I felt listened to, properly understood and I actually feel some progress is being made with my issues for the first time in many years. The mental health nurse I spoke to was phenomenal, making me feel like someone actually cared and that there was finally hope and light at the end of the tunnel. I am incredibly happy with this new service and would very much like to see it continue in this way.

Spoke to a highly competent, professional, caring individual – who was obviously well qualified and an outstanding example of her profession.

Nurse very professional, empathic and non-judgemental.

Fantastic, couldn't have had a more respectful, supportive person. Wonderful caring person

Very helpful call I felt so much better and positive in myself after. She couldn't of been more helpful

# Design Event Dr Shah

# Event Scope

Development of an operational place based model for AMH and MHSOP functional community services which is integrated with Primary Care networks and Voluntary Care Sector services and delivers services to meet the needs of those with severe mental illness.

The model should be coproduced with staff, stakeholders, the local community, service users and carers.

AMH teams will include Access, Affective, Psychosis, ADHD & Autism. Interface with Perinatal and EIP will be included. Specialty teams and crisis and excluded.

MHSOP teams will include functional teams

# New model will ensure

- People should receive a good-quality assessment at whatever point they present
- Deliver meaningful interventions for mental health problems are readily available and accessible
- location is most appropriate to people's needs
- Care can be stepped up where or when more specialist care is required, and stepped down, in a flexible manner without the need for cumbersome referrals and repeated assessments
- There are effective links with community assets to support and enable people to become more embedded within their community and to use these assets to support their mental health.

# Tees Valley Vaccination Update

Tees Valley OSC – 24<sup>th</sup> September  
2021

# Overview

To advise stakeholders of:

- Guidance
- Vaccine Cohorts
- Vaccination sites
- Inequalities
- Latest Performance

# Guidance

- Vaccination of healthy children and young people aged 12-15 (issued 15<sup>th</sup> September)
  - Universal vaccination offer (single Pfizer vaccine) for all children and young people aged 12 to 15
  - Local school aged immunisation service (SAIS) providers to operationalise delivery in school settings and make specific provision for those not in mainstream education
  - Objective; to vaccinate children as quickly and safely as practical. The majority to be administered before October half term
  - Programme to commence no later than Wednesday 22 September
- Phase 3 booster vaccinations (also issued 15<sup>th</sup> September)
  - JCVI advises of offer for third dose COVID-19 booster vaccine for individuals who received vaccination in Phase 1 of the COVID-19 vaccination programme to be offered no earlier than six months ( 180 days) after completion of the primary vaccine course
  - Local Vaccination Sites should consider prioritising those who are most at risk and those with the longest interval since the 2nd dose of their primary course
  - JCVI advises a preference for the Pfizer-BioNTech vaccine to be offered as the third booster dose irrespective of which product was used in the primary schedule

# Cohorts – Recap

- Phase 1 (Cohort 1-9)
  - Includes residents in care homes, and;
  - All Adults aged 50 and above
- Phase 2 ( Cohort 10 to 13 and 3<sup>rd</sup> does for immunosuppressed)
  - Includes those aged 16 to 50, and;
  - Children & Young People aged 12-15 years old at risk and household contacts of immunosuppressed
- Phase 3
  - Healthy 12 to 15 year olds
  - Booster Cohort 1 to 9
  - Continuation of offer for Phase 1 and 2
  - 3<sup>rd</sup> dose for immunosuppressed (not already vaccinated under phase 2)

# Vaccination Sites

## Primary Care Network (PCN) Designated Sites - 'Local Vaccination Services'

- PCN groupings supporting delivery of the covid-19 vaccination programme [Groupings not always coterminous with PCN alignment]
- Those that have signed up to Phase 3 have now been 'approved' by NHS England to deliver the programme
- Where a PCN has not signed up to phase 3 appropriate cover will be put in place i.e. community pharmacy or mass vaccination centre
- Any PCN not delivering phase 3 are signed up to phase 2 of the programme until 31st October
- Co-administration of Flu and Covid where operationally possible - dependent on supply and requirement for Booster to be given 6 months after primary course
- Prioritisation of those most at risk

Page 47

## Vaccination Centres

- Darlington Arena and Middlesbrough Football Club

## Pharmacy Sites

- 53 sites have expressed an interest to deliver Phase 3 (8-D'ton, 8 H'pool, 14 M'bro, 8 R&C, 15 S'ton) – those sites not already delivering vaccinations are awaiting NHS England approval

## Other

- Walk in Clinics, Vaccine Bus, Pop up clinics

# Inequalities

Vaccine uptake data and analysis is routinely available and highlights both 'places' and 'communities' where vaccine uptake is low and where a targeted approach is needed.

This has already led to directing sites for various pop-up clinics and informed the locations of the vaccine bus.

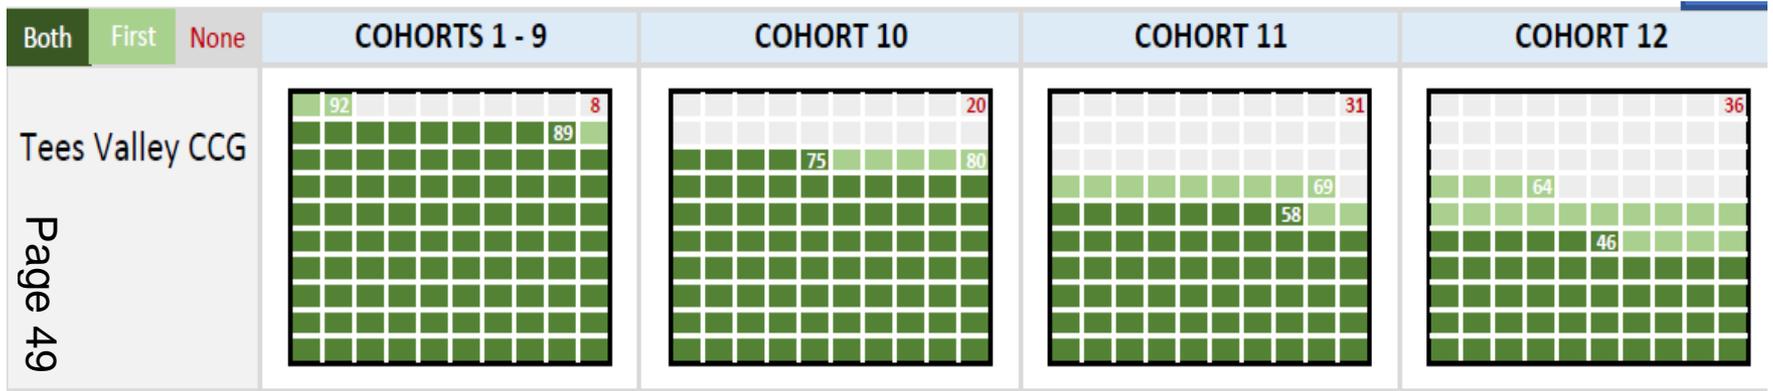

This analysis will continue to support increasing uptake in our hardest to reach communities.

The 'healthy' 12-15 year olds will be vaccinated by the Schools Immunisation Service for universal access to prevent vaccine inequality in this cohort

# Latest Performance

The following data relates to the position up to, and including, the 19<sup>th</sup> September 2021

- Within cohorts 1-9 – 89% are fully vaccinated and 92% have received a first dose.
- Within cohort 12 – 36% of the population remain unvaccinated. 46% have received both doses.

# Latest Performance
