Executive summary

This report outlines the proposed Council Tax Reduction (CTR) scheme (sometimes referred to as Council Tax Support) scheme for 2025/26. Each Billing Authority in England has a statutory requirement to design and locally fund a Council Tax Reduction scheme by no later than 11 March each year, approved by a full Council decision.

The proposed scheme for 2025/26 will incorporate the minor legislative amendments to be made by government through regulations that the Council will be obliged to include.

It is recommended that the scheme's income bandings are subject to an inflation uplift to reflect the rate applied by government to working age benefits, so that the current level of support for claimants is maintained and continues to provide appropriate support for the town's financially vulnerable residents.

It is requested, therefore, that Council:

Approve the Council Tax Reduction Scheme for 2025/26.

1. Purpose

1.1 To seek approval of the Council Tax Reduction Scheme for 2025/26.

2. Recommendations

2.1 That Full Council approve the Council Tax Reduction Scheme for 2025/26.

3. Rationale for the recommended decision(s)

- 3.1 The proposed scheme will assist low income households and support the collection of council tax whilst remaining affordable for the Council to provide.
- 3.2CTR was introduced by Central Government in April 2013 as a replacement for the Council Tax Benefit scheme, which was administered by councils on behalf of the Department for Work and Pensions. As part of the introduction, the Government placed the duty to create a local scheme for working age claimants with Billing Authorities.
- 3.3 Middlesbrough Council, as the Billing Authority, has a statutory requirement to revise or design and fund a CTR scheme by no later than 11 March each year which must be approved by a Full Council decision.

4. Background and relevant information

The current scheme

- 4.1 In 2022/23, the Council moved to an income-banded scheme. By doing so, it moved away from the previous complex means-tested schemes to simplify the claiming process, reduce the administrative burden and cost of multiple 'in year' changes and associated recalculation of council tax instalments, and to support its achievement of greater collection rates.
- 4.2 The scheme implemented a 90% maximum discount, with lower discount bands of 72%, 36% and 23%, aligned to the level of net weekly income and composition of each household (providing for up to two dependent children).
- 4.3 The CTR scheme is an income band scheme, based on the household size and income, this differs from discounts and exemptions which are not means-tested. Where a 100% exemption is granted, such as a student exemption, CTR will not apply as there is nothing to pay. If, on the other hand, a resident is in receipt of a single person discount or other discount, CTR may still be awarded based on the income and household composition.
- 4.4The 2024/25 scheme maintained the current income-banded scheme, but also included support for Care Leavers, who were able to apply for CTR as opposed to receiving a local council tax discount. This was a technical adjustment and made no difference to the level of support available to Care Leavers, which remained unchanged.

Page 4

4.5 In addition, the only other change for 2024/25 related to the childcare cost element for residents who receive Universal Credit that includes additional financial support due to incurring these costs. The Council agreed to disregard such costs as income within the CTR scheme and by doing so, supported those households with children taking paid employment.

The 2025/26 scheme

- 4.6 For 2025/26, it is proposed that the current income-banded scheme be retained subject to the proposed amendments, including that the scheme income ranges are increased in line with inflation. A number of Local Authorities have already implemented an income banded scheme with many more Local Authorities also opting for similar schemes. The main reasons for doing so is that a banded scheme is far easier to administer, removes the need for residents to report certain changes, opportunity for 'take up' is made simpler as residents can determine entitlement far easier than the previous scheme. Removing the level of complexities means that applying for support with Council Tax payments is far easier.
- 4.7 On 30 October 2024, the Chancellor announced in the Autumn Statement that state benefits, including Universal Credit and other working age benefits, would increase in line with inflation at 1.7% from April 2025.
- 4.8 The increase in income from state benefits due to the inflation uplift could result in a lower discount rate band being applied in some cases, based on the existing CTR income ranges set. This would result in a reduction in the level of support which, for some households would add in excess of £300.00 per year to their bill.
- 4.9 The CTR scheme provides for income band ranges to be increased "by the appropriate level of inflation decided by the Council". It is therefore proposed to adjust the income band ranges for 2025/26 to reflect the inflation increase applied to state benefits and thereby maintain the level of support as far as possible for applicants.
- 4.10 The weekly income range for the current 2024/25 scheme are as follows:

Discount Band	Discount	Single Person	Single person with one child	Single person with two or more children	Couple	Couple with one child	Couple with two or more children
Band 1	90%	£0 - £117.48	£0 - £187.96	£0 - £258.45	£0 - £164.47	£0 - £240.83	£0 - £305.44
Band 2	72%	£117.49 - £211.46	£187.97 - £281.94	£258.46 - £346.56	£164.48 - £281.94	£240.84 - £330.11	£305.45 - £399.42
Band 3	36%	£211.47 - £252.58	£281.95 - £299.57	£346.57 - £411.17	£281.95 - £340.68	£330.12 - £375.93	£399.43 - £469.91
Band 4	23%	£252.59 - £299.57	£299.58 - £328.93	£411.18 - £528.65	£340.69 - £399.42	£375.94 - £434.66	£469.92 - £563.89
	0%	Over £299.57	Over £328.93	Over £528.65	Over £399.42	Over £434.66	Over £563.89

4.11 The proposed new weekly income ranges for 2025/26 are as follows:

Discount Band	Discount	Single Person	Single person with one child	Single person with two or more children	Couple	Couple with one child	Couple with two or more children
Band 1	90%	£0 - £119.48	£0 - £191.16	£0 - £262.84	£0-£167.27	£0 -£244.92	£0 - £310.63
Band 2	72%	£119.49 - £215.05	£191.17 -£286.73	£262.85 - £352.45	£167.28 - £286.73	£244.93 - £335.72	£310.64 -£406.21
Band 3	36%	£215.06 -£256.87	£286.74 - £304.66	£352.46- £418.16	£286.74 -£346.47	£335.73 – £382.32	£406.22 -£477.90
Band 4	23%	£256.88 - £304.66	£304.67 - £334.52	£418.17 – £537.64	£346.48 - £406.21	£382.33 - £442.05	£477.91 -£573.48
	0%	Over £304.66	Over £334.52	Over £537.64	Over £406.21	Over £442.05	Over £573.48

4.12 The cost of implementing the new ranges has been modelled and estimated at £0.061m against the current scheme expenditure. Due to the variables contained within the scheme, the actual cost may alter according to prevailing individual circumstances.

5. Other potential alternative(s) and why these have not been recommended

- 5.1 The Council could reduce the level of support offered to working age residents in receipt of CTR. However, the Council recognises the financial challenges placed on residents and is therefore proposing that the current level of support is maintained which incorporates the proposal to increase the income bandings in line with inflation.
- 5.2 In addition, the Council is not in a financial position to consider awarding additional support through higher discounts or different income ranges without affecting other Council services due to the current budgetary pressures. If the Council chose to increase the maximum award for working age residents to 95%, this would incur an additional cost of circa£0.65m. Similarly, if the maximum award was increased to a 100% maximum award, this would result in additional costs of circa£1.3m. If this were to be considered, a full consultation exercise would also need to be carried out which has not taken place during the current financial year.

6. Impact(s) of the recommended decision(s)

Topic	Impact
Financial (including procurement and Social Value)	There is an additional cost to the Council of circa £0.061m from a total current CTR scheme cost of £21.26m. Any additional expenditure incurred as a result of an increased take up of CTR will be reported as part of the budget monitoring process to ensure this is factored into projected expenditure in 2025/26.
Legal	The Local Government Finance Act Section 67 (2012 Act) inserted into Local Government Finance Act 1992 (Functions to be discharged by the Authority) making or revising a Council Tax Reduction Scheme – Section 13 (2) confirms that each Billing Authority in England must make a CTR scheme by no later than 11 March each year. Any scheme cannot be made by officers, with the above

	1
	legislation confirming that authorisation of the full scheme
	must be subject to full Council approval.
Risk	The scheme supports the delivery of the Council's strategic
	priority to reduce poverty as set out in the Council Plan
	2024-2027. The CTR scheme will enable residents to pay
	their required council tax instalments which, in turn, will
	mean that the Council has funding to work with communities
	and other public services in Middlesbrough to improve the
	lives of local people.
Human Rights, Public	There are no disproportionate adverse impacts on any
Sector Equality Duty	group or individuals with characteristics protected in UK
and Community	equity law. The previous impact assessment carried out
Cohesion	when the scheme was revised for 2022/23 is still relevant.
Climate Change /	There are no disproportionate adverse impacts on the
Environmental	aspirations of the Council to achieve net zero, net carbon
	neutral or be the lead authority on environmental issues.
Children and Young	The CTR scheme will have no negative impact on children
People Cared for by	and young people cared for by the authority and care
the Authority and	leavers. The scheme will provide support for those residents
Care Leavers	who were Care Leavers and apply for help with their council
	tax instalments through the CTR scheme.
Data Protection	The collection and use of personal data will be managed in
	accordance with the Council's data protection policy which

The scheme for pension age applicants – Central Government's scheme as defined by the Council Tax Reduction Scheme (Prescribed Requirements) (England) Regulations 2012

- 1.4 There are three main classes under the prescribed pension credit age scheme, for each of which there are a number of qualifying criteria. In all cases individuals must not be of a prescribed class exempted from reduction, such as a person subject to immigration control with limited leave to remain.
 - (1) In this scheme—

 - (b)where regulation 60A of the Universal Credit (Transitional Provisions) Regulations 2014 applies in respect of the award the relevant period.
- (3) In this scheme—
- "assessment period" has the same meaning as in the Universal Credit Regulations 2013;
- "relevant period" means the period beginning with the day on which P and each partner of P has attained the qualifying age for state pension credit and ending with the day on which the last assessment period for universal credit ends

The three prescribed classes are as follows;

1. Purpose

- 1.1 This report proposes a 2025/26 net revenue budget of £143.304m, and a Medium Term Financial Plan (MTFP) for the period 2025/26 to 2028/29 following the issuing of the Final Local Government Finance Settlement (LGFS) and sets out the financial planning assumptions applicable to the budget based upon the best information available at this time.

- 2.1 That the Council is requested **to approve the following** as set out in **2.1.1 to 2.1.8** below
 - 2.1.1 Budget proposals for savings and income generation of £7.036m in 2025/26 rising to £8.686m in 2028/29, as set out in Appendix 2 (Annex 1 and 2).
 - 2.1.2 Budget growth of £2.521m in 2025/26 rising to £2.918m in 2026/27 for reinvestment in services aligned to the Recover, Reset, and Deliver plan.as set in Appendix 2 (Annex 4)
 - 2.1.3 Budget provision of £0.311m in 2025/26 and a further £0.100m in 2026/27 to address the removal of previously approved savings in line with the priorities outlined in the Council Plan and after listening to residents' views as set out in Appendix 2 (Annex 3)
 - 2.1.4 An increase in Council Tax of 4.99% resulting in a Council Tax level (Band D) of £2,074.34 excluding parish, Fire, and Police precepts in line with both the Government's referendum limits and the s151 Officer's advice (paragraphs 4.29 to 4.32 and detailed in Appendix 7)
 - 2.1.5 The proposed General Fund revenue budget for 2025/26 with a net budget requirement of £143.304m
 - 2.1.6 The Financial Reserves Policy for 2025/26 (Appendix 4) including the proposed contributions to reserves to strengthen the Council's financial resilience, and which proposes:
 - a minimum General Fund Balance of least 7% of the Net Revenue budget over the MTFP period to 2028/29. In the 2025/26 proposed budget the level is 7.75% equivalent to £11.1m.
 - the building up of the Financial Resilience Reserve to at least £10m in 2025/26 and £20m by the end of 2028/29 to strengthen the Council's financial resilience
 - 2.1.7 The proposed Fees & Charges Policy for 2025/26, and the schedule of fees and charges arising from the application of the approved policy for 2025/26 (Appendix 5)
 - 2.1.8 The Capital Strategy 2025/26 and the proposed 2025/26 to 2028/29 Capital Programme totalling £170.290m which includes the addition of new Council funded schemes, and the associated financing statement (Appendix 6).

- 2.2 The Council is requested to **note** the key issues as set out at **2.2.1 to 2.2.13** below:
 - 2.2.1 The statutory s25 report of the Council's Section 151 Officer in respect of the robustness of the estimates within the budget and the adequacy of reserves (Appendix 1)
 - 2.2.2 The updated financial planning assumptions in the Council's Medium Term Financial Plan following the publication of the Final Local Government Finance Settlement on 3 February 2025. These include some minor changes from those contained in the report to Executive on 5 February 2025 which was based on the Provisional Local Government Finance Settlement published on 18 December 2024. (Appendix 2)
 - 2.2.3 The creation of a Delivery Risk Budget of £2m on a one-off basis in 2025/26 only to protect against unplanned use of reserves (Appendix 2).
 - 2.2.4 The transfer of the estimated surplus on the Collection Fund for 2024/25 of £3.052m to a new Savings Delivery Risk Reserve to help provide against the risk of non-delivery or delay of savings and to rebuild reserves (Appendix 2).
 - 2.2.5 The creation of a Middlesbrough Priorities Fund totalling £4.367m for 2025/26 only (Appendix 2)
 - 2.2.6 Whilst the budget is balanced for 2025/26 and 2026/27 there will still be a budget gap of £2.726m in 2027/28 rising to £5.170m by 2028/29. Further savings proposals arising from the Transformation Programme will be required as a minimum to meet these budget gaps (Appendix 2)
 - 2.2.7 The feedback of the budget consultation exercise (paragraphs 4.8 to 4.16 and Appendix 3)
 - 2.2.8 The estimated balances on unrestricted usable revenue reserves as at 1 April 2025 of:
 - General Fund balance £11.100m
 - Usable Earmarked reserves unrestricted £10.269m
 - 2.2.9 The inclusion of transformation and redundancy expenditure which can be capitalised under the Flexible Use of Capital Receipts strategy (FUoCR) of £7.500m in 2025/26 (as part of planned £26.700m Transformation Programme from 2024/25 to 2028/29), and that the annual Flexible Use of Capital Receipts (FUoCR) Strategy will be presented to Council for consideration and approval in April 2025.
 - 2.2.10 The Council's estimated revenue cost of borrowing for 2025/26 is £12.060m which is equivalent to 8.4% of the Net Revenue Budget and is approaching the maximum affordable level (currently set at 10% over the MTFP period), therefore future capital investment will need to rely more heavily on external

funding and capital receipts in order to maintain borrowing at affordable levels.

- 2.2.11 Details of the Dedicated Schools Grant (DSG) Grant for 2025/26 and the allocation to schools (detailed in Appendix 8)
- 2.2.12 The forecast total cumulative DSG deficit of £20.693m on 31 March 2025, including £21.281m relating to the High Needs Block (Appendix 8)
- 2.2.13 That a statutory override is in place which prevents the DSG deficit from being met from General Fund resources and the Government's plan to deliver a funding solution is awaited. This presents a potential significant medium term financial risk to the Council in the event that the statutory override is removed without a suitable funding solution (Appendix 8)

3 Rationale for the recommended decision(s)

- 3.1 All Council members have a legal obligation to agree a balanced budget and set the Council Tax by 11 March 2025. In addition, the Council has a Best Value duty to demonstrate financial sustainability through the delivery of a balanced Medium Term Financial Plan (MTFP) over a period of at least 3 years. The setting of the budget is part of the budget and policy framework and therefore requires Full Council approval.
- 3.2 The recommendations enable the Council to progress towards meeting its statutory responsibility to set a balanced revenue budget in 2025/26 and the requirement to secure financial sustainability of the period of the MTFP.
- 3.3 The Council is required to take a systematic, coherent, and controlled approach to addressing its ongoing financial challenges over the medium-term, while enabling the delivery of the Mayor's vision and priorities for Middlesbrough through delivery of the wider Council Plan.

4 Background and relevant information

Report of the Director of Finance and Transformation (s151 Officer) s25 of the Local Government Finance Act 2003 (Appendix 1)

- 4.1 Section 25 of The Local Government Act 2003 requires the Chief Financial Officer (CFO) to report to the Council on:
 - the robustness of the estimates made for the purpose of the budget calculations;
 - the adequacy of the proposed financial reserves.
- 4.2 The Council is required by law to take this report into account when making its decisions in relation to setting the annual budget and setting the Council Tax for the financial year 2025/26.
- 4.3 Section 26 of the Local Government Act 2002 places an onus on the CFO (The Director of Finance and Transformation and s151 Officer) to ensure the Council has

- established a minimum level of reserves to be retained to cover any unforeseen demands that could not be reasonably defined within finalising the proposed budget.
- 4.4 The s151 Officer's report is extremely important and sets the context within which the 2025/26 budget and MTFP report and the Treasury Management Strategy reports should be considered. It provides a summary of the risks and issues that need to be addressed as a priority in order to strengthen the Council's grip on its financial management arrangements to deliver financial recovery and achieve financial resilience over the period of the MTFP. It also sets out the accountabilities and responsibilities of all members and officers in relation to delivering in accordance with the 2025/26 Budget and MTFP in order to secure the financial future of the organisation.
- 4.5 The s25 report is detailed in Appendix 1 and includes the following sections:
 - Legal Framework
 - Chief Finance Officer Overall Opinion
 - Current context and financial standing of the Council
 - Recommendations in relation to financial recovery and resilience
 - Robustness of Estimates
 - Governance
 - Accounting Practice
 - Budget Savings Delivery
 - Key Risks impacting Budget Delivery
 - Adequacy of Reserves

Revenue Medium Term Financial Plan 2025/26 to 2028/29 (Appendix 2)

- 4.6 This section of the report includes the following main highlights with further details contained in Appendix 2 with relevant paragraph numbers in Appendix 2 indicated:
 - Details of Government funding including previous years funding and funding for 2025/26 (paragraphs 3.1 to 3.64)
 - Note that Middlesbrough Council has suffered a significant reduction in general Government funding in the form of RSG and Business Rates Top Up Grant with a reduction of £35m (43%) from £81.2m received in 2013/14 to £46.2m in 2025/26. This does not take into account inflation
 - The Final Local Government Finance Settlement (LGFS) was published on 3 February 2025 and this report updates the report to Executive on 5 February 2025 was based on the Provisional Local Government Finance Settlement (LGFS) published on 18 December 2024.
 - An update on the changes since the report to Executive on 4 December 2024 (Table 4)
 - The Final LGFS provided additional funding, however most of it was one-off for 2025/26 only

- Budget growth of £2.521m in 2025/26 rising to £2.918m in 2026/27 for reinvestment in services aligned to the Recover, Reset, and Deliver plan
 (paragraph 4.58 and Annex 4)
- Confirmation of the financial impact of proposed savings following the budget consultation exercise, which total £7.036m in 2025/26 rising to £8.686m in 2028/29 (paragraphs 4.54 to 4.57)
- Budget provision of £0.311m in 2025/26 and a further £0.100m in 2026/27 to address the removal of previously approved savings in line with the priorities outlined in the Council Plan and after listening to residents' views (paragraph 4.59 and Annex 3)
- Total planned budget savings in 2025/26 of £11.876m rising to £15.393m in 2028/29 (paragraph 5.1 and Table 14). It should be noted these are in addition to over £112m of cumulative savings already made from 2013/14 to 2024/25.
- The creation of a Delivery Risk Budget of £2m on a one-off basis in 2025/26 only to protect against unplanned use of reserves (paragraph 4.16)
- The estimated surplus on the Collection Fund for 2024/25 of £3.052m will be transferred to new Savings Delivery Risk Reserve to help provide against the risk of non- delivery or delay in achieving saving and help rebuild reserves (paragraphs 4.49 and 4.72)
- The creation of a Middlesbrough Priorities Fund totalling £4.367m for 2025/26 only (paragraphs 4.61 to 4.63)
- Updated budget gaps for the MTFP period as a result of finalised financial planning assumptions, confirmation of income sources, planned expenditure, savings, and funding via the Final LGFS – with a balanced budget for 2025/26 and 2026/27 and a budget gap of £2.726m in 2027/28 rising to £5.170m by 2028/29 (Table 14)
- Proposes the 2025/26 Net Revenue Budget of £143.304m
- Proposes a Council Tax increase of 4.99% for 2025/26 comprising 2% ASC Precept and 2.99% Core Council Tax, in line with both the Government's referendum limits and the s151 Officer's advice (paragraphs 4.73 to 4.87).
- The continued building up of the Council's reserves to recommended levels in order to improve the Council's financial resilience in the future
- 4.7 This report highlights an improved financial position for the Council from that reported in the December 2024 Executive report with additional funding being provided to the Council in the 2025/26 Final LGFS. However, the majority of the additional funding is one-off for 2025/26 only and therefore does not provide any certainty for the medium term. There is therefore a need for the Council to continue to focus on its financial position and continue the momentum in transforming the Council services.

Budget Consultation Feedback 2025/26 (Appendix 3)

- 4.8 This section provides a summary of consultation activity and responses, along with impact assessments included at Appendix 3.
- 4.9 A 4 week public consultation on the 2025/26 MTFP proposals and Council Tax increase commenced on 5 December 2024 and concluded on 8 January 2025 with consultation taking place via a general public survey on the Council's website with

- hard copies available upon request, a general consultation email address, and a range of targeted and general engagement events in person and online.
- 4.10 Following this consultation period, the recommendations are set in detail on how to proceed in light of the consultation and are set out below and in Appendix 3.

Consultation received the views of range of people through diverse channels of engagement, below is a summary of consultation activity:

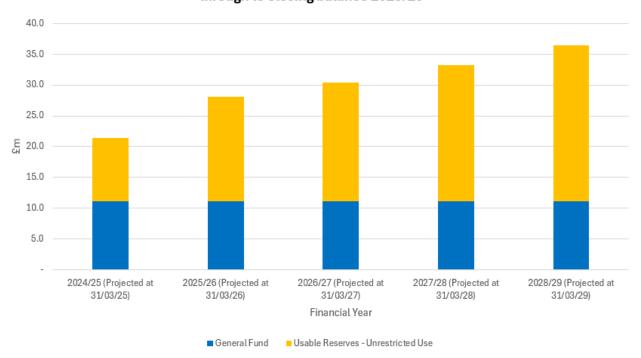

- The budget consultation was promoted to over 45,000 residents via an email Council newsletter and promoted on the Council website and social media (Facebook and X).
- 361 responses to the Council's consultation survey
- 3 consultation in person events led by the Mayor and Executive Member for Finance and attended by senior officers, were attended by approximately 25 people
- Elected Member briefings on budget proposals
- Elected Members were provided with details of the budget consultation to enable them to share with residents in their ward
- consultation with the Council's Overview and Scrutiny Board, and attendance of the Mayor and Executive Member for Finance at Overview and Scrutiny Board
- consultation with the local business sector, including a specific formal consultation meeting with the North East Chamber of Commerce on 24 January 2025
- 4.11 The on-line survey invited respondents to tell us about their views on the four budget proposals that were deemed to be subject to public consultation, the proposed Council Tax increase for 2025/26, and the proposed budget for 2025/26 in general.
- 4.12 Analysis of the budget consultation survey responses shows the following main points:
 - 24.37% of respondents who answered the question were in favour of a Council Tax increase of 4.99%. 74.23% were against, and 5 individuals did not answer the question.
 - The public were asked whether they would support a proposal to increase Council Tax further than the proposed 4.99%. 90% said no in response to that question.
 - The survey asked those who disagreed with the budget proposal to provide alternative suggestions they thought should be considered. 361 comments were received. Most comments related to the impact of the increase, concern that more money would be collected but service levels would reduce, high salaries, and frustration at those who do not pay Council Tax.
- 4.13 Consultation responders were also asked if they agreed with the areas of budget growth that had been proposed in the budget. 65% of those who answered the question that asked if they agreed or disagreed with the areas of growth said they either agreed or strongly agreed. 14% disagreed or strongly disagreed. Analysis of the free text provided on this question identified most common comments could be

- grouped around themes of support, a desire to see improved open spaces, more support for youth services and a desire for more events to be held in the town.
- 4.14 While Elected Members are not obliged to change their budget proposals in light of the outcome of the consultation, they are required to have due regard to it in making their decisions around the Council's Council Tax levels and the Medium Term Financial Plan.
- 4.15 Following consultation, the recommendation is to proceed with savings and income assumptions presented in the December 2024 Executive Board MTFP report
- 4.16 Responses to the budget consultation survey were analysed to assess whether there were any concerns about impacts from proposals that varied by protected characteristic, which could give an indication of an unintended impact or a concern that there would be a disproportionate adverse impact on individuals or groups because they held one or more protected characteristics. This analysis is set out in the Human Rights, Equality and Data Protection section (section 6.4) of this report. Impact assessments for the budget proposals that were subject to public consultation and an overall impact assessment are set out in Appendix 3

Financial Reserves Policy (Appendix 4)

- 4.17 The Financial Reserves policy at Appendix 4 provides an overview of the Council's Reserves, the planned replenishment of the usable reserves over the term of the MTFP in order to achieve financial resilience, and sets out the principles governing their use. The Policy is reviewed and updated annually as part of the annual budget setting cycle.
- 4.18 The s151 Officer recommends that the minimum balance on the General Fund Reserve should be maintained at a level of at least 7% of the Net Revenue budget over the MTFP period to 2028/29. In the 2025/26 proposed budget the level is 7.75% equivalent to £11.1m.
- 4.19 In addition, the s151 Officer recommends the build up of the Financial Resilience Reserve to at least £10m in 2025/26 and £20m by the end of 2028/29 to strengthen the Council's financial resilience.
- 4.20 The summary forecast of all unrestricted usable reserves and the General Fund balance over the MTFP period to the end of 2028/29 after planned contributions.is illustrated in the graph below, however this will depend on any unplanned drawdowns of reserves.

Projected Unrestricted Reserves Balances from closing balance 2024/25 through to closing balance 2028/29

Fees and Charges Policy (Appendix 5)

- 4.21 Appendix 5 details the Fees and Charges policy for 2025/6, which applies sector wide good practice on the levying of fees and charges into Middlesbrough's context.
- 4.22 Appendix 5 Annex 1 provides a Schedule of proposed Fees and Charges for 2025/26 for services provided by the Council, arising from the application of the proposed policy for 2025/26.

Capital Programme 2025/26 to 2028/29 & Capital Strategy 2025/26 (Appendix 6)

- 4.23 The Council operates a strict approach to considering and prioritising schemes for inclusion in the capital programme set against available resources including a technical review process, as set out in the Capital Strategy in Appendix 6.
- 4.24 A review of the capital programme was undertaken in January 2025 and prior to setting the budget.
- 4.25 The main points arising from the review of the Capital Programme and the Capital Strategy are:
 - The addition of new Council funded schemes totalling £17.847m over the MTFP period to 2028/29, including £4.278m in 2025/26. These are for essential expenditure required to support the delivery of the Council's objectives and priorities
 - The addition of £7.913m of Council resources for 2027/28 and 2028/29 for schemes deemed Business as Usual
 - The total capital expenditure over the MTFP period from 2025/26 to 2028/29 of £170.290m, with a programme of £74.798m for 2025/26. This is funded by a combination of external borrowing, grants and contributions, capital receipts and

- flexible capital receipts for transformation purposes, as shown in **Table 1** and **Appendix 6** .
- Notes the inclusion of transformation and redundancy expenditure which can be capitalised under the Flexible Use of Capital Receipts strategy (FUoCR) of £7.500m in 2025/26 (as part of planned £26.700m Transformation Programme from 2024/25 to 2028/29) and the annual Flexible Use of Capital Receipts (FUoCR) Strategy will be presented to Council for consideration and approval in April 2025.
- Notes that any further capital receipts produced by the asset review will be carried forward for future year's transformation costs.
- Notes that the capital financing requirement (need to borrow) will need to increase to £310.197m and external debt will increase to £292.388m to support these plans.
- Notes that a capital financing cost expected to be £12.060m or 8.4% of the revenue budget being proposed of £143.304m. This is less than the revenue budget allocated for this in the MTFP.
- 4.26 The summary proposed Capital Programme totalling £170.290m for the period 2025/26 to 2028/29 with a programme of £74.798m for 2025/26 is set out in Table 1 below. The funding of the capital programme, by a combination of external borrowing, grants and contributions, capital receipts and flexible capital receipts for transformation purposes, is also shown in Table 1 below. Further detail is included in Appendix 6.

- 4.27 Although the proportion of the net revenue budget being spent on Capital Financing costs is increasing, this has been fully funded by additional budget allocations. The level is now very close to the 10% threshold which was indicated by CIPFA as an upper limit for debt financing costs when the Prudential Code was introduced in 2007. Full details regarding this are included in the Prudential Indicators and Treasury Management 2025/26 report elsewhere on this agenda.
- 4.28 The Council needs to control its spending plans over the medium to long term and seek to fund expenditure via external fundings sources or capital receipts from asset sales rather than borrowing which needs to be rationed going forward in order to maintain affordability The overall capital financing position makes it more important that the Council controls its revenue expenditure within budget, delivering its savings plans in full and realises the planned capital receipts to fund transformation and future capital investment.

Council Tax Setting 2025/26 (Appendix 7)

- 4.29 Appendix 7 sets out the Council Tax base, proposed Council Tax increase and detailed calculations required by statute to determine the Council Tax applicable to each Council tax band.
- 4.30 It shows that if the final budget proposed in this report is approved by Council the Net Revenue Budget requirement for 2025/26 will be £143.304m with a Council Tax Requirement of £75.783m, equating to a Council Tax (Band D) for non-parish areas (Middlesbrough Council only element) of £2,074.34 and Band A of £1,382.89. This represents a total increase in Council Tax of 4.99% for 2025/26 comprising of a general increase of 2.99% and an adult social care precept of 2.00%.
- 4.31 This is in line with the Government's referendum limits and the s151 Officer's advice that the Mayor and Executive should adopt the current assumed maximum permissible Council Tax increase of 4.99% p.a. for 2025/26. This is necessary in light of the Council's financial position and the uncertainty over the medium term pending the Spending Review and Funding Reform during 2025. Any reduction in planned Council Tax will be a permanent loss in future funding.
- 4.32 Council Tax income has increased as a proportion of total income over the last 10 years as the level of RSG has reduced. This presents a particular financial challenge for the Council given it has a particularly low Council Tax base with 50.0% of dwellings in Band A and 17.4% in Band B. This is a higher proportion than the national Band A and B percentage and means that a greater proportion of our residents pay a Band A and B than comparable Councils. This means that a higher rate of Council Tax is needed to raise the same income yield compared with many other councils. Every 1% of Council tax raises approximately £0.700m per year. Full details regarding this were provided in paragraphs 4.51 to 4.56 of the December 2024 Executive report

Schools Budget 2025/26 (Appendix 8)

- 4.33 Appendix 8 provides details of the Dedicated Schools Grant for 2025/26 totalling £207.169m after deductions for national non domestic rates and direct funding of high needs by Education & Skills Funding Agency (EFSA).
- 4.34 This budget has 4 elements budgets delegated to individual schools, support to high needs pupils, provision for early years expenditure and support for central services.
- 4.35 The key points relating to the Schools budgets are:
 - Total indicative grant funding for Middlesbrough is £207.169m for 2025/26, comprising of the following four blocks of funding:

DSG Block	2024/25	2025/26	Increase	Increase				
D3G Block	£m	£m	£m £m					
Schools Block	139.892	150.103	10.211	7.3				
Central School Services Block	1.061	1.136	0.075	7.1				
High Needs Block	30.650	33.283	2.633	8.6				
Early Years Block	17.557	22.647	5.090	29.0				
TOTAL DSG AFTER DEDUCTIONS	189.160	207.169	18.009	9.5				

- This is an increase of £18.009m (9.5%) from the 2024/25 indicative budget after deductions
- The figures currently are indicative and the grant will be amended throughout the year as the Schools Block includes amounts which are passported straight to academies
- The DSG deficit is predicted to increase by £6.400m during 2024/25 and it is currently forecast that there will be a total cumulative DSG deficit of £20.963m at 31 March 2025, including £21.281m relating to the High Needs Block which is partly offset by £0.588m of surplus forecast across the other blocks. The pressure has been driven up by Education and Health Care Plans (EHCPs) increasing from 2023 to 2024 by over 12.3% (up from 1804 to 2026) and the service has faced the full year effect of this increase along with continued increasing numbers in the past 12 months and increasing exclusions. The position will be closely monitored during 2025/26 and reported through the quarterly budget monitoring.
- Middlesbrough are signed up to the Delivering Better Value (DBV) programme that invests £1m over an approximate 18-month period ending 31 March 2025 which aims to deliver cost efficiencies, with any extension period only due to timing of grant and delivery of the programme.
- The Dedicated Schools Grant (DSG) is subject to a statutory override by central Government which instructs Councils to account for the DSG deficits and resulting negative balance in a separate reserve and not to fund it by

using its General Fund resources. This was planned to end on 31 March 2023, however the Government extended the arrangement to at least 31 March 2026. This is a potential major risk to the Council's financial resilience in the long term if the Government remove the statutory override before the deficit position is resolved – the current balance is £20.693m which would be required to be met from the General Fund resources. The position that Government takes on this national issue which presents significant financial risks for many local authorities, will be closely followed and updates will be provided as appropriate

 A range of management actions are being taken alongside the DBV programme and the initiatives are detailed in paragraph 1.6 of Appendix 8.

5. Other potential alternative(s) and why these have not been recommended

Not applicable.

- 6. Impact(s) of the recommended decision(s)
- 6.1 Financial (including procurement and Social Value)
- 6.1.1 The detailed financial implications are set out throughout the report.
- 6.1.2 The Council is required by law to set a legally balanced budget by 11 March 2025. Failure to do so will result in the statutory requirement for the s151 Officer to issue a s114 Notice under s114(3) of the Local Government Finance Act 1988.
- 6.1.3 Council approval of the 2025/26 budget and proposed Council Tax will therefore be sought at the Council meeting on 19 February 2025 in order to comply with the statutory deadline of 11 March 2025 and to enable the billing of Council Tax to Middlesbrough households to be undertaken.

6.2 Legal

- 6.2.1 The Council is required under legislation to set a balanced budget for each year. The Medium Term Financial Plan and revenue and capital budgets form part of the Council's policy framework, as set out in its constitution. The approach outlined within the document will enable the Council to operate within the resources available and continue to meet its many statutory duties.
- 6.2.2 Elected Members (individually and collectively) have a fiduciary duty to local taxpayers and so duty to facilitate, rather than frustrate, the setting of a lawful budget, and not to do so would bring damaging legal, financial, operational, and reputational consequences for the Council, and precepting authorities such as the police, fire service and local parish councils. It may also give rise to personal liability for individual members for misfeasance in public office, negligence, or breach of statutory duty, should they be found to be purposely failing to set a lawful budget.

6.3 Risk

- 6.3.1 The revision of the Council's Medium Term Financial Plan for 2025/26 to 2028/29 plays a fundamental role in ensuring that the Council Plan is delivered effectively.
- 6.3.2 The proposed approach will ensure a positive impact on the strategic risk that the Council fails to achieve a balanced budget. The proposed approach also aligns with legal requirements around consultation and assessing the impact of proposals. It therefore impacts positively on the risks that the Council could fail to achieve good governance or comply with the law.
- 6.3.3 There is a risk that the financial position of the Council will be adversely affected by any non-achievement of the proposed budget savings and other proposals for 2025/26 outlined in the report.

6.4 Human Rights, Public Sector Equality Duty and Community Cohesion

- 6.4.1 Budget savings proposals for 2025/26 and beyond were initially assessed and categorised in Appendices 1 and 2 of the report to Executive on 4 December 2024 and then were subject to public consultation starting on 5 December 2024 and ending on 8 January 2025.
- 6.4.2 The Council must ensure that, in line with the Public Sector Equality Duty, that any budget saving proposals, other budget proposals, or proposed Council Tax increases thought to impact on those with protected characteristics are assessed, mitigated where possible and/or justified. As such impact assessments for those proposals and the overall budget are required to be undertaken. The completed impact assessments are appended to this report, along with an overall impact assessment at Appendix 3.
- 6.4.3 The Public Sector Equality Duty (PSED) (as set out in the Equality Act 2010) places a statutory duty on the Council in exercising its functions, to have regard to the need to:
 - eliminate discrimination, harassment and victimisation;
 - advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; and
 - foster good relations between persons who share a relevant protected characteristic and persons who do not share it.
- 6.4.4 Having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:
 - remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic;
 - take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it;
 and

- encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.
- 6.4.5 The protected characteristics are: age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation. Where proposed decisions may be relevant to one or more of these protected characteristics, the Council is obliged to assess the impact. If there is judged to be an adverse impact on these characteristics that is relevant to the duty above steps are taken to consider whether it can be avoided or mitigated. Where it cannot be avoided or mitigated, a decision can only be taken if it can be justified.
- 6.4.6 As a result of the above, the four proposals set out at Appendix 2 of the December report have been subject to a screening impact assessment. As a result of that process two of those proposals were found to have no concerns that they could have a disproportionate adverse impact on individuals or groups because they hold one or more of the protected characteristics or there were no concerns the proposals could have an adverse impact on human rights or community cohesion.
- 6.4.7 Two of the proposals were identified as being potentially relevant to the disability protected characteristic and one of those was also relevant to the age protected characteristic (EDC05). The impact assessment process found that the potential impacts of both proposals would be fully mitigated:

Proposal	Impact Assessment
EDC05 – Recharge Discretionary Home to	
School transport services	The individual IA found that the impact was mitigated because services will continue to be delivered in line with existing policy and taking
Where the council provides discretionary as opposed to statutory home to school transport services, these will be recharged to the relevant schools and/ or health services.	into account identified needs of those transported and that its impact on schools and vulnerable children had been considered within the design of the proposal which correctly places responsibility for the costs with the school or health provider who have the responsibility to fund if needed.
ECS19 – Council Car Parking An increase in fees and charges above the 2% increase (average 3.5%) within the Fees and Charges policy for Council Car Parking - (See Fees and Charges Schedule)	The proposed increases are potentially relevant to the disability protected characteristic where individuals with less mobility may need to access car parking. Blue badge provisions would be unaffected by the proposals, therefore there are no concerns that the proposal could disproportionately impact on a group or individuals because they hold one or more protected characteristics and the potential impact is mitigated.

6.4.8 As well as assessing the impact of proposals to reduce, remove or amend service provision, the impact assessment process also identified that the following growth

proposals would have a positive impact on the age and disability protected characteristics by increasing investment to:

- Improve practice and data quality for care packages in Adult Social Care
- Fund more youth services sessions
- Meet demand for overnight emergency accommodation

6.5 Climate Change / Environmental

6.5.1 The proposal REG08 Reduction in Energy Usage should have a positive impact on the Council's aspirations for climate change.

6.6 Children and Young People Cared for by the Authority and Care Leavers

6.6.1 A number of the proposals within the 2025/26 proposed budget are relevant to these groups. As per paragraph 6.4.7 one of the proposals, EDC05 Recharge Discretionary Home to School Transport Service may impact these groups, but has been fully mitigated. Other proposals will ensure that service provision is reviewed to ensure it is fit for purpose.

6.7 Data Protection

6.7.1 There are no concerns that the proposals within the report will impact negatively on data protection or GDPR.

Appendix 1 - S151 Officer Section 25 Report

The robustness of the 2025/26 budget and adequacy of reserves

1 Purpose of the report

- 1.1 This is an important report which provides the context within which the entire suite of the 2025/26 budget and MTFP and Treasury Management Strategy Reports on this agenda must be considered when making decisions in relation to setting the annual budget and Council Tax.
- 1.2 The report advises Elected Members of the Council of the Director of Finance and Transformation's (s151 Officer) report on the robustness of estimates made for the purposes of the budget calculations and the adequacy of proposed financial reserves as required by statute.

2 Legal Framework

2.1 Section 25 of The Local Government Act 2003 (the Act) includes the following statutory duty in respect of the budget report to Council:

'the Chief Financial Officer (CFO) of the authority must report to it on the following matters:

- a) the robustness of the estimates made for the purpose of the calculations; and
- b) the adequacy of the proposed financial reserves.'
- 2.2 The Act also requires the Authority to which the report is made to have regard to the report when taking decisions about the budget and setting the Council Tax. The Chief Finance Officer is as defined in Section 151 of the Local Government Act 1972 and is fulfilled by the Director of Finance.
- 2.3 Section 26 of the Local Government Act 2003 places an onus on the CFO (the Director of Finance and Transformation and s151 Officer) to ensure the Council has established a minimum level of reserves to be retained to cover any unforeseen demands that could not be reasonably defined within finalising the proposed budget. For the purpose of the Act 'reserves' include the 'General Fund Balance.
- 2.4 This report has been prepared by the CFO to fulfil this duty and gives the required advice relating to the 2025/26 financial year. This includes a consideration of the budget proposals as a whole and the key financial risks facing the Council.
- 2.5 In accordance with s31A of the Local Government Finance Act 1992, the Council is required to have regard to this report when making decisions on

agreeing the budget and setting the Council Tax for the financial year 2025/26.

3 Chief Finance Officer Overall Opinion

- 3.1 At 2024/25 budget setting the Council's financial position was deemed critical by the previous s151 Officer due to demand pressures, a critically low level of revenue reserves, and it was unable to set a balanced revenue budget for 2024/25 without recourse to Exceptional Financial Support (EFS) from the Department for Levelling Up, Housing and Communities (DLUHC) now renamed Ministry of Housing, Communities and Local Government (MHCLG).
- 3.2 Whilst the Council financial position has substantially improved through actions undertaken during 2024/25 and is now on a firmer setting, it is still fragile for the following major reasons and there needs to be a continuing focus on the Council's finances.
- 3.3 The Council is forecast to slightly underspend by £0.006m against its budget of £143.190m in 2024/25 (as per the Quarter Three budget monitoring), however it has still not been able to fully mitigate its financial pressures during 2024/25 mainly in relation to children's social care expenditure and has had to rely on underspends on central budgets to create an underspend position. It also has net savings totalling £3.048m which are forecast to be unachieved in 2024/25. It should also be noted that even if the Council breaks even against the budget of £143.190m it will still have to borrow or use capital receipts to fund the £4.7m used to balance the 2024/25 budget.
- 3.4 Whilst the Council reserves have improved during 2024/25 and now the balance on usable unrestricted reserves are forecast to be £21.369m at 31 March 2025, they are still at a relatively low position compared to other local authorities. However, the Council reserves are adequate to support the budget for 2025/26 having regard to the assessment of current financial and other risks and the implementation of recommended management control measures as set out in this report. Provided these assessed risks do not increase substantially and beyond those that have been reasonably assumed in developing the budget the Council is capable of delivering an increase in its financial resilience over the MTFP period. The Council must aim to rebuild its usable unrestricted revenue reserves over the period of the MTFP as outlined in Section 11 of this report and the Reserves Policy in Appendix 4 of the budget report.
- 3.5 Given the Council's financial position and the uncertainty over the medium term pending the Spending Review and Funding Reform in 2025/26, the s151 Officer has advised the Mayor and Executive to adopt the current assumed maximum permissible Council Tax increase of 4.99% p.a. for 2025/26 and this

- has been recommended in the proposed budget for 2025/26. Any reduction in planned Council Tax will be a permanent loss in future funding.
- 3.6 There is also a high level of budget savings planned to be made over the MTFP period to 2028/29 with £20.6m savings required over the period from 2025/26 to 2028/29, and these are on top of £15.3m of savings required for 2024/25, and £97m already made up to the end of 2023/24. This creates a risk in that these are not fully achieved or replaced with alternative savings of a similar value creating pressures on the budget and requiring the use of already low levels of reserves.
- 3.7 Whilst the budget is balanced for 2025/26 and 2026/27 there are still gaps in balancing the budget for 2027/28 and 2028/29. This will necessitate the need for the Council's Transformation Programme to generate savings to help bridge the budget gaps.
- 3.8 On the basis of the risks and issues set out in this report, in my opinion as Director of Finance and Transformation (s151 Officer), the budget estimate of £143.304m and a council tax requirement of £75.783m for 2025/26 to be presented for approval by Council is robust on the basis that:
 - a) All Members and Officers will work collaboratively together with an unrelenting focus and priority placed upon:
 - a. controlling costs within cash limited budgets without exception.
 - b. Delivery of all £11.9m of planned savings for 2025/26 and a further £3.5m for 2026/27 on an ongoing basis
 - c. Identify and develop further transformational savings to enable implementation to secure delivery of a minimum of a £2.726m further savings by 2027/28 and an additional £2.444m of savings by 2028/29 based on the current budget gaps for those years
 - d. Noting that the failure to deliver planned savings in any financial year will add to the budget gap in the following financial year
 - e. Following extensive training in the new Financial and Contract Procedure Rules, Directors will ensure full staff compliance across their respective service areas.

These control measures will serve to preserve and rebuild the Council's revenue reserves to strengthen the Council's financial resilience over the medium term.

b) The Council takes all necessary measures to realise the delivery of planned asset sales in 2025/26 (estimated to be £17m in 2025/26) which are critical to fund transformation investment over the MTFP, and the capital programme.

- c) The funding for the Transformation Programme is maintained at current levels over the period of the MTFP (i.e. £26.7m over the period from 2024/25 to 2028/29).
- d) That transformation and savings delivery plans are developed with continued momentum and appropriate temporary resources are secured across Service Directorates to ensure delivery in line with programme delivery profiles. Each Director will need to ensure that they secure the necessary resources to deliver within available transformation financial resources given the risks to delivery noted in section 5.3 below.
- e) That outputs both financial and non-financial are realised as part of the Transformation Programme, and any expenditure is spent in accordance best value principles.
- f) That sufficient senior and specialist capacity of the Finance Team is secured to be able to service the organisational requirements associated with delivering transformation alongside its normal duties in upholding the S151 officer statutory responsibilities to the required standard. The resources within the substantive team are currently insufficient to deliver at the extent of improvements in financial management required to support the delivery of transformation, and uphold the business-as-usual statutory duties of the s151 officer.

S114 (7) of the Local Government Finance Act 1988 requires that the Council provide the s151 Officer with sufficient resources as the s151 Officer considers necessary to fulfil their statutory duties under the Act.

Budget growth has been provided within the proposed 2025/26 budget and if this is approved by the Council as part of the budget setting for 2025/26 then this should provide adequate resources to enable additional capacity and increased qualified accountancy staff in order to implement a new operating model and structure for the Finance Function during 2025/26, as part of the financial management improvement plan to ensure that it is adequate to meet the longer term needs of the Council.

- 3.9 The Council must continue to proactively address the areas for improvement set out in previous external bodies, such as DHLUC/Grant Thornton, Middlesbrough Independent Improvement and Advisory (MIIAB), the CIPFA Financial Management Review undertaken during 2024/25, and the recent LGA Corporate Peer Challenge. In particular, embedding improvements to budget modelling and forecasting within the operational management of services underpinned by effective systems and processes will deliver improved and embedded financial management practices across all directorates.
- 3.10 Whilst I am able to provide a high level of assurance for the 2025/26 budget I do have concerns that I will be unable to provide such assurance for the

medium term should the MTFP position change significantly. This medium term judgement reflects the following concerns;

- Continued inflationary pressures;
- Significant financial risks around our social care budgets;
- The inability to make transformation savings to address the medium term position;
- Further delays in fair funding reform and business rates baselining, from which we have a realistic expectation of additional funding; and
- Notwithstanding fair funding reform which should provide an improvement, a forecast tightening of government funding over the medium term;

4. Current Context and Financial Standing of the Council 2024/25 Financial Position

- 4.1 The Council approved a balanced budget for 2024/25 in February 2024 but due to the financial position at the time and the critically low level of usable earmarked revenue reserves there was a requirement to apply for Exceptional Financial Support (EFS) from the Department for Levelling Up, Housing and Communities (DLUHC) now renamed Ministry of Housing, Communities and Local Government (MHCLG) and £4.7m of EFS was required to balance the 2024/25 budget.
- 4.2 The forecast outturn position at Quarter One 2024/25 was a £3.742m overspend, but with improved monitoring and control measures implemented across the organisation by the Leadership Management Team, Elected Mayor and Executive the current forecast outturn position at Quarter Three is an underspend of £0.006m against the £143.190m budget set for 2024/25 (details are provided in the Quarter Three budget monitoring report to Executive on 5 February 2025).
- 4.3 The Council's approach to financial management and control must continue to be rigorous and continue to be reviewed and strengthened through 2025/26 to establish a firm grip on financial management and embed this in the strategic and operational management of the organisation. This is essential to achieve and sustain the current momentum in the improvement in the Council's finances.
- 4.4 There has been an unrelenting focus by the Leadership and Management Team and Executive Members upon managing and tracking the delivery of approved savings over the course of the year. Where original plans have proved difficult or not possible to deliver within the year, alternative mitigations have been deployed as far as possible by Directors through the development and implementation of Financial Recovery Plans.
- 4.5 The Quarter Three position on savings delivery is included in the Quarter Three budget monitoring report to Executive on 5 February 2025, and shows that there are £3.048m of net savings which are deemed to be undeliverable.

- These are factored into the 2024/25 forecast budget position and have been reviewed to ensure they are achievable ongoing.
- 4.6 The table below summarises the main variances within the Council which have proven difficult to mitigate fully due to a combination of:
 - The demand led and statutory nature of the services which have experienced increased demand and complexity of need beyond those anticipated.
 - Inflationary pressures continuing to impact the supply chain for goods, works and services.
 - The nature of current operating models which need to be modernised to realise efficiencies.
 - The requirement for more effective demand management to support and enable communities to become more resilient and self-reliant.

2024/25 Forecast Outturn Quarter Three	£m	
Adult Social Care – unachieved savings	0.659	
Adult Social Care – other - mainly by maximising a one-off	(0.471)

- 4.7 It is essential that robust measures are taken during 2025/26 to manage demand more effectively, deliver efficiencies and develop longer term transformation to control costs, particularly in the areas of Adult Social Care, Children's Care, Education and Partnerships (SEND transport), Homelessness and Environment and Communities (Waste Disposal), in order to ensure the financial sustainability of the Council in the medium to longer term.
- 4.8 As reported previously the Council's usable unrestricted reserves and the General Fund Balance had reduced considerably over the period 2015/16 to 2023/24 to a critically low level of £12.055m at 31 March 2024. Whilst the level of reserves has improved considerably during 2024/25 to a forecast level of £21.369m at 31 March 2025 (as per the Quarter Three budget monitoring) they are still at a relatively low level compared to other local authorities with further details being included in the Adequacy of Reserves Section 11.
- 4.9 The Council still has a low level of financial resilience as a result of the weaknesses in its financial management practices over a number of years. The need to exercise financial grip on operational expenditure and achieve

- transformation of its service delivery models and financial management practices through 2025/26 is critical to stabilise the financial position.
- 4.10 The Council must now continue to have a firm grip and take firm and unwavering action in 2025/26 in order to control expenditure within its annual income sources without exception in order to protect and rebuild reserves to a sufficient level over the medium term 2025/26 to 2028/29.

5 Recommendations in relation to financial recovery and resilience

- 5.1 In September 2024 MHCLG withdrew the Best Value Notice in relation to the Council's failings in culture and governance. However there is still a continuing need to embed improvements in relation to securing financial sustainability and delivery of transformation, whilst effectively implementing new strategies to embed positive cultures.
- 5.2 The Council is progressing on its improvement journey and must seize opportunities to deliver modernisation and efficiency in its operations and embed more robust financial management practices with momentum in order to protect its financial position and succeed in the medium term.
- 5.3 The Council currently lacks sufficient capacity within its permanent staffing establishment across service directorates and enabling services such as HR, Legal, IT and Finance in order to achieve the level of change required at the pace expected and this presents a significant risk which needs to be addressed through the resource planning for transformation that is currently underway. This risk has been highlighted by DLUHC/Grant Thornton, MIIAB, and CIPFA as part of its Financial Management Review during 2024/25. Ensuring that the Council has the appropriate skills, knowledge and capacity in place across service directorates and enabling services such as finance, HR, ICT and legal services is critical to the Council's success. This is being addressed within the development of the transformation programme resource plans and budget growth for these services.
- 5.4 Alongside the need to redesign and transform service delivery, there is a requirement to continue to review and strengthen the financial management arrangements within service directorates, including the adoption of a corporate standard approach to demand and cost modelling, forecasting and reporting, improved financial management skills amongst budget holders, upskilling the finance team and ensuring underlying IT systems, business processes and procedures are in place to establish 'one version of the financial truth' for Middlesbrough Council to support its financial planning and strategic and operational decision making.
- 5.5 The nature of the demand pressures in adult and children's social care, SEND transport, homelessness, and Waste Disposal have proved difficult to control and mitigate in previous years and are key themes within the transformation and savings programmes proposed for 2025/26 and over the medium term, and in turn are critical to securing financial sustainability of the Council.

- 5.6 Service Directors will be required to deliver fully on their savings plans during 2025/26 whilst proactively managing operational income and expenditure to remain within the budget allocations for which they are responsible and accountable without exception.
- 5.7 In addition to ensuring appropriate resources within the service areas, this work will need appropriate engagement of the Finance Business Partnering function. The Finance Service is currently depleted in terms of its capacity to meet the needs of the organisation at this time and presents a specific risk to the Council's ability to deliver on transformation and meet the statutory responsibilities of the s151 Officer. Budget growth has been provided within the proposed 2025/26 budget and if this is approved by the Council as part of the budget setting for 2025/26 then this should provide adequate resources to enable additional capacity and increased qualified accountancy staff in order to implement a new operating model and structure for the Finance Function during 2025/26, as part of the financial management improvement plan to ensure that it is adequate to meet the longer term needs of the Council. There is however a risk in recruiting the required resources due to lack of available suitably qualified and experienced accountancy staff within the local government sector, and other options may be required to be considered to achieve this objective.
- 5.8 A significant amount of work has been undertaken by the Finance Team to develop and improve the Council's approach to demand and cost modelling which is the foundation of robust financial management. Further work will be required during 2025/26 and will build upon the foundations laid during 2023/24 and 2024/25 and will require the integration of operational and financial management through activity-based costing at the most basic level of operational management and decision making across all directorates. In particular, senior finance input will be required to be embedded in transformation programme multi-disciplinary teams to ensure that effective and robust financial management systems and processes are established and embedded in the redesigned and transformed service models.
- 5.9 Budget holders and decision makers within service areas must become more proficient in understanding and managing the financial consequences of their decisions and further training will be provided throughout 2025/26.
- 5.10 Finance Business Partnering needs to be developed to provide greater forward looking, proactive analysis, information, advice and constructive challenge to Directorate Management Teams. The Finance Business Partner is the S151 Officer's representative and should be positioned as a full and equal member of the Directorate DMT, representing and advising Service Directors on behalf of the S151 Officer and upholding the statutory responsibilities of the S151 Officer. The S151 Officer will seek to modernise the traditional approach to delivering accountancy support and financial reporting that is currently the norm across the organisation. This is necessary

- in order to establish a firm grip upon the financial management of Service Directorates and embed a strong financial management culture.
- 5.11 There is a fundamental risk to achieving this requirement given there is insufficient capacity of appropriately skilled and experienced staff within the permanent Finance function as outlined above. Section 114(7) of the Local Government Finance Act 1988 requires the local authority to provide its Chief Finance Officer with such staff, accommodation and other resources as are in his/her opinion sufficient to allow his/her duties under the Act to be performed. This risk has been mitigated by the provision of additional resources in the proposed 2025/26 budget as outlined above.

6. Robustness of Estimates

- 6.1 Budget estimates are based upon a combination of known data and assumptions of which some are within the organisation's control, and some are outside of its control. Therefore, it is not possible to predict the future with certainty and so the statement on robustness of estimates cannot give a 100% guarantee that expenditure and income will be incurred as expected in developing those budget estimates. The financial planning environment is particularly uncertain due to persistently high inflation which is built into budgets, and again only a one-off Local Government Finance Settlement being published for 2025/26.
- 6.2 Work has commenced to establish a standardised approach to demand and cost modelling in the areas of adult social care, children's social care, Integrated Transport Unit and Waste given the scale of the expenditure and financial pressures being experienced in order to improve the Council's approach to budget setting, monitoring and forecasting as required by recommendations made in various external reviews, including the CIPFA Financial Management Review which took place in during 2024/25.
- 6.3 Models are assessed as adequate, but work will need to continue through 2025/26 to improve the Council's financial planning and forecasting capability through more focus upon data and forecasting techniques to strengthen the links between service and financial planning for the future.
- 6.4 The s151 Officer has relied upon the following measures in order to meet the requirements for assessing the robustness of estimates:
 - Budgets have been aligned to the identified spending needs of the Council through the assessment of demand, pay inflation, non pay inflation, contractual inflation and assessment of income sources as set out in the detailed proposed 2025/26 Budget and MTFP at Appendix 2.
 - Compliance by all Directors in the use of budget development guidance issued to support the development of budget saving proposals, including the use of standardised summary business case templates which capture the costs, benefits, risks, impact of proposals together with a high level profile of delivery timescales.

- A further review of income from fees and charges for discretionary services has been undertaken and a Fees and Charges policy which was first implemented in 2024/25 is proposed again for 2025/26 to provide a framework within which fees and charges should be managed.
- A review of savings proposals and their achievability by the Executive, Leadership Management Team, Departmental Management Teams and due diligence review by Finance to assess the robustness and deliverability of proposals.
- The Overview and Scrutiny Board have been engaged in the review and challenge of budget proposals during the consultation period and a series of all member briefings and consultation events have been held to help shape budget proposals.
- Budget proposals have been subject to public and staff consultation where appropriate and feedback has been factored into the finalisation of proposals.
- Directors have taken responsibility and accountability for the delivery of their budget proposals and have formally signed them off as deliverable.
- The use of in-year budget monitoring by Directors and engagement through monthly budget challenge sessions to understand and address the underlying drivers of cost and the recurrent vs non recurrent nature of pressures being experienced in year.
- Director's assessment of expected demand for service provision over the term of the MTFP and testing this in order to assess the credibility of future growth pressures.
- Sensitivity analysis on the assessment of service demand for the demand led statutory service areas to assess the adequacy of reserves.
- The Capital Programme has been extensively reviewed to ensure Council resources are utilised within affordable limits, whilst also ensuring provision for essential expenditure required to support the delivery of the Council's objectives and priorities
- The Treasury Management position reflects the annual requirement to meet capital financing costs of £12.060m in 2025/26 which is equivalent to 8.4% of the Net Revenue Budget.

7 Governance

- 7.1 The Budget has been prepared with the full involvement of the Leadership Management Team led by the Chief Executive and has engaged fully the Elected Mayor and the Executive over many months and iterations of budget proposals.
- 7.2 Under the Council's Constitution, financial management is delegated to each Director, and they are required to manage expenditure within approved resources allocated to their control.
- 7.3 Following the revision of the Constitution and Contract and Financial Procedure rules in September 2023, all senior officers have received relevant

- training and are required to comply fully with these procedures. Further training will be provided during 2025/26.
- 7.4 Enhanced monthly budget monitoring, forecasting and reporting arrangements will continue throughout 2025/26 and essential spending controls including vacancy management and contract compliance will remain indefinitely.
- 7.5 Monthly tracking of savings delivery will be reported by the Programme Management Office engaging fully with Finance Officers to ensure savings delivery and overall cost control remain on track.
- 7.6 An enhanced transformation and programme management framework will operate in relation to the delivery of proposed savings and the development of new transformational projects throughout 2025/26 and over the period of the medium term financial plan.
- 7.7 Realisation of capital receipts from asset sales is critical to funding investment in transformation and therefore will be managed as a workstream within the programme management framework to provide assurance of delivery.

8 Accounting Practice

- 8.1 The 2023/24 annual audit report by the Head of Internal Audit (Veritau) gave a Reasonable Assurance conclusion in August 2024 in relation to the framework for governance, risk management and control operating in the Council. The report acknowledges the progress that the Council has made to address these previously identified issues as well as the corporate issues identified in the government's Best Value notices in January 2023 and January 2024 which are the subject of the CGIP and s24 Notice. This is a significant improvement from the Limited Assurance opinion given in 2021/22 and 2022/23 in which a number of governance weaknesses were identified that were not limited to a specific area or audit.
- 8.2 It is noted that within that assessment, the conclusion of the most recent internal audit reports relating to core financial systems has given substantial assurance on the audit of the main accounting system, debtors and payroll, and for creditors, which gives the s151 officer some degree of assurance over the control environment and completeness and accuracy of financial reporting arrangements for core financial systems that impact upon budgeting and financial reporting.
- 8.3 Issues identified in relation to use of Purchase Cards in Children's Services has resulted in a revision and strengthening of policies and procedures for the use of purchase cards across the wider organisation. Weaknesses also remained in Children's Services in relation to commissioning and contract management with agreed actions now implemented. Children's Services use of agency staff identified a number of issues relating to policies, procedures, authorisation of recruitment, pre-employment checks and timesheet

- authorisation, and the findings and management actions were presented to the Audit Committee in October 2024.
- 8.4 Further due diligence will be undertaken in relation to accounting practice including Dedicated Schools Grant and capitalisation of expenditure through 2025/26 and so it is possible that new issues may emerge as this work is delivered.

9 Budget Savings Delivery

- 9.1 The budget development process for 2025/26 continued the requirement to produce a summary business case as a minimum standard (referred to as R2 form) in relation to every budget proposal which captures key financial information around investment, income, expenditure reduction (staff and non staff), impact upon service users, equality impact assessment, risks and dependencies and high level delivery timescale, together with a RAG rating on the risks associated with delivery of planned savings.
- 9.2 More complex and transformational savings initiatives will be subject to enhanced programme and project management in accordance with the new Transformation Programme governance arrangements to provide assurance of delivery.
- 9.3 It is critical that the Leadership Management Team and Executive have an unwavering focus upon ensuring the following during 2025/26:
 - delivery of planned savings
 - development and implementation of further transformation, efficiency and demand management plans.
 - Strict cost control including on vacancies, other staff costs and expenses,
 - Compliance with Contract Procedure Rules to ensure expenditure is 'oncontract' and appropriate use and control of purchase card expenditure.
 - Continuation of monthly budget monitoring, forecasting and challenge sessions to ensure that proactive arrangements are in place to address adverse variances as they emerge.
 - Continuation of quarterly member led budget challenge sessions (monthly for Children's Care) and review sessions with full engagement of portfolio holders in overseeing financial performance on a monthly basis.
 - Integration of operational and financial management processes that enable the development of more robust data driven demand and cost models which are the foundation for effective financial planning, forecasting, monitoring and control.
- 9.4 The s151 Officer has made financial provision for a Savings Delivery Risk Reserve of £3.052m and a delivery risk budget of £2m in 2025/26, due to the following factors:
 - the challenging nature of the savings programme which is predicated heavily upon new transformation, redesign and demand management

- measures, and this is in addition to high levels of savings already made in previous years
- the fact that programmes of this magnitude can take a period of time of implement
- the Council's potential lack of sufficient resources and capacity to ensure delivery with momentum
- 9.5 It is anticipated that the amount of transformation expenditure will be up to £5.0m in 2025/26 (including ICT), with an estimate for redundancy costs of up to £1.750m in 2025/26, and a contingency budget of £0.750m. This will be funded from Flexible Use of Capital Receipts (FUoCR) and will mean that the estimated value of the FUoCR will be £7.5m in 2025/26, and once finalised this will be presented for consideration and approval by Council in April 2025. It is essential that the capital receipts are received during the year to fund the Transformation Programme and the Capital Programme

10 Key Risks impacting Budget Delivery

- 10.1 **Demand for Children's Social Care** As described in the MTFP at Appendix 2, the Council continues to experience exceptionally high levels of demand, complexity, and cost of children's social care, particularly in relation to its reliance upon external residential provision to meet the needs of children in its care. The budget has been increased from £31m in 2019/20 to £54m in 2024/25, with a further proposed increase of £3.5m for demand in 2025/26 and £1.5m p.a. for 2026/27 to 2028/29 based upon further expected pressures.
- 10.2 Demand and cost of Adult Social Care Costs are increasing due to increased demographic demand pressures, together with higher care fees to providers to offset their rising costs and capacity constraints due to labour shortages. The Adult Social Care service is also experiencing challenges in recruitment and retention of staff of which pay is a driving factor.
- 10.3 Special Educational Needs and Disabilities (SEND) Transport The budget for the Integrated Transport Unit which provides transport services has been reviewed in detail and rebased during 2024/25 with additional budget being provided in order to address the increasing numbers and complexity of SEND pupils requiring transport. Whilst intensive work has been undertaken to establish more robust demand and cost modelling to support financial planning and budgetary control, there is a need to continue to monitor this area closely.
- 10.4 **Homelessness -** In line with the national issue affecting many local authorities across the country, the Council is experiencing an increase in the number and complexity of homelessness cases and a need for temporary accommodation. This is coupled with an increase in the cost of provision, especially in relation to bed and breakfast accommodation. The Local Housing Allowance (LHA) within Housing Benefit Subsidy is proving to be

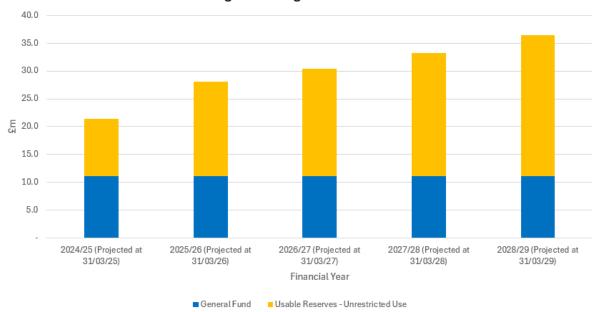

- insufficient to meet these costs resulting cost pressure to the General Fund budget.
- 10.5 Waste Disposal Costs Inflationary provisions have been built into the budget for waste disposal given that the Council is nearing the end of its existing contractual arrangements for residual waste disposal, and it is necessary to reflect the expected uplift in market prices that is likely to result from replacement provision. This, combined with budget proposals aimed to increase recycling rates and reduce the proportion of residual waste, aims to deliver cost efficiencies in 2025/26 and future years. This is dependent upon changing the behaviours of households across the town to dispose of waste more responsibly and has potential to achieve significant cost savings / cost avoidance if implemented effectively.
- 10.6 **Delivery of Savings** The budget for 2025/26 is predicated on a total of £11.876m of savings being delivered in 2025/26 (£7.036m of new savings being delivered in addition to £4.840m of savings previously approved in 2024/25). This is in addition to the savings already implemented in 2024/25 totalling £15.302m. Also there are a total of £3.517m of savings planned for 2026/27, and there will be need to identify at least a further £5.170m of ongoing savings by 2028/29 through additional transformation themes to address the remaining budget gap over the MTFP planning period. The requirement to make nearly £36m of ongoing savings over the period from 2024/25 to 2028/29 creates a risk, and it needs to be noted that this is in addition to over £97m of budget savings already made from 2013/14 to 2023/24.
- 10.7 Insured and uninsured risks During 2022/23 the Council's Insurance Actuary undertook a review of the insurance arrangements and as a result the Council set aside £7m for known and future insurance claims that are likely to be settled. Of this, £3.33m was set aside as a provision in 2020/21 Statement of Accounts for claims received but not yet paid. With effect from the 2023/24 budget, an annual contribution of £0.5m is made over future years to address the remaining £3.7m of potential claims that may be received in the longer term. A further actuarial review will take place during 2025/26.
- 10.8 Internal Borrowing The Council adopts a policy of optimising its treasury management activities to utilise internal borrowing from its cash balances where it is prudent to do so. This is expected to be around £17.809m in 2025/26. Much of this relates to revenue and capital reserves held on the balance sheet that are expected to be used over the MTFP period. This and the associated costs of external borrowing are factored into the current capital financing forecast cost of £12.060m for 2025/26.
- 10.9 **Finalisation of prior year Statement of Accounts** The Council currently has prior years Statements of Accounts that remain subject to the completion of the external audit, with the delay due largely to the impact of the national reset of the local authority audit market by MHCLG. An earmarked reserve of

- £1m has been set aside to provide for unforeseen adverse audit adjustments that may arise from the conclusion of these legacy audits in future periods.
- 10.10 **DSG deficits** Whilst Middlesbrough received £30.650m for DSG High Needs for 2024/25, the Council are forecasting spending an estimated £36.852m expenditure in 2024/25, an in year pressure of £6.202m on High Needs which would increase the Council's overall DSG deficit position to £20.693m at 31 March 2025. The pressure has been driven up by Education and Health Care Plans (EHCPs) increasing over recent years from 2022 to 2024 by over 12.3% (up from 1,804 in 2023 to a current level of 2,026) and the service has faced the full year effect of this increase along with continued increasing numbers in the past 12 months, and also increasing exclusions. The Dedicated Schools Grant (DSG) statutory override which instructs Councils to account for the DSG negative balance in a separate reserve and not to fund it by using its General Fund will continue to 31 March 2026. However, no further information in relation to a Government funding solution or the continuation of the statutory override beyond that date has yet been received and therefore this presents a significant financial risk to the Council in the future. Middlesbrough participates in the Delivering Better Value (DBV) programme that invests £1m over an approximate 18-month period ending 31 March 2025, and a range of management actions are being taken alongside the DBV programme to try to reduce this deficit. Further focus in this area is required during 2025/26.
- 10.11 **Utilisation of Reserves –** The proposed budget for 2025/26 does not place any requirement or reliance upon the use of revenue reserves in order to balance the revenue budget position and this principle will be upheld over the term of the MTFP.

11 Adequacy of Reserves

- 11.1 The level of Council reserves has improved considerably during 2024/25 and now are forecast to stand at £11.1m for General Fund and £10.269m for useable unrestricted reserves on 31 March 2025 (as per Quarter Three budget monitoring report), however there are still at a relatively low position compared to other local authorities. The Council has one of the lowest levels of total reserves as a proportion of its net revenue expenditure when compared to all unitary councils in England as illustrated in Figure 1 of the Reserves Policy in Appendix 4.
- 11.2 The Council must aim to rebuild its unrestricted revenue reserves over the period of the MTFP as outlined in the Reserves Policy in Appendix 4 of the budget report.
- 11.3 The Financial Reserves Policy at Appendix 4 sets out the plans to rebuild and maintain the level of reserves over the 2025/26 to 2028/29 period of the MTFP as reflected below to continue the recovery of the Council's financial position and rebuild its financial resilience:

Projected Unrestricted Reserves Balances from closing balance 2024/25 through to closing balance 2028/29

- 11.4 Following a review of the Reserves Policy (Appendix 4), the minimum level of the General Fund Balance, the s151 Officer recommends that the General Fund Balance should be maintained at a minimum level of at least 7% of the Net Revenue Budget over the period of the MTFP to 2028/29. The current level is £11.1m, a level equivalent to 7.75% of the net revenue budget.
- 11.5 Within usable unrestricted revenue reserves, the Financial Resilience Reserve (FRR) will continue to operate as a budget smoothing reserve to meet unanticipated financial pressures and in order to strengthen the Council's financial resilience given the uncertain environment within which the Council is managing its operations and increasing demand for statutory services. The s151 Officer recommendation is that the FRR should be at £10m by the end of 2025/26 and then at £20m by the end of the current MTFP period. This will provide sufficient resilience to support the management of risks in the delivery of the revenue budget over the period. The balance on usable unrestricted reserves at 31 March 2025 is forecast to be £10.269m.
- 11.6 It is essential that Directorates exercise strict management of expenditure within approved budgets in 2025/26 with no overspending, which will detract from achieving the planned rebuilding of reserves.

Appendix 2

Medium Term Financial Plan (MTFP)

Executive Summary

- 1.1. The Council maintains a MTFP which sets out the financial envelope that is available within which the aims of the Council Plan are to be achieved.
- 1.2. The Council's Transformation Programme is an integral part of the MTFP, and necessary not only to deliver change but to reduce the overall cost of service delivery by providing financially sustainable services all within the cost envelope. A further report will be submitted to Executive in April 2025 updating on progress on the Transformation Programme together with the Flexible Use of Capital Receipts Strategy for 2025/26 which will referred to Council for consideration and approval and incorporation into the Budget and Policy Framework.
- 1.3. The Council is committed to making the changes needed to secure its long-term financial stability whilst maintaining and improving services to residents. This will be achieved by the prudent management of the Council's finances and the strengthening of its financial resilience through enhanced budget monitoring controls, more effective financial forecasting, minimising new borrowing, and the effective management of reserves.
- 1.4. The 2025/26 Draft Budget and Medium Term Financial Plan 2025/26 to 2028/29 report to Executive on 4 December 2024 set out the financial position and challenges facing the Council. This was based upon a number of key assumptions in relation to the wider economic environment and local challenges faced by the Council in meeting the needs of the community.
- 1.5. This report updates the financial planning assumptions following the publication of the Final Local Government Finance Settlement (LGFS) on 3 February 2025. These include some minor changes from those contained in the report to Executive on 5 February 2025 which was based on the Provisional Local Government Finance Settlement published on 18 December 2024 (the changes are summarised in paragraph 3.8).
- 1.6. This report highlights an improved financial position for the Council following the Final LGFS with additional funding being provided. However, the majority of the additional funding is one-off for 2025/26 only and therefore does not provide any certainty for the medium term. There is therefore a need for the Council to continue to focus on its financial position and continue the momentum in transforming the Council services.
- 1.7. In response to a significant level of single year funding, the Middlesbrough Priorities Fund of £4.367m will be established, using this funding to deliver high impact, one-off projects for the benefit of our communities. The temporary nature of this funding means we are unable to build it into our ongoing revenue budget (details are provided in paragraphs 4.61 to 4.63).

- 1.8. The other main highlights of the MTFP are as follows, with further details being provided in this Appendix:
 - Confirmation of the proposed new budget savings following the budget consultation exercise, which total £7.036m in 2025/26 rising to £8.686m in 2028/29
 - Budget growth of £2.521m in 2025/26 rising to £2.918m in 2026/27 for reinvestment in services aligned to the Recover, Reset, and Deliver plan.
 - Budget provision of £0.311m in 2025/26 and a further £0.100m in 2026/27 to address the removal of previously approved savings in line with the priorities outlined in the Council Plan and after listening to residents' views
 - a balanced budget for 2025/26 and 2026/27 and a budget gap of £2.726m in 2027/28 rising to £5.170m by 2028/29
 - 2025/26 Net Revenue Budget of £143.304m
 - Council Tax increase of 4.99% for 2025/26 comprising 2% ASC Precept and 2.99% Core Council Tax.
 - The continued building up of the Council's reserves to recommended levels in order to improve the Council's financial resilience in the future

Constructing the Medium-Term Financial Plan (MTFP)

- 2.1 The revenue element of the MTFP is set out in the context of:
 - a period of reducing inflation, following a 40 year high in 2022 which locked in high prices for many of the Council's suppliers and services.
 - the continuation of a cost of living crisis impacting on citizens;
 - a challenging employment market, with recruitment and retention issues internally within the Council and generally across the wider public sector;
 - continuing increased demand for services, in particular those relating to Adults Social Care and Children's Social Care, Home to School Transport, and Homelessness which is expected to continue over the life of the plan;
 - the need to secure financial recovery by protecting the current level of revenue reserves and rebuilding them to strengthen the Council's financial resilience.
 - continued lack of certainty over future Government funding that impacts adversely upon the Council's ability to carry out any long-term financial planning.
- 2.2 The development of the MTFP has identified a range of financial pressures including inflation on pay (including the planned increase in employers' national insurance contributions), contracts, together with increased service demand across statutory services such as adult social care, children's social care, homelessness, home to school transport and waste disposal (details of drivers behind these pressures were provided in the December 2024 report to Executive). These have been offset by identifying deliverable expenditure reductions and income growth through a range of budget proposals that are programmed to deliver significant cost efficiency and/or demand reduction whilst delivering improved outcomes for citizens, thereby improving value for money
- 2.3 The capital programme is developed alongside the revenue budget and MTFP, and both are intrinsically linked by the Treasury Management Strategy and MRP Policy (contained in a separate report to this Council). This determines how the Council accounts for the revenue cost of borrowing, but also how it manages the affordability, sustainability and prudence of the Council's capital financing activities within the framework of the overall budget process. The Council's investment in its capital programme is reliant upon borrowing, external grants, contributions and the generation of capital receipts that are realised from the sale of its fixed assets. During the last budget in March 2024, the S151 Officer indicated that borrowing levels were approaching a pre-determined threshold as a % of the net revenue budget that may undermine sustainability and prudence if further borrowing continued to be used.
- 2.4 The Asset Review report to Executive in November 2023 set out the process of fundamentally reviewing and rationalising the Council's asset portfolio to realise a substantial pipeline of capital receipts that would be required to fund its transformation programme, future capital investment and/or repayment of borrowing to reduce the revenue costs of borrowing. Given the Council's relatively low level of financial revenue reserves the successful delivery of capital receipts arising from the delivery of planned asset disposals is critical to funding the delivery of the Transformation Programme and realising the savings that are due to be delivered over the period of the MTFP in order to maintain the financial sustainability of the Council.

2.5 The aim of the MTFP is to achieve a financially balanced and sustainable General Fund revenue budget and Capital Programme that support the delivery of the Council's priorities, meets statutory requirements and delivers value for money services to citizens over the MTFP period.

Funding Overview

- 3.1 The Government allocates grant funding to local authorities in a process called the 'local government finance settlement' (LGFS). These can be multi-year settlements but since 2015 they have been single year settlements, which creates undue risk and uncertainty for local authorities in their medium term business and financial planning.
- 3.2 The 2025/26 LGFS is again a one year settlement for 2025/26 only, and therefore significant uncertainty remains with regard to the Council's resources for 2026/27 and beyond.
- 3.3 Alongside the 2025/26 LGFS the Government did however outline their plan for the long delayed 'Fair Funding' review and the reform of Business Rates (which have been delayed for a number of years) which seek to change the way that government funding is allocated to local authorities, and opened a consultation on the Local authority funding reform objectives and principles which closes on 12 February 2025. This review will take place in 2025 and will be subject to widespread consultation with the local government sector. The Government expect a three-year Settlement to be implemented from 2026/27, combined with a fundamental review of the methodology for distributing government funding to local authorities (Funding Formula). Uncertainty and risk will still therefore exist for the Council and local government generally with regards to funding for 2026/27 onwards.
- 3.4 The current Funding Formula is widely recognised as being not fit for purpose and it is expected that the review will result in a significant redistribution of resources between local authorities with effect from the 2026/27 financial year. It is too soon to assess the impact for Middlesbrough, although the Government has recognised the significant financial challenges for areas like Middlesbrough, which are subject to high levels of multiple deprivation and low Council Tax raising abilities to fund disproportionate costs.
- 3.5 Pending the review in the 2025/26 LGFS the Government have recognised this and the need to move resources to those areas with greatest need, with the announcement of a new one-off Recovery Grant for 2025/26 worth £5.410m to Middlesbrough along with some other one-off grants. These are for 2025/26 and there is no guarantee that the same level of funding will be provided from 2026/27 onwards.
- 3.6 It is crucially important to note that the 2025/26 LGFS is a one year only settlement and that a Government Spending Review will be announced in the Spring 2025, followed by a three-year Settlement for 2026/27 to 2028/29 which will be significantly tighter for the local government sector based upon published data. The Government's Budget announced on 30 October 2024 indicated a one-off 'front loading' of funding in 2025/26 combined with the continuation of the Exceptional Financial Support mechanism for those authorities facing a s114 scenario.

Local Government Finance Settlement (LGFS) Funding

- 3.7 The 2025/26 Draft Budget and MTFP 2025/26 to 2028/29 report to Executive on 4 December 2024 was published prior to both the 2025/26 Provisional LGFS published on 18 December 2024 and the 2025/26 Final LGFS which was published on 3 February 2025 in which the Government outlined 2025/26 grant funding for local authorities.
- 3.8 The report to Executive on 5 February 2025 was based on the 2025/26 Provisional LGFS announcement and was published before the publication of the 2025/26 Final LGFS. This report reflects the changes since the December 2024 Executive report. It also reflects the following changes announced in the 2025/26 Final LGFS and further information received since the publication of the February 2025 Executive report:
 - Funding of £1.458m for the increase in Employer's National Insurance Contributions (NIC) was announced as part of the Final LGFS. This is an additional £0.158m from the £1.300m estimated to be received in the February Executive report
 - Following further review the estimated total cost of the Employers NIC has been revised to £3.638m from the £3.125m included in the February Executive report meaning a revised gap of funding for this of £2.180m, an additional £0.355m from the £1.825m included in the February Executive report. This additional cost has been covered by a review of estimates for other pay budgets.
 - The Final LGFS announced increased funding for the Children's Social Care Prevention Grant and Middlesbrough will now receive £2.123m in 2025/26, an additional £0.134m from the £1.989m announced in the Provisional LGFS and included in the February Executive report.
 - Public Health grant allocations for 2025/26 were published on 7 February 2025 with Middlesbrough set to receive £19.743m for 2025/26, which is an increase of £0.999m from that received in 2024/25. The grant is ring fenced for use on public health functions.
 - Following submission of the NNDR1 return for 2025/26 the Business Rates retained by the Council have been revised resulting in a further £0.025m of income to the Council.
 - Following further review the estimated Collection Fund surplus for 2024/25 has been revised to £3.052m from the £3.135m included in the February Executive report.
- 3.9 Settlement Funding is the amount of funding assumed by the Ministry of Housing, Communities and Local Government (MHCLG) to be available to an authority through the estimated Business Rates share and general grant funding.

Table 1 summarises the total amount of funding assumed by MHCLG to be available to the Council through an estimated Business Rates share and general grant funding (including previous specific grants which have been rolled into it).

Table 1: Final Local Government Finance Settlement 2025

Main Element of Settlement	Final Settlement 2025/26 £m
Revenue Support Grant	15.444
Business Rates Baseline	19.341
Business Rates Top Up	30.794
	65.579

- 3.10 The Government has assumed a level of Retained Business Rates for Middlesbrough based on their own projections drawing from the new 2023 Business Rates revaluation. The baseline figure used in the settlement calculations and included in **Table 1** is £1.109m higher than the forecast of Retained Business Rates income of £18.232m as reported to MHCLG in the NNDR1 return and included in the proposed budget. This MHCLG estimate is based on the original 2013/14 level assumed when the local retained scheme was introduced, uplifted by multiplier inflation and revaluations. It does not take account of local changes in the underlying tax base.
- 3.11 In the absence of any Government exemplifications of the likely impact of any 'Fair Funding' policy and Business Rates reforms the future settlement funding, included in the MTFP from 2026/27 onwards, assumes an unchanged underlying system with projected inflationary increases. Where increases are expected for specific grants listed in **Table 2** these have been projected on the best available data, and a summary of the amounts assumed is provided in **Table 12**.

 Core Spending Power

Core opending rower

- 3.12 Core Spending Power is the Government calculation used to illustrate the overall impact of local authority funding. This includes the Settlement funding, their assessment of Council Tax income and various specific grants. This measure attempts to assess the total resources over which the Council can exercise discretion on how it can spend its funding.
- 3.13 The Government has published that in their assessment Middlesbrough's overall core spending power for 2025/26 is £2,981 per dwelling. This represents an assumed annual increase in core spending power of 9.6% or £246 per dwelling in 2025/26 as set out in **Table 2**. This is above the England total percentage change in core spending power of 6.8%.

3.14 The source of local authority funding has altered in recent years with a greater proportion of overall funding coming from Council Tax and less from Revenue Support Grant (RSG). Figure 1 below shows the Council's Core Spending Power for 2013/14 to 2025/26 with **Table 3** showing the absolute figures used for the chart to provide detail on the individual components. This shows a change in the mix of funding over the years including increasing percentage of overall funding from Council Tax and a reducing percentage from RSG. As shown in **Table 3** below, Middlesbrough Council has suffered a significant reduction in general Government funding in the form of RSG and Business Rates Top Up Grant with a reduction of £35m (43%) from £81.2m received in 2013/14 to £46.2m in 2025/26. This does not take into account inflation. It should be noted that some of this reduction has been offset by growth in service specific grants, such as the Local Authority Better Care Fund, Social Care grant as illustrated in **Figure 1**. Given the mix of government funding has altered substantially over the period, some widely used comparisons that focus upon RSG and Business Rates top up need to be interpreted with great

3.15 The Special Interest Group of Municipal Treasurers (SIGOMA) has undertaken some research to understand the 'real terms' effect of the Core Spending Power changes from 2010/11 to 2025/26. They have done this by determining a 2010/11 Core Spending Power notional figure which allows direct comparison to reflect the rolling out of grants and changes to the composition of Core Spending Power and by using the GDP deflator produced in the Autumn Statement each year. **Table 3a** below shows that whilst Middlesbrough has had a cash increase in Core Spending Power from 2010/11 to 2025/26 it has actually suffered a £55.4m (22%) cumulative 'real terms' cut in Core Spending Power from 2010/11 to 2025/26 based on 2024/25 prices, equating to a 'real term cut' of £834.7 per dwelling. This is both more than the national average and the SIGOMA average.

Table 3a: Core Spending Power Changes 2010/11 to 2025/26 (SIGOMA)

		Real terms cut	s	Cash terms cuts					
Local authority		Percentage real term cut	£ per dwelling real term cut	Cash increase/cut 15 years 10/11 to 25/26	Percentage cash term increase/ cut	Cash Increase/ Cut 10/11 to 25/26 Per dwelling

SIGOMA	-4,318.9	-19.9%	(657.9)	2,559.2	16.9%	389.8			

3.16 It is important to note that the Government's calculation of Core Spending Power assumes that the local authority increases the Council Tax by the maximum permitted. Therefore, the extent to which the Council has determined Council Tax increases below the maximum permitted, results in a level of funding below the assessed Core Spending Power.

Council Tax income

3.17 The Final LGFS confirmed that local authorities can increase Council Tax up to a maximum of 3% plus 2% Adult Social Care precept (a total of up to 5%) without the requirement for a referendum for 2025/26. In light of the Council's financial position

and the uncertainty over the medium term pending the Spending Review and Funding Reform in the Spring 2025, the s151 Officer has advised the Mayor and Executive to adopt the current assumed maximum permissible Council Tax increase of 4.99% p.a. for 2025/26. The increases in Council Tax being proposed for 2025/26 are 2.99% General Council Tax and 2% Adult Social Care precept and is therefore within the maximum permissible increase and these are detailed in Appendix 7 with a summary of the Middlesbrough element of the Council Tax (excluding parishes, Police and Fire) being shown in **Table 13** in paragraph 4.75.

- 3.18 As detailed above Council Tax income has increased as a proportion of total Council income over the last 11 years as the level of general Government funding in the form of RSG and Business Rates Top Up Grant has reduced. This presents a particular financial challenge for the Council given it has a particularly low Council Tax base with 50.0% of dwellings in Band A, and 17.4% in Band B. This is a higher proportion than the national Band A and B percentage and means that a greater proportion of our residents pay a Band A and B than comparable Councils. Every 1% of Council Tax raises approximately £0.700m of income per year. This means that a higher rate of Council Tax is needed to derive the same income yield compared with many other councils. Any reduction in planned Council Tax will be a permanent loss in future funding.
- 3.19 Details of the number and percentage of dwellings by Council Tax Band in September 2024, a comparison to other local authorities average Band D Council Tax, average Council Tax bill per dwelling for 2024/25, and details of Council Tax increases since 2024/25 were provided in paragraphs 4.51 to 4.56 of the December 2024 Executive report.

Retained Business Rates

- 3.20 With the localisation of Business Rates, it is necessary for each authority to estimate the amount of Business Rates to be collected in 2025/26. The locally retained element of Business Rates is 50%, of which the Council retains 49% and 1% is received by Cleveland Fire Authority. The monitoring and estimating of Business Rates are a local responsibility and the financial risk due to the volatility within Business Rates (including outstanding valuation appeals) has an impact on the Council's overall funding.
- 3.21 Business Rates are now based on a new 2023 valuation list with the total rateable value of businesses in Middlesbrough assessed as £102.434m at 31 December 2024 (NNDR1 January 2025). There are currently numerous rating appeals lodged with the Government's Valuation Office in respect of rateable values. Not all of these will be successful either in full or part. The cost of any successful appeals will be met from the monies received, and hence will impact the Council's overall funding. The Council holds an earmarked provision to secure a degree of protection against such appeals which could otherwise cause in-year budget management issues.

Business Rates Top-Up Payment

3.22 Under the retained Business Rates system any local authority, whose Business Rates income is less than their initial baseline funding level, as is the case for Middlesbrough, will receive the balance as a 'top-up' grant. The Council will receive £30.794m for 2025/26. Other authorities, whose Business Rates income is greater than their initial baseline funding level, pay a 'tariff'. It is the combination of 'tariffs'

and 'top-ups' that balances the system nationally.

Revenue Support Grant (RSG)

3.23 Most authorities currently continue to receive RSG from the Government in addition to their retained Business Rates. The Council will receive £15.444m in 2025/26 representing an increase of 2.1% or £0.322m. This is made up of a CPI inflationary increase of 1.7% based on September 2024 CPI rate, and also £0.079m of grants which have been rolled into the RSG to simplify and de-ringfence the funding and provide local authorities with greater certainty and freedom to deliver their own priorities (Electoral Integrity Programme, Tenant Satisfaction Measures, Transparency Code, and Extended Rights to Home to School Transport).

Recovery Grant

- 3.24 There is a new one-off Recovery Grant, worth £600 million nationally, to target places with greater need and demand for services (the Government have used deprivation as a proxy for this), and less ability to raise income locally. This will start to correct the unfairness of the current system by putting councils in these areas on a more stable footing. The grant lays the foundations for funding reform, ahead of bringing forward more fundamental improvements to the way the Government fund councils, based on an up-to-date assessment of need and resources, from 2026/27. This grant will not be ringfenced, nor are grant conditions imposed on its use.
- 3.25 The Recovery Grant will be distributed using a simple formula, based on the most recent publicly available deprivation, population and taxbase metrics. The grant will support places such as Middlesbrough where, weighted by population, deprivation outweighs Council Tax raising ability. The grant is intended to be highly targeted, meaning that not all authorities will receive an allocation. The government is clear that this grant is not full reform. The formulas in the current system were last updated in 2013/14, some include data from 2001. In this context, the government believes that action must be taken this year. The Government recognise that the metrics in this grant will not be as sophisticated as a fully updated assessment of need, but deprivation is the best available proxy. The Government has also launched alongside the LGFS an initial consultation Local authority funding reform objectives and principles, which proposes a much fuller and sophisticated assessment of need and resources.
- 3.26 The Council will receive **£5.410m** of Recovery Grant for 2025/26. This is one-off grant for 2025/26 and cannot be assumed ongoing.

Local Authority Better Care Fund

3.27 This grant has been created following the consolidation of the two previously existing grants known as the improved Better Care Fund (iBCF) and the ASC Discharge Fund. The grant will be required to be pooled as part of the BCF and will be distributed using the current iBCF methodology. The forthcoming BCF policy framework for 2025/26 will set out further details on how local authorities should work with their local NHS partners and wider public services to plan their integrated use of the BCF. Supporting the recovery of urgent and emergency care services remains a priority, and local areas will be expected to use the grant to reduce delayed hospital discharges, as part of meeting the objectives that will be set out in the

Social Care Grant

- 3.28 This grant, which covers both children's and adult's social care, was initially awarded in 2020/21 to upper tier authorities with social care responsibilities. The allocation methodology uses a combination of the Adults Relative Needs Formula (RNF) and an assessment of each Council's ability to raise funds via the social care precept. Once received, authorities have flexibility to apportion this grant between its children's and adult's social care according to local need.
- 3.29 The announced grant for 2025/26 in the Final LGFS is £22.504m and this reflects a £3.302m increase from that received in 2024/25. This is an additional £1.407m from the £1.895m increase assumed in the December 2024 Executive report, which was based on information received as part of the Government Budget announcement in October 2024.
- 3.30 Within the MTFP the Social Care Grant has been allocated between the significantly increased children in care pressures seen in recent years, and to adult social care to help fund fee rate increases paid to providers and other cost pressures.

ASC Market Sustainability & Improvement Fund (MSIF)

- 3.31 This grant was introduced in 2023/24 and replaced the previous 'Market Sustainability & Fair Cost of Care Fund' grant. It is for local authorities to improve adult social care market sustainability and drive wider improvements in their areas. The allocation for Middlesbrough in 2025/26 is £3.316m, which is unchanged from that received in 2024/25.
- 3.32 The Government expects the funding will enable local authorities to make tangible improvements to adult social care and in particular, to address discharge delays, social care waiting times, low fee rates, workforce pressures, and to promote technological innovation in the sector. It also helps to support the progress local authorities and providers have made to date on fees and cost of care exercises. There will be reporting requirements and grant conditions placed on the MSIF which will be announced at a later date.

Children and Families Grant

- 3.33 The following 6 children's social care programmes previously funded by the Department for Education have been consolidated into a new Children and Families Grant. The value of the grant to Middlesbrough is £2.015m in 2025/26 which is the same as that in 2024/25 with the following amounts for each component:
 - Supporting Families (£1.303m);
 - Supported Accommodation Reforms New Burdens to LAs (£0.467m);
 - Staying Put (£0.118m);
 - Virtual School Heads Extension for previously looked after children (£0.030m);
 - Leaving Care Allowance uplift (£0.054m); and
 - Personal Advisors (£0.043m).

3.34 This grant will not form part of Core Spending Power in 2025/26. Conditions placed on the Children and Families Grant will be published in full alongside the Final LGFS. The government expects that this grant will support local authorities that are currently spending on preventative services to continue their level of spend.

Children's Social Care Prevention Grant

- 3.35 The Government is putting £270m nationally of new funding into a new Children's Social Care Prevention Grant. This was increased as planned in the Final LGFS from the £250m nationally announced in the Provisional LGFS. Middlesbrough will receive £2.123m in 2025/26, an additional £0.134m from the £1.989m announced in the Provisional LGFS.
- 3.36 This will be used, alongside funding in the Children and Families Grant to invest in the national rollout of Family Help. Family Help is a preventative, whole-family service. Families experiencing complex challenges will be supported through one multi-agency child protection team, which will provide a single, joined up offer of help and protection. This will also be used for the national rollout of Family Group Decision Making. Further details are set out in the Final LGFS.
- 3.37 The Children's Social Care Prevention Grant has been distributed using a children's needs-based formula, which has allocated funding according to estimated need for children's social care services. Alongside the interim formula, the variation in the cost of delivering services and the ability of local authorities to raise resources locally has also been taken into account to determine the grant allocations.
- 3.38 Conditions placed on the Children's Social Care Prevention Grant have been published alongside the Final LGFS.
- 3.39 The two separate grants for children's social care in 2025/26, the Children's Social Care Prevention Grant and the Children and Families Grant, is a transitional arrangement. In 2026/27, the Government will merge these grants and explore further consolidation in children's services.
- 3.40 Due to above uncertainty in the level of this grant from 2026/27 onwards this will initially be treated as one-off in 2025/26 and this will be reviewed when further information as to its continuation is received. The funding will be kept separate from other funding and will be utilised in line with the conditions of the grant.

Domestic Abuse Safe Accommodation Grant

3.41 The Government has consolidated the above grant as a new separate line in the settlement. Middlesbrough will receive £0.513m in 2025/26, which is an increase of £0.102m from the £0.411m received in 2024/25. This grant is ringfenced.

New Homes Bonus (NHB)

3.42 The NHB rewards local authorities for increasing the number of new, occupied and affordable homes. The allocation for Middlesbrough is £0.031m for 2025/26 with no legacy payments as has been the case since 2020/21. This is a reduction from the £0.499m received in 2024/25 but is broadly in line with estimates assumed in earlier versions of the MTFP.

- 3.43 As in previous years, the allocations for 2025/26 will be funded through a top slice of the Revenue Support Grant. This means that approximately £290m nationally of funding is removed from the RSG. This affects authorities like Middlesbrough who have limited ability to increase the number of homes.
- 3.44 In the LGFS the Government announced its intention that 2025/26 will be the final year of the NHB in its current format and that councils should consider this in their financial planning. The government is consulting on the NHB beyond 2025/26 as part of the consultation on the principles and objectives of funding reform which has been launched alongside this consultation.

Services Grant

3.45 This Services grant which was introduced in 2022/23 for all tiers of local government in recognition of the vital services delivered and the cost pressures being faced has been removed with the funding being utilised in the wider settlement and in particular to fund the Recovery Grant. Middlesbrough's allocation for 2024/25 was £0.293m.

Employer National Insurance Contributions (NICs) compensation

- 3.46 As mentioned in the December 2024 Executive report the Council will face increased costs from the increase in Employers NIC to 15% from 13.8% and the lowering of the threshold at which Employer's NIC are paid to £5,000 a year. This will have an impact on both staff directly employed by the Council, and Council contracts for supplies and services with private providers, such as adult social care, children's social care and the Council's leisure contract. The Council will also potentially face increased cost of supplies and services across a range of purchased goods and services.
- 3.47 In the MTFP in the December 2024 Executive report the additional cost to the Council was estimated at £1.075m and as no clarity was provided at that point regarding funding for this no funding was included.
- 3.48 In the Final LGFS the Government has provided £515m nationally of new funding to support councils and combined authorities with the costs associated with the increase in employer National Insurance Contributions (NICs). The funding is unringfenced and can be used to support councils to mitigate the additional costs of employer National Insurance Contributions within direct, commissioned, and externally provided local services. As part of the Final LGFS Middlesbrough has been allocated funding of £1.458m for the increase in Employer's National Insurance Contributions (NIC). This is an additional £0.158m from the £1.300m estimated to be received in the February Executive report which was calculated using methodology provided and information provided by SIGOMA.
- 3.49 However following further analysis it is now estimated that the total costs of the Employers NIC increase will be £3.638m in 2025/26, which is an increase from the £3.125m included in the February Executive report. This will mean that there will now be a gap of £2.180m in funding for the Employers NIC increase, which is an additional pressure of £1.105m on the MTFP from that included in the December report.

Significant Specific Grants outside the Settlement

3.50 A number of other grants are received outside of the key settlement figures and are not included in the calculation of Core Spending Power. The basis of distribution varies from grant to grant. This budget has again been constructed on the established basis that if specific grant funding reduces then the associated expenditure and activity will reduce accordingly.

Extended Producer Responsibility (EPR)

- 3.51 Whilst not part of the Final LGFS the Government has confirmed separately funding for the Extended Producer Responsibility (EPR). From 2025, some organisations and businesses will have to pay a fee for the packaging they supply to or import into the UK market. This is called Extended Producer Responsibility (EPR) for packaging.
- 3.52 The money collected will go to local authorities (LAs) and it will cover net costs of collecting, managing, recycling and disposing of household packaging waste to enable more efficient and effective waste services.
- 3.53 In the first year (2025/26), local authorities will receive a guaranteed basic payment based on publicly available and existing data, and data about tonnages, operations and unit costs gathered from a representative sample of LAs across the UK. The basic payment is calculated using a model based on certain LA characteristics, national policies and circumstances, amount of waste collected and managed, and the estimated composition of this waste. Whilst there may be some additional responsibilities, such as the revenue costs associated with food waste collection, the funding is un-ringfenced.
- 3.54 From the second year (2026/27) onwards, the basic payment and any adjustments will be based on data submitted by LAs to the Scheme Administrator and is therefore unpredictable.
- 3.55 Middlesbrough will receive at least £3.367m in 2025/26. This funding will be part of the new Middlesbrough Priorities Fund for 2025/26 only (detailed in paragraph 4.61 to 4.63), part of which will help to enable more efficient and effective waste services.
- 3.56 At this stage in the absence of any further detailed information no assumption has been in the MTFP of the funding in 2026/27 or future years. This assumption will be updated as when further information is received during 2025/26.

Public Health

3.57 Whilst not part of the LGFS, Public Health Grant allocations for 2025/26 were announced on 7 February 2025. Middlesbrough will receive £19.743m for 2025/26, which is an increase of £0.999m from the £18.744m received in 2024/25. Public Health Grant must be fully spent on public health activities as per the conditions of the ring-fenced grant.

Housing Benefit Administration Subsidy Grant

3.58 The MTFP assumes the Council will continue to receive 'Housing Benefit Administration Subsidy Grant' in 2025/26 to fund the Council's statutory duty to administer and process Housing Benefit and directly related enquiries. The 2025/26 allocation has not yet been announced and currently the same level of grant as received in 2024/25 of £0.574m has been assumed.

Dedicated Schools Grant (DSG)

- 3.59 Details of the DSG to be received in 2025/26 are provided in **Appendix 8**.
- 3.60 The DSG statutory override which instructs Councils to account for the DSG negative balance in a separate reserve and not to fund it by using its General Fund will continue to 31 March 2026.
- 3.61 At the Autumn Budget, the Government announced an almost £1 billion increase to Special Educational Needs and Disabilities (SEND) and alternative provision funding and stated that it was an important step in realising the government's vision to reform England's SEND provision to improve outcomes and return the system to financial sustainability, and will work closely with parents, teachers and local authorities to take forward this work.
- 3.62 In the Final LGFS consultation the Government stated that they recognise the strain that the rising costs of SEND provision are putting on local government, in particular, the impact of the DSG deficits on councils' finances. They also said that they will work with the sector on a way forward, and it intends to set out plans for reforming the SEND system in further detail next year. This will include details of how the government will support local authorities to deal with their historic and accruing deficits and any transition period from the current SEND system to the reformed system and will inform any decision to remove the statutory override. This will be underpinned by the Government's objective to ensure local authorities can deliver high quality services for children and young people with SEND in a financially sustainable way.
- 3.63 Whilst the Government recognises the issue the uncertainty in relation to a Government funding solution or the continuation of the statutory override beyond that date has yet been received still presents a significant financial risk to many local authorities and for Middlesbrough. The current forecast total cumulative deficit of £20.693m at 31 March 2025 (as reported in the Revenue and Capital Budget Forecast Year-end Outturn position at Quarter Three 2024/25 report to Executive on 5 February 2025) is not specifically addressed within this MTFP. The Council is participating in the Delivering Better Value Programme with the Department for Education (DfE) in relation to measures to mitigate future pressures.
- 3.64 Local government is lobbying central government for a long term funding solution to these pressures.

Medium Term Financial Plan (MTFP)

- 4.1 This section provides an update to the MTFP report presented to December 2024 Executive to reflect latest assumptions, Government announcements and the Final Local Government Finance Settlement (LGFS).
- 4.2 The December Executive MTFP report was produced prior to the announcement of the financial settlement and included proposed draft budgets for 2025/26 and 2026/27 which were balanced, with a gap of £2.686m in 2027/28 and rising to a cumulative deficit of £5.150m by 2028/29, assuming all budget savings proposed were approved.
- 4.3 Public consultation commenced on the 5 December 2024 and closed on 8 January 2025. The updated MTFP reflects the Final LGFS and updates following the Council's public consultation (detailed in **Appendix 3**).

2025/26 Budget Overview and Headlines

4.4 The MTFP has been constructed in accordance with all relevant corporate financial protocols, policy-led, risk assessed and reflecting current Council Plan priorities.

The key headlines from the proposed 2025/26 budget are:

- 2025/26 net General Fund revenue budget (budget requirement) of £143.304m (see Annex 5 for the detail of net revenue budget by Directorate)
- Council Tax requirement of £75.783m
- Council Tax increase of 4.99% for Middlesbrough Council element which includes basic Council Tax increase of 2.99% and an additional 2.00% increase for the Adult Social Care precept.

- These when added to the revised previously approved savings make a total savings to be delivered in 2025/26 of £11.876m rising to £15.393m in 2028/29.
 Note that these are in addition to over £112m of cumulative savings already made from 2013/14 to 2024/25
- Assumed pay inflation of **3.00%** in 2025/26 with an increase of **£2.667m**.
- Assumed contractual inflation of £1.550m in 2025/26 predominately driven by fee rates paid to Adult and Children Social Care providers.
- Assumed additional income of £0.648m from a review of Fees and Charges and inflationary uplift of 2%.
- Assumed service pressures of £13.264m in 2025/26 predominately driven by homelessness, home to school transport, waste disposal, and adult social care and children in care demographics, and including the effect of National Living Wage of £2.351m in 2025/26 on services commissioned from external adult social care providers.
- Assumed budget growth totaling £2.521m for re-investment in services aligned to the Recover, Reset, and Deliver plan, details are provided in paragraph 4.58 and Annex 4

- The creation of a Delivery Risk Budget of £2m on a one-off basis in 2025/26 only, to provide a risk sum to cover any overspend arising mainly from delayed or failed saving delivery and protect against the risk of unplanned use of reserves given that reserves remain low. The future of this budget on an ongoing basis will be reviewed if funding becomes sufficiently favourable and will be used to provide risk cover of the Council's planned transformation and savings going forward (paragraph 4.16)
- The estimated surplus on the Collection Fund for 2024/25 of £3.052m will be transferred to a new Savings Delivery Risk Reserve to help to help provide against the risk of delivery of savings and rebuild reserves (paragraphs 4.49 and 4.72)
- The creation of a one-off Middlesbrough Priorities Fund of £4.367m for 2025/26 only to support initiatives in accordance with the priorities in the Council Plan – further details are provided in paragraphs 4.61 to 4.63
- Additional funding of £3.302m representing Middlesbrough Council's share of the £880.0m additional funding for Social Care Grant announced in the Final LGFS.
- Additional funding of £2.123m representing Middlesbrough Council's share of the new Children's Social Care Prevention Grant announced in the Final LGFS will be kept separate from other funding and will be utilised in line with the conditions of the grant.
- Additional funding of £3.367m representing Middlesbrough Council's share of the new Extended Producer Responsibility (EPR) funding.
- Estimated total costs of the increase in Employers NIC of £3.638m which after accounting for estimated Government funding of £1.458m creates a total net cost of £2.180m to be included in 2025/26 budget.
- A £0.730m ongoing contribution to the Change Fund Reserve
- A £1.466m ongoing contribution to the Financial Resilience Reserve
- An additional one-off contribution of £1.370m in 2025/26 only to the Financial Resilience Reserve to continue to rebuild reserves to a sustainable level.

Changes to budget gap since December 2024 report

4.5 The updated MTFP reflects the Final LGFS and updates following the Council's public consultation and a further review of the main cost drivers of demand. **Table**4 summarises the movement in the budget gap since the report to Executive in December 2024.

- 4.6 **Table 4** illustrates that it has been possible to set a balanced budget for 2025/26. Whilst not applicable for 2025/26 if the Council could not set a legally balanced budget, then there is a requirement for a s114 notice being issued under the provisions of the Local Government Act 1988 Section 114 (3). The s114 process and implications for the Council were detailed in the 2024/25 budget report to Council in March 2024.
- 4.7 The following provides further detail of the main changes made since the December 2024 Executive report:
 - Grant funding has been updated following the Final Local Government
 Finance Settlement, including an additional £1.407m Social Care Grant
 allocation, new one-off grants for 2025/26 only for Extended Producer
 Responsibility (£3.367m), Recovery Grant (£5.410m) and the Children's Care
 Early Prevention Grant (£2.123m).
 - Budget growth for re-investment in services aligned to the Recover, Reset, and Deliver plan, has been revised, resulting in an increased amount of £0.160m in 2025/26 (details provided in paragraph 4.58 and Annex 4)
 - Budget growth of £0.311m in 2025/26 has been provided to address the removal of previously approved savings in 2025/26 in line with the priorities outlined in the Council Plan and after listening to residents' views, and these are now recommended by Executive for approval by Council - details are provided in Annex 3

- The creation of a one-off Middlesbrough Priorities Fund of £4.367m for 2025/26 only to support initiatives in accordance with the priorities in the Council Plan – further details are provided in paragraph 4.61 to 4.63
- Estimated total costs of the increase in Employers NIC of have been revised along with the estimated Government funding following further information received. The total costs of the increase in Employers NIC are now estimated to be £3.638m which after accounting for Government funding of £1.458m creates a total net cost of £2.180m to be included in 2025/26. This is an increase of £1.105m from the £1.075m included in the December Executive report.
- Funding assumptions (including Housing Growth assumptions) have been updated following the Final LGFS and updated data from the NNDR1 Business Rates government return
- The estimated Collection Fund Surplus from 2024/25 has been revised to £3.052m from £2m and the additional £1.052m has been built into the MTFP this will be used in full to provide some financial resilience by rebuilding reserves, which are still at a low level, by the creation of a new Savings Delivery Risk Reserve
- Increased contribution to the Financial Resilience Reserve of £1.586m in 2025/26
- 4.8 The major components of the revised MTFP are detailed in the following paragraphs and are summarised in **Table 14.**

Pay Inflation

4.9 Middlesbrough Council is part of the national pay bargaining framework and is bound by national agreements. **Table 5** below summarises the pay and pension items included in the MTFP. These form a significant driver to the increased MTFP gaps.

Table 5: Pay and pension inflation

Pay model / pension (incremental increases to existing pay model resources)					
Item	2025/26	2026/27	2027/28	2028/29	Cumulative
	£m	£m	£m	£m	£m
Annual Pay Award	2.667	1.778	1.778	1.778	8.001

following actuarial review					
Pension	0.741	-	-	-	0.741
Pay/Pension	3.408	1.778	1.778	1.778	8.742

- 4.10 Informed by latest inflation forecasts and other information provided by organisations such as the Special Interest Group of Municipal Authorities (SIGOMA) the assumption of the 2025/26 pay award remains at 3% which is estimated to cost £2.667m p.a. Assumptions of pay awards for future years in the MTFP have also been kept the same.
- 4.11 This MTFP therefore assumes pay inflation of:
 - 2025/26 **3.0% (£2.667m)**
 - 2026/27 **2.0% (£1.778m)**
 - 2027/28 **2.0% (£1.778m)**
 - 2028/29 **2.0% (£1.778m)**

- 4.12 Pay inflation budgets will be held corporately until final agreements have been made at which point updated budgets will be allocated to departmental budgets, this is done to aid in year budget monitoring. Any variations in the final pay award compared to the MTFP assumptions will need to be managed as part of the in-year budget monitoring process.
- 4.13 Employee pension contributions, based on a triennial pension valuation applying from 2023/24, are as included previously. The next triennial pension valuation will apply from 2026/27 onwards and is currently planned to remain static.

Non-Pay Inflation

4.14 Contractual inflation has been provided for in the MTFP period, with £1.550m being provided for in 2025/26 in relation to specific contracts, mainly around Adult Social Care purchasing budgets and Children's Care external residential and fostering contracts. This has been allocated to Directorates as follows and this is reflected in Annex 5:

Adult Social Care £0.954m
Children's Social Care £0.596m

Other Inflation

4.15 Central Inflation budgets totaling £0.635m from 2025/26 has been provided for the effects of risk around potential additional inflation across a wide range of areas due to uncertainty around levels of inflation. This will initially be held centrally. These have been reduced by £0.819m from 2025/26 due to assumptions for energy prices being revised downwards based upon advice from NEPO.

Risk Management

- 4.16 A new Delivery Risk Budget of £2m on a one-off basis in 2025/26 only has been created to provide a risk sum to cover any overspend arising mainly from delayed or failed saving delivery in 2025/26 and protect against the risk of unplanned use of reserves given that reserves remain low. These measures enable the Council to rebuild its reserves to a sustainable level
- 4.17 An ongoing total of £1.466m from 2025/26, increasing to £1.575m from 2026/27, £2.325m from 2027/28 and £3.075m from 2028/29 has been provided to top up the Financial Resilience Reserve to meet unforeseen financial pressures that cannot ultimately be managed within directorate budgets. It should be noted an additional one off contribution of £1.370m will be made in 2025/26, as detailed in paragraph 4.4. These budgeted contributions have been amended from those provided in the December 2024 Executive report due to additional contributions to reserves in 2025/26. These are in addition to the one-off estimated 2024/25 surplus on the Collection Fund of £3.052m which has been used to create the Savings Delivery Risk Reserve.
- 4.18 Also contributions of £0.730m p.a. are planned to top up the Change Fund Reserve to meet potential future costs of Transformation which cannot be covered by Flexible Use of Capital Receipts.

Income Policy and Fees and Charges

- 4.19 A Fees and Charges Policy was adopted in the 2024/25 MTFP and is proposed to continue over the course of the 2025/26 MTFP (Appendix 5). This recognises a range of different factors in setting a price including legislative requirements and constraints, the cost of delivering a service, benchmarking with other organisations and achieving policy objectives. The Fees and Charges for discretionary services to residents and businesses have been reviewed for 2025/26, and the proposed prices across the Councils services for 2025/26 is included in Annex 1 of Appendix 5, and this will be referred for approval as part of the final budget report to Council on 19 February 2025.
- 4.20 Under the Income Policy, the Director of Finance will determine the minimum percentage increase in fees that will apply as part of the annual budget process unless separately addressed in a specific budget proposal. The proposed inflationary increase that will apply for 2025/26 is 2% for 2025/26 and 2% for 2026/27 onwards in line with current inflation forecasts.
- 4.21 Directors should utilise the Fees and Charges Toolkit to regularly review the full cost of discretionary services and to set future discretionary fees and charges.

Commercial Income

- 4.22 The Council receives income from a number of Commercial developments. The previous updates of the MTFP outlined the assumptions made relating to these and these have not been changed at this stage but are being constantly reviewed in light of the effect of the current economic climate in particular on town centre retail. It should be noted that even with these potential reductions, the commercial developments have provided additional income to the Council, in excess of the cost, in previous years and this is expected to continue in the future.
- 4.23 Income the Council receives from commercial developments was amended to reflect the revenue costs arising from lost income less running costs from the sale of assets approved by Executive on 21 November 2023 as part of the Asset Review report. This totalled £1.527m in 2024/25 and a further £0.188m in 2025/26.

Living Wage

- 4.24 Increases in the National Living Wage will impact upon organisations principally adult social care providers who are contracted to carry out functions on behalf of the Council. Currently increases in the National Living Wage do not have an impact on Council employed staff as the current pay rates paid to Council staff are above the current National Living Wage rates.
- 4.25 The Government announced on 29 October 2024 that the National Living Wage (NLW) for 21 year old and over will increase by £0.77 to £12.21 from £11.44 per hour (a 6.7% increase) from 1 April 2025. The amounts that are allocated in the MTFP to cover the increases in cost expected as a result of this have been revised in line with current available information, and an amount of £2.351m has been allocated for this within Adult Social Care in 2025/26 and £7.818m over the MTFP period.
- 4.26 As with future pay awards there is a high level of uncertainty around this and whether the Government will further change the levels of increase for future years, and therefore this will be reviewed again in the budget report to Full Council in February 2025.
- 4.27 A number of years ago, the Council made a commitment to align to the Living

Wage Foundation recommended levels for pay which aim to provide a real living wage based on the cost of living. This will be reviewed on a regular basis in line with the Council's financial position to ensure this is affordable to the Council.

Service Demand Pressures

- 4.28 As reported in the September 2024 and December 2024 reports to the Executive and quarterly reporting, growth provisions have been reviewed over the course of the financial year through budget challenge meetings and associated work to develop more robust demand and cost models. Some of the estimates provided in the 2024/25 MTFP have been revised in light of 2024/25 financial performance and the assessment of the impact of savings and transformation workstreams upon future growth requirements that were not known when the 2024/25 MTFP was approved.
- 4.29 Table 6 summarises the ongoing Service Demand Pressures (including those mentioned above for Commercial Income in Regeneration and in Adult Social Care for the effect of the National Living Wage increase), and the effect of the increase in Employers' National Insurance contributions and these form a significant driver of cost within the MTFP.

- 4.30 Details of the spending pressures in the following key areas which are of statutory service provision are provided below:
 - Children's Care this area is continuing to experience increased demand for care and cost increases due to provider rates and complexity of cases and in the updated MTFP an amount of £3.500m has been included for this in 2025/26 and a further £1.500m p.a. for 2026/27 to 2028/29.
 - Adult Social Care as mentioned earlier in addition to the effect of the National Living Wage there are expected to be increased costs from providers due to the increase in Employers National Insurance contributions.
 - Integrated Transport Unit (Home to School and Adults Transport) the growth previously provided as part of the 2024/25 budget setting has been reviewed and reduced in line with updated levels of demand for service, and an amount of £1.500m has been removed from the budget in 2025/26 with £0.500m additional budget being provided from 2026/27 in line with forecast levels of demand. This will continue to be reviewed and any updates will be provided during 2025/26.
 - Waste Disposal as previously reported £1.500m has been provided from 2025/26 due to increases in the price of residual waste disposal under the extension of the current contract until the new Energy from Waste (EfW) Site is complete, which is currently expected in 2029. An assessment of future EfW costs will be made when the procurement and contract negotiation reach an appropriate stage.
- 4.31 Whilst all Directorates have been required to put forward budget proposals to balance the budget, further fundamental review of service models in the main areas of Children's and Adult Social Care and Waste will be necessary in order for the Council to achieve a financially sustainable budget position in the medium term.

Technical Adjustment

4.32 As mentioned in the December 2024 MTFP Updates there is a technical adjustment required to reflect the £4.7m of one-off Exceptional Financial Support (EFS) borrowing used to balance the budget in 2024/25 dropping out in 2025/26.

Dedicated School Grant

- 4.33 As detailed in paragraph 3.60 the Dedicated Schools Grant (DSG) is subject to a statutory override by central Government until at least 31 March 2026 which instructs Councils to account for the DSG deficits and resulting negative balance in a separate reserve and not to fund it by using its General Fund resources. MHCLG has signalled in the Final LGFS consultation that the position will be reviewed but no details have been provided as yet.
- 4.34 The deficit on the DSG reserve is forecast to be £20.693m by the end of 2024/25 (as detailed in Table 8 of the Revenue and Capital Budget Forecast Year-end Outturn position at Quarter Three 2024/25 report to Executive on 5 February 2025) and is projected to grow even further by the end of 2025/26 even though the Government has provided additional SEND funding. This is considered to be a potential major risk to the Council's financial resilience in the medium term unless a Government led solution is achieved. The scale of the negative DSG reserve in

- the context of the Council's low levels of reserves is of significant concern and will be recorded as a strategic risk and recognised in the Annual Governance Statement for 2024/25.
- As detailed in the December 2024 Executive report the DSG deficit has potentially resulted in a capital financing cost to the Council. The effect of expenditure being greater than income on this grant has depressed overall cash balances, incurring an opportunity cost of the investment income that could have been earned. It is estimated that the cost related to this is £1.475m over the last three financial years (as detailed in Table 15 of the December 2024 Executive report). Representations are being made to the Government on a national basis by various sector organisations to allow the borrowing costs incurred in the General Fund to be charged to the DSG, but to date no progress has bene made regarding this.

Capital Financing

- 4.36 The Capital Financing Costs associated with borrowing for the capital programme have been subject to detailed review during the 2024/25 financial year. This has been considering the latest interest rate forecasts which are making borrowing costs more expensive, changes to service investment requirements, the asset review in November 2023, and for the borrowing costs for EFS in 2024/25 and transformation proposals, as contained in the Appendix 6. The Capital Financing costs currently assumed in the MTFP include additional funding totaling £2.099m in 2025/26 with a further £0.774m in 2026/27, a further £0.499m in 2027/28, and a further £0.329m in 2028/29. These allocations include provision for changes to the current forecast of costs which may occur and timing of capital investment. Future years allocations will be reviewed and updated as required in future updates of the MTFP and as programme delivery is reviewed.
- 4.37 A separate report to this Council provides the Prudential Indicators and Treasury Management Strategy for 2025/26 which is the framework used to self-regulate this investment within the overall context of the revenue budget process. This report should be considered in conjunction with the main elements and assumptions underpinning the medium term financial plan.
- 4.38 The previous s151 Officer issued an affordability threshold that the cost of principal and interest repayments should not exceed 10% of the Net Revenue budget over the period of the MTFP to 2028/29 and that the Council would reach this threshold towards the end of the current decade. This means that the Council will need to seek to fund its capital programme primarily through grants and contributions and capital receipts or restrict borrowing to investments that will deliver ongoing income or cost reductions in its operating costs. The Council must seek to deploy a strategy within the MTFP period to reduce its revenue budget exposure to increasing MRP and external interest costs which are set out below.
- 4.39 The forecast revenue cost of borrowing over the period of the MTFP and beyond is set out in Table 7 below, assuming no further prudential borrowing other than currently planned.

- 4.40 Any further capital investment thereafter should be by grants and contributions or capital receipts. It should be noted that the capital financing costs increase sharply after 2024/25 given the levels of prudential borrowing being used to finance the programme between 2024/25 and 2026/27. This is due to the current level of asset sales being required to finance the Council proposed transformation plans and not being available for capital investment.
- 4.41 For the financial years 2027/28 and 2028/29 no borrowing is proposed, and all spend put forward has been financed by either grants, contributions or capital receipts. Although these costs have been factored into the MTFP resource allocation, they are now just exceeding the s151 Officer threshold of 10% by the end of 2028/29 (forecast above of 10.07%), however this is not material and also currently the net revenue budgets for 2026/27 onwards are only indicative and are likely to increase.
- 4.42 A further factor to consider on the above table relates to the principal repayment of the historic debt accrued for capital purposes, how this changes over time, and its impact on the revenue budget. This is known as Minimum Revenue Provision (MRP) and is a statutory charge. In 2022/23, the Council under the direction of a previous s151 Officer, changed its MRP policy from a straight line to annuity basis. This reduced the annual MRP charge by £2.3m as principal repayments are lower in earlier years on an annuity basis and this was felt to be better value for money in the current difficult financial environment facing local authorities. However, what this advice did not factor in is that over the life of the debt, principal charges increase as the annuity is based on fixed annual repayments and as interest payments reduce, the relative amount of debt increases over time. An annuity approach therefore is very much akin to the repayment of a mortgage.
- 4.43 Even if the Council stopped investing in long term assets from prudential borrowing beyond the 2026/27 financial year, there would still be an upward incremental drift on the MRP charge from £5.366m (2027/28) to £7.475m (2034/35), which would breach the 10% S151 threshold from 2029/30 onwards. There are two issues to consider in relation to this as detailed in the following paragraphs.

- 4.44 Firstly, it is recommended that the Council consider moving back to a straight-line basis on MRP as soon as this is financially feasible, along with the strategy on funding outlined in 4.38 above. This would mean a base budget adjustment of around £2.5m would be needed from existing resources so would be a significant re-direction of resources from current priorities. It would mean though that a fixed annual charge for MRP that would not change over time would be in place.
- 4.45 Secondly, the additional cost of a straight-line policy would move the Council to well above the 10% threshold advised previously depending on the timing of the decision taken. This additional cost would be an extra 3% on the numbers given in the table above. Although this is a more prudent basis of calculating the MRP charge as this would be a fixed charge over time, unless additional prudential borrowing was taken. It would then be for the s151 Officer to advise Members in relation to the affordability of capital financing costs going forwards and what was a suitable revised % threshold for them to consider.
- 4.46 Further discussions on this area will be part of the approach to building the budget and MTFP for future years.

Reserves

- 4.47 The s151 Officer recommends that the minimum balance on the General Fund Reserve should be maintained at a level of at least 7% of the Net Revenue budget over the MTFP period to 2028/29. In the 2025/26 proposed budget the level is 7.75% equivalent to £11.1m.
- 4.48 In addition, the s151 Officer recommends the build up of the Financial Resilience Reserve to at least £10m in 2025/26 and £20m by the end of 2028/29 to strengthen the Council's financial resilience. The planned contributions in the MTFP will enable these levels to be achieved.
- 4.49 The estimated surplus on the Collection Fund for 2024/25 of £3.135m will be transferred to new Savings Delivery Risk Reserve to provide for any non-delivery or delay in achieving savings and to help rebuild reserves.
- 4.50 An earmarked Legacy Accounts and Audit Reserve of £1m has also been set aside to provide for unforeseen adverse audit adjustments that may arise from the conclusion of legacy audits in future periods. The intention is that once this reserve is determined to no longer be required the balance will be transferred to the Financial Resilience Reserve.
- 4.51 The Council also holds a Change Fund Reserve for the purpose of meeting the revenue costs of transformation and efficiency programmes, which cannot be funded from Flexible Use of Capital Receipts. The budgeted contribution to the Change Fund Reserve is £0.730m p.a. over the MTFP period.
- 4.52 The Council holds an Insurance Reserve as contingency for insurance claims and losses.
- 4.53 Further information is included within Appendix 1 s25 Report and Appendix 4 Financial Reserves Policy.

Budget savings

- 4.54 Budget proposals totaling £7.036m in 2025/26 rising to £8.686m in 2028/29 were detailed in the report to Executive on 4 December 2024. The savings proposed were categorised in two appendices with the savings in Appendix 2 of the December 2024 report, totaling £0.249m in 2026/27, being deemed to potentially affect service delivery levels and therefore being subject to public consultation.
- 4.55 No changes have been to the budget savings proposed following the budget consultation. The Budget Consultation Feedback 2025/26 is contained in paragraphs 4.8 to 4.16 of the main report and in Appendix 3.
- 4.56 The recommended budget savings are summarised by Directorate in **Table 8a** below and detailed in **Annex 1**.

Budget Growth

4.58 Budget growth totaling £2.361m was proposed for 2025/26 in Appendix 3 of the December 2024 Executive report for re-investment in services aligned to the Recover, Reset, and Deliver plan. This has been revised to a total of £2.521m in 2025/26. This is due to an increase in the budget growth proposed for Area Care (RRD06) where after listening to residents' views it is proposed by Executive that this is increased by a further £0.360m to a total of £0.720m in order to increase expenditure from 10% to 20%. There is also a saving of £0.200m as the funding previously proposed for increased Tree maintenance (RRD04) will now be funded from the new Middlesbrough Priorities Fund in 2025/26 rather than from base budget growth. These are now recommended by Executive for approval by Council. Details are provided in Annex 4.

Previously Agreed Savings

4.59 Budget provision of £0.311m in 2025/26 and a further £0.100m in 2026/27 has been made to address the removal of previously approved savings in 2025/26 in line with the priorities outlined in the Council Plan and after listening to residents' views, and these are now recommended for removal by Executive for approval by Council. These are summarised below and detailed in **Annex 3**.

This is after removal of some savings which have been replaced by proposed budget growth as referred to in paragraph 4.59. The delivery of these savings will be tracked alongside new savings as part of corporate budget monitoring arrangements.

Middlesbrough Priorities Fund

- 4.61 In response to a significant level of single year funding, the Middlesbrough Priorities Fund of £4.367m will be established, using this funding to deliver high impact, one-off projects for the benefit of our communities. The temporary nature of this funding means that the Council are unable to build it into the ongoing revenue budget, however elements of it may be announced in the future as being recurrent in which case those elements will be built into ongoing revenue budgets. A paper outlining the governance of the Middlesbrough Priorities Fund and how the Council will identify the initiatives to be delivered will be brought forward for decision by April 2025.
- 4.62 Projects that are put forward must be able to demonstrate progress on the Council Plan 2024-2027, for example Investment into housing projects to reduce homelessness levels would impact on the priority of "A successful and ambitious town" Ensure housing provision meets local demand".
- 4.63 In order to make sure the Council addresses specific issues at a ward level a portion of the fund will be made available for ward councillors to be able to bid for, and this will be allocated at a rate of £5,000 per ward councillor for projects within their wards.

Government Funding

4.64 The Council's retained 49% share of Business Rate income, after adjustments for transitional relief and cost of collection, is estimated to be £ 18.232m in 2025/26, which is £1.109m below our Business Rate Baseline as determined by the Government for the purpose of the settlement.

- 4.65 This retained income carries potential volatility risks for the Council in calculating our share of the yield. The major risks and concerns are the level of successful rating appeals that may be made in the year, the unknown level of bankruptcies and businesses going into administration, the number of empty properties, the number of new properties and the collection rate achievable. The Council is required to make an estimate of the impact of all these, based on limited trend information. The NNDR1 return submitted to be submitted to MHCLG by 31 January 2025 estimated the net rates payable as £38.927m after all reliefs, with £0.370m assumed for bad debts (1.0%) and £0.812m for appeals (2.1%) leaving total collectible rates for 2025/26 as £37.745m, which after further adjustments is used in calculating Middlesbrough's share.
- 4.66 The Council in 2025/26 expects to receive £13.648m Section 31 grant which compensates councils for the loss of income, suffered as a result of previously announced changes to the Business Rates multiplier. The impact of these grants has been included within the budget refresh figures and details are shown in **Table 10** below.

4.67 **Table 11** sets out the overall funding assumed within the budget. Revenue Support Grant, Business Rates Top Up Grant and Retained Business Rates. The increases in 2025/26 are as per the Final LGFS and the increase for 2026/27 is broadly based on the latest estimated CPI increase as at September 2025 (which the Government will base the actual increase on), with the increase for later years of the MTFP being less robust and based on an estimated increase.

4.68 **Table 12** sets out details of all other specific Government funding provided to the Council. These are based on the most up to date reliable information and the impact for 2026/27 onwards have been estimated, but these figures are necessarily less robust than the figures for 2025/26 due to very little information being provided by the Government as to future years funding.

Collection Fund

- 4.69 Statutory regulations require councils to account for annual Council Tax / Business Rates income in a manner different to normal accounting arrangements as would apply if using International Financial Reporting Standards (IFRS). This means any difference between the budgeted net Council Tax and Business Rates income and the actual is held on the Council's balance sheet to be distributed in subsequent years.
- 4.70 Councils are required to calculate an estimated position of the Collection Fund in January which is used by the precepting authorities in setting its budget for the forthcoming year.
- 4.71 An annual review is undertaken to assess the estimated level of collection, the likely balance of the funds and to advise the precepting authorities (Fire and Police) of their share of any surplus/deficit. This enables them to take this into account in their own budget calculations.
- 4.72 It is currently estimated that there will be a total surplus on the Collection Fund of £3.466m with the Council's share being £3.052m. This comprises of a surplus on the Council Tax Collection Fund of £3.934m with the Council share of this being £3.281m. It is estimated that there will be a deficit on the Business Rates Collection Fund of £0.468m with the Council share of this being £0.229m. The Council's surplus will be used in full to provide some financial resilience by rebuilding reserves, which are still at a low level, by the creation of a new Savings Delivery Risk Reserve as detailed further in the Reserves Policy 2025/26 at Appendix 4.

Council Tax Requirement for 2025/26

4.73 Given the Council's financial position, in the report to Executive in December 2024 the s151 Officer advised the Mayor and Executive to adopt the current assumed

maximum permissible Council Tax increase of 4.99% p.a. for 2025/26 in order to reduce the additional budget savings required to be made to balance the budget. This advice also reflects the fact that the Government assumes that local authorities will increase the Council Tax by the maximum permissible in their calculation of the Council's Core Spending Power, which is a measure of how much the Government believes local authorities can raise from Council Tax and that they have available to spend.

- 4.74 It should be noted that each 1% increase in Council Tax produces estimated additional income to the Council of approximately £0.700m per annum.
- 4.75 There is estimated to be an increase in Council Tax income of £0.780m in 2025/26 and a similar amount on an ongoing basis due to a predicted increase in the Council's Tax Base resulting from projected Housing Growth over the period. In addition, it is assumed that there will be an increase of a similar amount each year in 2026/27, 2027/28, and 2028/29. Since 2013/14 the Council's Housing Growth Strategy has delivered an increase in the Council Tax Base of 6,343 Band D Equivalent properties, an increase in Middlesbrough Council's Tax Base of approximately 21%. The cumulative effect is approximately £13.2m per annum and reduces the need to make further annual savings within Council services by this amount.
- 4.76 The Council is required to set a balanced budget for 2025/26. The budget will determine the level of resources to be made available to services and forms part of the determination of the Council Tax to be levied in 2025/26.
- 4.77 If the budget proposed in this report is approved by Council the Budget Requirement for 2025/26 will be £143.304m with a Council Tax Requirement of £75.783m, equating to a Council Tax (Band D) for non-parish areas (Middlesbrough Council only element) of £2,074.34 and Band A of £1,382.89. This represents a total increase in Council Tax of 4.99% for 2025/26 comprising of a general increase of 2.99% and an Adult Social Care precept of 2.00%.
- 4.78 The draft statutory Band D Council Tax calculation that forms the basis of this Council budget report is detailed at **Appendix 7**.
- 4.79 The proposed tax to be levied for each band for each tax band for Middlesbrough Council element (excluding Fire, Police and Parish precepts) is detailed in **Table 5** of **Appendix 7** and is shown below in **Table 13**:

- 4.80 Nunthorpe Parish Council has set a precept of £26,871 for 2025/26. The tax to be levied for each for each tax band are set out in **Table 5** of **Appendix 7**.
- 4.81 Stainton & Thornton Parish Council has set a precept of £14,010 for 2025/26. The tax to be levied for each for each tax band ae set out in **Table 5 of Appendix 7.**
- 4.82 Cleveland Fire Authority has set a precept for Middlesbrough of £3,449,103. The Council Tax levels for 2025/26 are set out in **Table 6** of **Appendix 7**. (subject to formal approval)
- 4.83 Cleveland Police and Crime Commissioner has set a precept of £11,601,561 and Council Tax levels for 2025/26 are set out in Table 7 of Appendix 7.
- 4.84 The proposed total tax to be levied for each band (including Middlesbrough Council, Cleveland Fire Authority, Cleveland Police and Crime Commissioner, and Parishes) is set out in **Table 8 of Appendix 7. (to be confirmed)**
- 4.85 The Executive recognises the financial challenge faced by many households due to the cost of living crisis and provides financial support in the form of reductions to Council Tax for the most financially vulnerable households in addition to grants under the Household Support Fund and its Welfare Strategy.
- Whilst the Council takes a very firm and fair approach to collection there are a number of support solutions which are available to assist financially vulnerable households. Through the Council's proposed Council Tax Reduction Scheme 2025/26, which is a separate paper on this agenda and is to be approved by Council at its budget setting meeting on 19 February 2025, a maximum of 90% support is provided. This equates to an overall level of expenditure to support financially vulnerable households of approximately £21.260m per year is provided to 18,248 households across the town. The Council has considered increasing the scheme to 100%, which would mean around 10,000 working age households would have nothing to pay, however this would likely cost the Council around an additional £2.5m to £3m to implement and operate and is not considered affordable at present.
- 4.87 In addition to the Council Tax Reduction Scheme a number of other support solutions exist. The Council has a welfare strategy which is designed to support households who may be struggling financially. The range of support is extensive and can include such things like maximising benefits, support with any shortfall in rent, as well as help with white goods, furniture, food, and energy referrals. The Council takes a firm but fair and persistent approach to collection of debt including full benefit and welfare checks to ensure that households have access the right level of support to help them meet their Council Tax obligations.

Budget summary & Medium-Term Financial Plan assumptions

- 5.1 In examining proposals for the 2025/26 budget, the Council considers both the immediate situation and the longer term outlook and assesses the impact of decisions accordingly. Current budgets for 2025/26 through to 2028/29 assumes:
 - That the total planned budget savings in 2025/26 of £11.876m rising to £15.393m in 2028/29 are achieved or replaced with alternative budget savings of at least the same value.
 - Council Tax increase of 4.99% in 2025/26 (2.99% general increase and 2.00% Adult Social Care precept)
 - Council Tax increases of 2.99% p.a. in 2026/27 onwards to only include the general increase. In the absence of Government confirmation of the continuation of the ASC precept beyond 2025/26 when it is due to end, a current assumption has been made to remove the 2% increase with effect from 2026/27.
 - 2025/26 Council Tax base of 36,513.9 assuming Council Tax in year collection rate of 98.3% for 2025/26 as per December 2024 Executive report with assumed future net growth of £0.780m pa. Currently similar levels of growth have been assumed for 2026/27 to 2028/29.
 - That there will be no increase or decrease to the current levels of RSG and Business Rates Retained and Business Rates Top up Grant in 2026/27 and future years, apart from the application of inflationary increases, which have currently been assumed to be 1.7% for 2026/27 and future years (based on CPI for September 2024). This will be updated during 2025/26.
 - It is currently assumed that whilst the Council will be compensated for the effect of the increase in Employer's National Insurance contributions, it will not be fully compensated for the effect of the increase and that there will be cost to the Council associated with this of £2.180m in 2025/26 and ongoing.
 - That energy prices will decrease in line with current forecasts provided by NEPO (North East Purchasing Organisation). These will be updated as further information is received.
 - Pay inflation of 3.00% per annum for 2025/26, and 2.00% per annum for 2026/27 onwards.
 - Inflationary uplift of 2% for 2025/26 on discretionary fees and charges. A 2% increase has also been assumed for 2026/27 to 2028/29.
 - Income the Council receives from commercial developments has been amended to reflect latest information regarding occupancy and leases, and also lost income from the sale of assets approved by Executive on 21 November 2023 as part of the Asset Review report.
 - New Homes Bonus Grant is discontinued or rolled into RSG from 2026/27 onwards, given that Government have recognised that the system is flawed.
 - Where national increases are known for specific grants, an estimated future projection has been included based best available information.
 - That other specific grants will continue at their current level for all future years, with the exception of the following one-off grants for 2025/26 only Extended Producer Responsibility (£3.367m), Recovery Grant (£5.410m) and the Children's Care Early Prevention Grant (£2.123m).

- One-off budgets for 2025/26 only, in the form of the Middlesbrough Priorities Fund (£4.367m) and Delivery Risk Budget (£2m), are not continued ongoing beyond 2025/26.
- That the recommend minimum balance on the General Fund Reserve of at least 7% of the Net Revenue budget over the MTFP period to 2028/29, and that the Financial Resilience Reserve is built up to at least £10m in 2025/26 and £20m by the end of 2028/29 to strengthen the Council's financial resilience. The planned contributions in the MTFP will enable these levels to be achieved.
- An affordability limit has been applied to the annual revenue capital financing costs associated with any new capital investment as follows:
 - The total annual cost of repayment of principal and interest on Council borrowing shall not exceed 10% of the Net Revenue Budget over the period of the MTFP to 2028/29.
 - This affordability limit has been factored into the MTFP model

All these budget assumptions will be subject to on-going review in light of changing circumstances.

5.2 **Table 14** shows the updated MTFP for the period 2025/26 to 2028/29 based on the information contained elsewhere in this report.

5.3 It can be seen from **Table 14** that whilst 2025/26 and 2026/27 are balanced, budget gaps still remain in 2027/28 and 2028/29 and further savings proposals arising from the Transformation projects currently being undertaken will be required as a minimum to meet these budget gaps. In practice, the level of further savings to be developed will need to anticipate the risk of further pressures arising from 2026/27

onwards as is the usual experience of the annual budget setting cycle. A summary pf progress regarding the Transformation Programme, alongside the Flexible Use of Capital Receipts Strategy for 2025/26 will be subject to a further report to Council and Executive in April 2025.

CC08	Management	Modernising foster care Tips project aims to increase local authority foster carers to reduce the number of children in residential and other settings to reduce costs and better meet children's needs.	This project will introduce a kinship care team that will provide training and a package of support to foster carers in order to prevent children coming back into care. The project will include a comprehensive marketing strategy to attract new foster carers
CC09	Management	Introduce a reunification team This team would reduce the number of children in the Council's care by helping to place more children in the care of family members under a legal process called a Special Guardianship Order.	This team will be carrying our assessments and a legal process after which children will no longer be in the Council's care and will return home. The department have identified 67 children initially to be assessed and supported with a Special Guardianship Order (discretionary financial support).
CC10	Management	Introduce edge of care team The team would support families who are experiencing difficulties, with the aim of keeping the family together. This will avoid children needing to be taken into care.	This project will introduce an Edge of Care team (strengthening families at home through intensive support to prevent further escalation which may lead to Children needing to come into Care).

Education and Partnerships

Reference	Categorisation	Budget savings proposal	
EDC02	-	Deliver passenger assistance training internally Passenger assistants who support children on home to school transport would be trained by Council staff.	Providing training by Council staff to Passenger Assistants allows for improved flexibility and reduced cost for Home to School Transport Services, this will have no direct impact on the community.
EDC03		Increase transport capacity Increasing the number of vehicles the Council can lease or buy, along with extra staff, would reduce the amount spent on external businesses for home to school transport.	Increases in demand and changes in how the private sector market can provide the home to school transport service is limiting the supply chain for various types of vehicles. Increasing the number of vehicles the council can lease or buy will support increases in demand and complex needs within the home to school transport service; adding resilience into the service.
EDC04		Management review Up to one management post would be removed from Education and Partnerships following a review of the operational practices.	Streamlining processes and creating back office efficiencies in the home to school transport team, as a result one vacant management post is to be removed
EDC06		Increase management fee income The Council will receive more income for services provided on behalf of the Department for Education in relation to home to school transport.	Middlesbrough Council will continue to support DfE and by association Middlesbrough Students where necessary. Where this support is of a non-statutory nature the council will be reimbursed in full by DfE in assisting with the delivery of this service.
EDC07		Travel training Providing training and support to enable more students to travel to school independently, reducing the reliance upon Council provision of home to school transport.	In preparation of greater independence and adulthood, the Council will support a greater number of eligible students through its Independent Travel Training Programme to increase their accessibility to education settings, along with wider benefits such as healthier lifestyles, safe and active travel, social activities and employment.

There is no direct impact upon the level of service provided to the community.
FIN13	Transformation	Procurement Contract Management (Council Wide) Introduce processes, procedures, guidelines and additional resource to strengthen contract management to reduce expenditure on goods, works and services to deliver improved value for money	This proposal aims to improve the Council's contract management arrangements to achieve better value from its contracts for goods, works and services. There is no direct impact upon the level of service provided to the community.
FIN14	Efficiency	Cost of finance system Renewal of the contract for the Business World finance system during 2024 has resulted in a lower contract price for the system by rationalising the number and type of licenses.	The Council has recently concluded a renegotiation of the contractual terms for its finance system which will cost less than the budgetary provision. There is no direct impact upon the level of service provided internally or to services provided to the community.

It also tightens budgetary control arrangements relating to the management of over and underspending to control expenditure within the overall approved budget.	The Council's approach to budgeting for pay currently provides for all posts at the top of the pay grade for each role, irrespective of whether posts are actually vacant or are occupied at a lower point within the grade. In addition there is variation in approach between directorates in relation to the budgetary impact of staff turnover (i.e. a percentage vacancy factor applied to pay budgets to reflect the underspend that will be generated during the period between one postholder leaving the Council's employment and a new employee taking up their role. Some directorates make no provision, whilst others make significant provision for vacancies which is restricts the provision of planned service delivery. These disparate practices result in over-budgeting for employee costs at a whole council level which have generated underspends on employee budgets of between 5% and 13% over the period since 2021/22. Such underspends have commonly been informally applied by budget holders to offset overspends on non pay expenditure and/or income shortfalls, rather than being managed in a controlled and systematic manner in accordance with the 'budget virement' (budget transfer) rules set out in financial regulations with the involvement of finance officers. The Council needs to exercise a firmer grip upon its financial management and control and to evidence its spending decisions to demonstrate value for money and control expenditure within the overall budget. The vacancy allowance that will be applied will be: in 2025/26 The higher of: - existing vacancy allowance for a directorate or - 2.5% of an adjusted pay budget (taking account of posts that are business continuity critical and funded from grant which would be lost if not applied in year) A further step up of 2.5% in 2026/27 will be applied. To achieve this: - Directors will manage the vacancy allowance at directorate level trather than being held at individual service level to enable a corporate and cross cutting approach to managing the pay budget. - Financial

EDC05		Where the council provides discretionary as opposed to	At present the Council pays for some home to school transport that legally could be charged to special schools and health services. A change would see the Council stop paying these costs. The costs would be covered by a school or health service provider instead. This will not mean a reduction in the number of children transported, it will change how transport for approximately 14 children is paid for.

Annex 4a: Additional Information in regard to Proposed Reinvestment in Recover, Reset and Deliver

Reference	Directorate	Proposed Budget Reinvestment in Recover, Reset and Deliver	Additional Information	Outputs
RRD01	Adult Social Care	Adult Social Care Resource Investment of additional staffing for a number of services including: - areas experiencing increased complexity and higher demand (homelessness and adult safeguarding) - improvements in practice and data quality for care package allocation	Additional Staffing will cover the following roles: Local Authority Designated Officer for adult services; Sensory Support Vision Rehabilitation Officer; Principal Social Worker; ACT Data Analyst; Domiciliary Care Broker, 2 x Housing Solution Officers.	- reduction in homelessness caseloads (100 to 70 per officer) - enabling the delivery of Strength based practice - improved data quality for Government returns - continuity of service provision for sensory support and vision rehab
RRD02	Children's Services	Youth Service Providers: An increased investment in Youth Services through youth providers to enable the provision of more sessions and increased engagement of young people.	The service, working alongside the Early Help and Prevention strategy, will offer support to vulnerable young people and their families. This will support the delivery of the Prevention strategy and also wider council initiative for earlier interventions, potentially reducing the points of contacts within the council and other agencies.	Increased earlier intervention measures with vulnerable young people and their families Reducing the pressures on high cost Social care services in both Children's and Adults services.
RRD03	Children's Services	Children's Social Care (S17) Expenditure Investment in resources to deal with increased demand in areas including - Overnight emergency accommodation - Legal and financial support costs	There is a duty on children's services to provide help and support to a child in need, to safeguard the child and promote their welfare. This duty extends to providing help to a family where required. A range of appropriate services may be provided, including financial assistance or housing	An increase across all services provided, these range from: - Overnight Emergency Accommodation - Financial and Legal Support - Travel costs - Goods (e.g. Appliances) - Nursery support
age RRDO G	Environment and Communities	Pest control: Increasing staffing in Pest control from 1 to 4 to enable more treatment of open spaces and alleyways across the town	The investment will allow for an increase 4 operatives from 1, resulting in services covering both preventative services as well as reactive.	As a result the investment will allow for: - Back alleys will be treated weekly. - Open spaces will be treated quarterly. - reactive services will continue where required
182 RRD06	Environment and Communities	Area care: Increase expenditure by 20% to improve service levels for grass cutting, street cleansing, shrubs and hedgerow maintenance, and general neighbourhood maintenance.	- Increase the number of grass cuts to at least 13 per season with no longer than 10 days between cuts. At present it is 14 days - Increase weed killing from an average of 3 per annum per area to 4 (including alleys). Hand held equipment will be purchased to enable this to be undertaken on foot to increase effectiveness. - Increase the number of Seasonal Operatives from 22 to 30. This is a 37% increase. - Increase the shrub and hedgerow maintenance programme by 40% - Increase pest control to weekly in back alleys and quarterly in open spaces. - Employ 16 Neighbourhood Caretakers which will focus on the improvement of Middlesbrough's physical environment. This flexible team will result in an increase in general street cleansing, spraying, painting of street furniture, and the cleaning of pocket parks and alleyways across the town. - Increase in the number of floral displays	This investment aims to improve the cleanliness and appearance of public places.
RRD07	Regeneration	Events: Investment to support and attract events to the town to increase footfall and engagement.	Increasing the Council's Events Team from one to three, and creating an operational budget to enable the Council to attract more events to the town and expand the range and scale of those already taking place in key venues such as the town centre and the parks. An increase in events would lead to more visitors, an increase in the money spent locally and improve the town's image.

Annex 4a: Additional Information in regard to Proposed Reinvestment in Recover, Reset and Deliver

Reference	Directorate	Brancoad Budget Poinvectment in Beauty Perst and Ballius	Additional Information	Outputs
Reference	Directorate Finance	Proposed Budget Reinvestment in Recover, Reset and Deliver Finance Improvement Rebuilding the professional capacity and capability within the Finance Team to strengthen resilience and to deliver the improvements required to strengthen the Council's financial management arrangements as reflected in the CIPFA Financial Management review	Additional Information The proposal increases the staffing establishment by 9 FTE to invest in: - a number of professionally qualified financial planning and technical accountancy roles that are deficient in the current structure. - professionally qualified strategic finance business partnering roles to strengthen the support to service directorates and drive efficiency in use of financial systems and budget holder self service - develop a pipeline of trainee accountants in order to grow and develop internal talent for the future - establish a training budget to support the training and development of accountancy teams to maintain professional standards and enable career progression. The operating model will be revised and the team will be reshaped in order to focus upon the delivery of efficient and robust financial governance and value for money in Council decision making.	These measures aim to ensure that the Finance service has sufficient resources to: - uphold the statutory responsibilities of the s151 Officer; - address the recommendations made by CIPFA's Financial Management Review to achieve a minimum 3 star independent assessment in 2026 - address the weaknesses identified in the MHCLG financial assurance review undertaken in relation to the Council's application for Exceptional Financial Support in 2024/25.
RRD09 P a)	Finance	Counter Fraud Capacity Investment in additional Counter Fraud capacity in order to strengthen the Council's arrangements to protect the Council's financial interests.	This proposal invests an increase in counter fraud resource from 150 days to 400 days per year by 2026/27. This will enable more proactive counter fraud work to take place and will enable the counter fraud team to respond to requests for fraud investigation more promptly. Counter fraud activity focuses upon protecting the financial interests of the Council and ultimately the tax payer through successful prosecution of perpetrators of fraud and recovery of financial losses incurred by the Council as a result of fraud. The impact of this investment will be reported via Counter Fraud updates to the Audit Committee.	This investment aims to increase the number of successful prosecutions of perpetrators of fraud against the Council and recovery of associated financial losses incurred by the Council as a result of such fraud.
90 RRD10 1	Legal and Governance Services	Investment in data analysis: Use of new software would help the Council predict and plan for future demand in areas such as social care and homelessness.		This investment aims to improve medium to long term service and financial planning, enabling the Council to be more proactive in designing and service solutions to meet the needs of the community.
RRD11	Council Wide - Finance	Family resilience fund initiative investment will offer a welfare 'health check' in locations across the town to families facing financial struggles or who do not routinely make contact with the council	The service through the family (household) resilience fund initiative will be offering a welfare 'health check' in locations across the town such as family hubs, neighbourhoods, schools, community groups and other venues that will help the service target those cohorts much in need such as care leavers with children, households facing financial struggles due to a recent change in their circumstances or those that do not routinely make contact with the service. The service can signpost to other support solutions, provide support through the Household Support Fund or where the criteria is not met but further support would be beneficial the fund will provide a means to give additional aid through such things like baby boxes, vouchers, white goods or repairing , winter clothing etc , with each case assessed on its own merits to ensure a more tailored approach is provided. The service will link in with the multi bank where appropriate and sign post to other means of support in the first instance and where a gap remains the Family resilience fund will be accessed to provide immediate support - whilst the welfare 'health check' is undertaken. This work will involve members of the welfare support team working alongside welfare rights. To administer the additional work - will require one FTE (Grade H). Locations will be decided and communicated through a detailed comms plan and shared organisations. Members will be engaged to help manage the message across the town.

Human Rights						
Engagement with Convention Rights (as set out in section 1, appendix 2 of the Impact Assessment Policy).						None of the proposals impact on human rights. None of the assessments have identified that there could be an adverse impact on human rights as a result of a proposal.
Equality						
Age						Feedback on the impact assessments completed for the Budget Consultation identified one as being potentially relevant to age protected characteristic.
						EDC05 – Integrated Transport Unit charging
						The Impact Assessments attached to the report identified that the following proposal was relevant to the age and disability protected characteristics:
						'Remove or recharge non-statutory and discretionary Home to School transport services where the council provides discretionary as opposed to statutory home to school transport services. These will be recharged to the relevant schools and/or health services.'
						The individual IA found that the impact was mitigated because services will continue to be delivered in line with existing policy and taking into account identified needs of those transported and that its impact on schools and vulnerable children had been considered within the design of the proposal which correctly places responsibility for the costs with the school or health provider who have the responsibility to fund if needed.
						As well as proposed budget reductions, the 2025/26 proposed budget includes a number of proposals to improve Adult and children's safeguarding resources to improve outcomes. This will have a positive impact on the age and disability protected characteristics by increasing investment to:
						 Improve practice and data quality for care packages in Adults Social Care Fund more youth services sessions Meet demand for overnight emergency accommodation.

Housing, homelessness and disabled facilities grants						Those leaving the armed forces are prioritised for accommodation with current housing policies. There is one proposal within the budget setting process which is relevant to this protected characteristic which is to increase investment in staffing in homelessness services which will have a positive impact on this group.
Care leavers						
Care experienced people						The proposed budget reductions do not have any impact on care leavers, the proposed increase does not affect any community in particular. Evidence used to inform this assessment includes analysis of current service provision and feedback from the consultation process. The proposal to increase resourcing within the homelessness team will have a positive impact on care experienced people who are more likely to be homeless than their non-care experienced peers

		Key aims, objectives and activities					
		To put in place efficiencies for non-statutory services with an aim of recharging the costs of in-house and external suppliers whilst continuing to meet the transport needs of children attending settings who receive discretionary travel assistance.					
		Statutory drivers (set out exact reference)					
		While there are no statutory drivers in relation to the operational elements of the Integrated Transport Unit which is the subject of this assessment the service does support compliance with statutory duties in relation to home to school transport within the Home to School Travel Assistance Policy 2024/25 (reviewed each academic year) and legislation and other statutory guidance (Education Act 1996), (Travel to School Guidance June 2023). The students whom are currently being transported and funded by Middlesbrough Council are non-eligible for statutory transport.					
		Differences from any previous approach					
	Description:	No changes to policy will be made as part of this proposal. The savings will be achieved by improved efficiencies and recharging the costs for this service to the appropriate education setting or NHS provision.					
		Key stakeholders and intended beneficiaries (internal and external as appropriate)					
ס		The key stakeholders are the internal Access to Education Team, SEND and Inclusion and Transport departments within Middlesbrough Council, staff in the service, NHS/Health Professionals and associated support networks and service users and their families.					
20		Intended outcomes.					
105		A transport offer that utilises resources more efficiently for statutory transport, taking into account the difficult decisions that Local Authorities have to make to make the best use of the limited resources available to Middlesbrough Council whilst maintaining a legally compliant and safe travel and transport service for children. The recharge made to the education or NHS setting will ensure that these resources are fully utilised for statutory transport and that this non-statutory transport is supported by Integrated Transport Unit but not funded by its budget.

	Date of next review:	The next review will be carried out during January 2025 in preparation for contract reviews for the new financial year 2025/26 starting on 1 st April 2025. The service may need to continue up to the end of the current 2024/25 Academic Year. A later review will delay the issue of future tenders if the service is to continue beyond the current tendered route timescales.

Human Rights Could the decision impact negatively on individual Human Rights as enshrined in UK legislation?*	\boxtimes			Provisions for assessment in the Education Act 1996, Home to School Travel Policy, School Travel Statutory Guidance 2023 and support plans for adults ensure provisions for protections are in place to ensure the proposal will not impact on the duties performed by the service and will not impact on individual Human Rights as defined in the UK legislation.

^{*} Consult the Impact Assessment further guidance appendix for details on the issues covered by each of theses broad questions prior to completion.

Screening questions	Response			Evidence	
Sercenning questions	No	Yes	Uncertain		
Equality Could the decision result in adverse differential impacts on groups or individuals with characteristics protected in UK equality law? Could the decision impact differently on other commonly disadvantaged groups?*				The Public Sector Equality Duty (PSED) requires that when exercising its functions the Council must have due regard to the need to: • eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act; • advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; and • foster good relations between persons who share a relevant protected characteristic and persons who do not share it. In having due regard to the need to advance equality of opportunity, the Council must consider, as part of a single equality duty: • removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic; • taking steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of people who do not share it; and • encouraging people who share a protected characteristic to participate in public life or in any other activity in which participation is low. The nature of the service means the proposal is potentially relevant to the age and disability protected characteristics. Reviewing the Integrated Transport Unit Arrangements for Efficiencies in Service will not have an adverse impact on any of the protected characteristics as route planning and services will continue to be delivered in line with existing policy and taking into account identified needs of those transported. Evidence used to inform this assessment includes analysis of the proposal and feedback from the consultation process. 19% (67 people) of respondents disagreed with the proposal, compared to 53% (193 people) in favour. Analysis of the free text did identify some public concerns with the concept and its impact on schools and vulnerable children however these had been considered within the design of the proposal which correctly places responsibility for the costs with the school.

Evidence used to inform this assessment includes analysis of the proposal and feedback from the consultation process.
Armed Forces Could the decision impact negatively on those who are currently members of the armed forces of former members in the areas of Council delivered healthcare, compulsory education and housing policies?*				Children and Adults who are SEND aged 5-25, adults over the age of 25 not attending an education setting, vulnerable children and adults and others who are temporarily based in the area will have the same protections as those who are eligible for travel support to schools, education setting or adult social care setting. Some applicants are entitled to priority interview or guaranteed interviews, where they meet the essential criteria, including Ex Armed Forces personnel, who have left the Armed Forces within the last 3 years, or are within 12 weeks of leaving (discharge papers must be provided.
Care Leavers Could the decision impact negatively on those who are care experienced?*				Passengers within the service may be care leavers and therefore will continue to have the same protections as other eligible students or adults who are eligible for travel support to schools, education setting or adult social care setting. Some applicants are entitled to priority interview or guaranteed interviews, where they meet the essential criteria, including care leavers up to age 25 who have supplied the contact details of their Personal Advisor or Social Worker are guaranteed an interview providing they have evidenced they can meet the essential criteria (In order to access leaving care support, the applicant must have been in care for at least 13 weeks since they were 14 including some point at their 16 th or 17 th birthday).

APPENDIX 4

Reserves Policy 2025/26 Middlesbrough Council

1. Background

- 1.1. The Council is required to maintain adequate financial reserves. Reserves are an integral part of sound financial management, they help the Council plan for future spending commitments, balance the budget and manage unpredictable financial pressures.
- 1.2. Sections 32 and 43 of the Local Government Finance Act 1992 require councils to consider the level of reserves when setting a budget requirement. Section 25 of the Local Government Act 2003 requires the Chief Financial Officer (Section 151 Officer) to report formally to Council on the adequacy of proposed reserves when setting the budget and council tax requirement. This is completed at the Council through the Robustness Statement. The accounting treatment for reserves is set out in the Code of Practice on Local Authority Accounting.
- 1.3. CIPFA issued Local Authority Accounting Panel (LAAP) Bulletin No.99, Guidance Note on Local Authority Reserves and Balances in July 2014. CIPFA also issued CIPFA Bulletin 13 Local Authority Reserves and Balances on 28 March 2023. Compliance with the guidance is recommended in CIPFA's Statement on the Role of the Chief Financial Officer in Local Government. In response to the above requirements, this policy sets-out the Council's approach for compliance with the statutory regime and relevant non-statutory guidance for the Council's cash backed usable reserves.
- 1.4. All reserves will be categorised as per the Local Authority Accounting Practice guidance, into groupings.
- 1.5. Within the Statement of Accounts for General Fund Earmarked Reserves, all individual reserves are reported and will include a description of the purpose of the reserve.
- 1.6. Earmarked reserves will be reviewed regularly as part of the in-year monitoring and accounts closure process and annually as part of the budget setting process, to determine whether the original purpose for the creation of the reserve still exists and whether or not the reserves should be released in full or in part or require topping up based on known/expected calls upon them.
- 1.7 Particular attention will be paid in the annual review to those reserves whose balances have not moved over a two-year period, other than the General Fund, for further detail see Section 3 Management and governance.

1.8 The Council will maintain a General Fund Balance and a number of sub reserves of the General Fund known as 'earmarked reserves' which will be held for three main purposes:

General Fund Balance	A minimum balance which is a contingency to cushion the impact of unexpected events or emergencies. This is the fund of last resort. The General Fund Balance is the statutory fund into which all the receipts of the Council are required to be paid in, and out of which all liabilities of the Council are to be met, except to the extent that statutory rules might provide otherwise. The General Fund Balance summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment (or the deficit of resources that the Council is required to recover) at the end of the financial year.
Earmarked reserves Annex A	Usable Reserves are those reserves that can be applied to fund expenditure or reduce local taxation; They are usable reserves that are generally used to support the general fund position:
(Usable)	 to support financial sustainability which are used to help cushion the impact of uneven cash flows, avoid unnecessary temporary borrowing manage the impact of unexpected adverse impacts upon the general fund budget (e.g., a financial resilience reserve). to meet known or predicted requirements or established by statute. The purpose of these reserves is to enable sums to be set aside for specific purposes or in respect of potential or contingent liabilities where the creation of a provision is not required or permitted.
Restricted	Use is subject to party restrictions / conditions upon their application. For example, the Council is restricted in the use, such as schools' balances which are held on behalf of schools and can only be spent by schools. The Capital Grants Unapplied Account can only be used to finance the Capital Programme.
Unrestricted	The Council can determine the purpose and value of the reserve and has flexibility over its use.

Earmarked Reserves	These arise out of a requirement under legislation and proper accounting practice either to accumulate
(unusable)	revaluation gains or as adjustment accounts to comply
Annex B	with statutory accounting requirements. These
	reserves are not backed by cash resources and
	therefore cannot be used for any other purpose.
	Hence, these reserves are not available to fund
	expenditure. These will generally be excluded from
	any discussion where the Council talks about its level
	of reserves.

- 1.9 The Chartered Institute of Public Finance and Accountancy (CIPFA) recommend that the following factors should be taken into account when considering the level of reserves and balances:
 - Assumptions regarding inflation and interest rates.
 - Estimates of the level and timing of capital receipts.
 - The capacity to manage in-year demand led pressures.
 - Ability to activate contingency plans if planned savings cannot be delivered.
 - Risks inherent in any new partnerships.
 - Financial standing of the authority (level of borrowing, debt outstanding etc.)
 - The authority's record of budget management and ability to manage in year budget pressures.
 - Virement and year-end procedures in relation to under and overspends.
 - The general financial climate.
 - The adequacy of insurance arrangements.
- 1.10 Each local authority must make its own decisions about the level of reserves it hold, taking into account all of the issues referred to above and the advice of the s151 Officer. The level of the general fund reserve will be a matter of judgement which will take account of the specific risks identified through the various corporate processes. It will also take account of the extent to which specific risks are supported through earmarked reserves.
- 1.11 The Council earns interest on the investment of its cash balances through its Treasury Management operations. This revenue income supports its general spending plans. By holding cash balances, the Council effectively internalises some of its borrowing, therefore avoiding interest charges on external debt. Balances held in reserves therefore help to reduce on-going revenue expenditure.

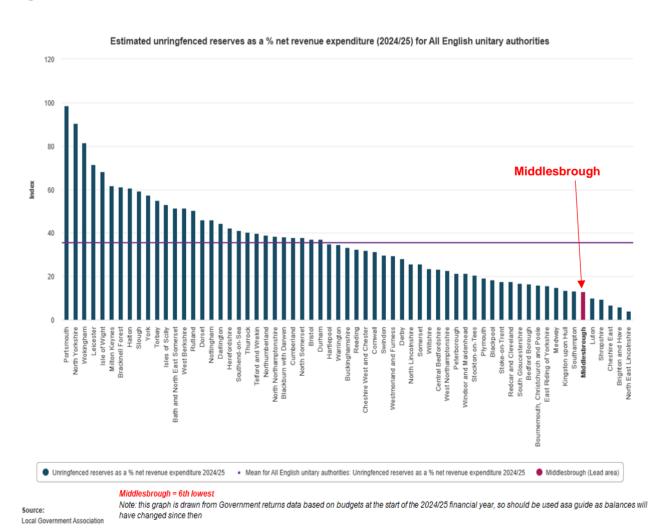

2 Strategic Context

- 2.1 In previous years the Council has faced a shortfall in funding compared to the level of service demand that it is experiencing. It must review its priorities and redesign and transform its services over the period of the MTFP to deliver cost reduction and efficiency to achieve a budget that is financially sustainable over the medium term.
- 2.2 As outlined in the 2024/25 Reserves Policy, to achieve financial sustainability, the Council is currently engaging in a range of innovative and transformational

activities in order to reduce future costs of service delivery. Due to the previously critically low level of reserves, which were and therefore insufficient to support innovation and transformation expenditure, the primary source of funding for transformation is utilising of capital receipts from asset sales through the Flexible Use of Capital Receipts (FUoCR) Strategy, in accordance with Government regulations.

- 2.3 The Council has reviewed its asset base and a plan for asset rationalisation was approved by the Executive in November 2023. This has resulted in an Asset Disposal Programme that is managed as part of the Council's Transformation Programme. Compliance with the Asset Disposal Programme remains fundamental to the Council's ability to successfully deliver transformation.
- 2.4 Over the term of the MTFP, the Council will need to maintain a minimum General Fund Balance and to build up and maintain an increased level of earmarked revenue reserves in order to improve its financial resilience. Based on 2024/25 budget figures, the Council has one of the lowest levels of unringfenced reserves as a proportion of net revenue expenditure compared to all unitary councils as illustrated below in Figure 1.

Figure 1

3 Management and governance

- 3.1 New reserves may be created at any time and approved by the Executive upon recommendation by the s151 Officer.
- 3.2 For each earmarked reserve held there will be a clear protocol setting out:
 - The reason for/purpose of the reserve
 - How and when the reserve can be used
 - A profile over which the reserve is intended to be utilised showing expected contributions to and from the reserve, with an end date for its existence.
- 3.3 The s151 Officer shall approve the draw down of reserves provided that they are for the purpose for which the reserve has been established. The use of reserves will be reported as part of the quarterly budget monitoring report to the Executive.
- 3.4 The s151 Officer will review the use of reserves in accordance with the planned profile periodically through the financial year and as a minimum at accounts closure and budget setting. Protocols will be updated as appropriate.
- 3.5 All protocols will have an end date and at that point any balance will be transferred to the general reserve. If there is a genuine reason for slippage, then the protocol will be updated and submitted through Financial Planning for agreement by the S151 Officer or referred to the Executive as appropriate.
- 3.6 Ongoing recurring costs should not be funded from reserves unless part of a smoothing reserve and approved as part of the MTFP. The short-term use of reserves may be agreed to provide time to plan for a sustainable funding solution in the following financial year. Decisions on the use of reserves may be delayed until financial year-end and will be dependent on the overall financial position of the Council rather than the position of just one service area or directorate.
- 3.7 Council will consider a report from the s151 Officer on the adequacy of the level of reserves as part of the annual budget-setting process.
- 3.8 The Council will review and update the Reserves Strategy and Policy annually as part of the budget setting process.

4. Level of General Fund Balance Usable Reserves

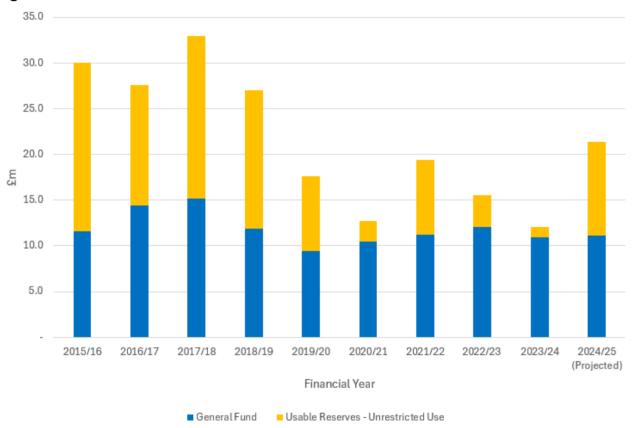

4.1 In previous years, the level of the total value of the Council's unrestricted usable reserves and General Fund Balance had declined as shown in Figure 2 below which weakened the Council's financial resilience in terms of its ability to be able to respond to unforeseen cost pressures and left the Council in a financially fragile position. During 2024/25 rebuilding of these reserves has commenced, as detailed in the 2024/25 Reserves Policy, the 2023/24 Collection Fund surplus, realised in

2024/25, has been applied to rebuild the General Fund Balance and earmarked unrestricted usable reserves to rebuild financial resilience as follows:

	Contribution to Reserve £m
General Fund Reserve	0.114
Financial Resilience Reserve	6.211
Legacy Accounts Reserve	1.000
Change Fund Reserve	1.000
	8.325

4.2 Based upon the forecast outturn at Quarter Three the forecast balance at 31 March 2025 on the unrestricted usable reserves is £10.269m and on the General Fund Balance is £11.100m.

Figure 2 – Movement in unrestricted reserves 2015/16 to 2024/25

General Fund Balance

4.3 The level of the General Fund Balance is a matter for the Council to determine having had regard to the advice of the s151 Officer. The General Fund balance, coupled with a sufficient level of usable reserves, is necessary to manage risk and uncertainty around future government funding and increasing demand and cost of adults and children's services and SEND transport for which the Council has statutory duties that must be met.

4.4 For 2024/25, the General Fund has been replenished to £11.1m, a level equivalent to 7.75% of the net revenue budget. The s151 Officer recommends that the General Fund Balance should be maintained at a minimum level of at least 7% of the Net Revenue Budget over the period of the MTFP to 2028/29 as follows:

	Forecast Contribution to General Fund	Forecast General Fund Balance	Forecast Net Revenue Budget	General Fund Reserve as % of Net Revenue Budget

Financial Resilience Reserve (FRR)

4.5 In the 2024/25 Reserves Policy, the previous s151 Officer recommended that in addition to the General Fund Reserve, a Financial Resilience Reserve (FRR) be rebuilt and maintained in order to strengthen the Council's financial resilience. This Reserve has now been established, and its purpose is to manage the volatility of actual income and expenditure against budget estimates without calling upon the General Fund Balance given the uncertain environment within which the Council is managing its operations and increasing demand for statutory services. The s151 Officer recommendation is that the FRR should be at £10m by the end of 2025/26 and then at £20m by the end of the current MTFP period. The budgeted contributions to the FRR over the period are summarised below. At this stage, no drawdowns have been assumed, and it should be noted that any drawdown from the FRR in year will be required to be budgeted to replenish the FRR in the following financial year. Any underspend at final outturn will be transferred into the Council's FRR unless otherwise recommended by the s151 Officer.

Change Fund Reserve

4.6 The Council holds a Change Fund Reserve for the purpose of meeting the revenue costs of transformation and efficiency programmes, including meeting redundancy costs. However, the Council is now engaged in its Transformation Programme, expected to run until 2028/29, the main source of funding for which is Flexible Use of Capital Receipts (FUoCR) rather than Change Fund. As such, there are not expected to be any calls on the Change Fund in the next two financial years whilst the wider transformation progresses. The use of Change Fund is projected from 2028/29 when the Flexible Capital Receipts funded transformation programme is due to complete.

Savings Delivery Risk

4.7 The scale of the Council's Transformation Programme and associated budget savings presents a significant challenge for which appropriate Transformation and Programme Management Governance arrangements are in place. Utilising the 2024/25 Collection Fund Surplus estimated to be £3.135m, which will be realised in 2025/26, prudent financial provision has been made in earmarked revenue reserves to offset the risk of slippage / non delivery and provide resilience in the event that savings are not realised at the required pace during 2025/26 and future years.

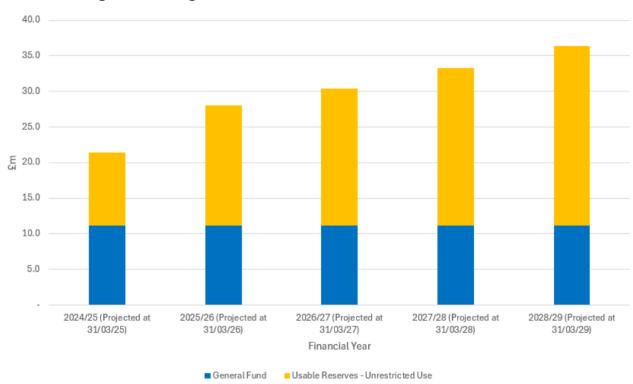

Legacy Accounts and Audit Reserve

4.8 The Council currently has prior years Statements of Account that remain subject to the completion of the external audit, with the delay due largely to the impact of the national reset of the local authority audit market by MHCLG. As detailed in the 2024/25 Reserves Policy, an earmarked reserve of £1m was set aside to provide for unforeseen adverse audit adjustments that may arise in future periods from the conclusion of the clearing of the backlog legacy audits. Whilst these audits have now concluded, the Council's External Auditor has changed from Ernst Young to Mazars, and so for prudence this reserve has been left in place to cover any further adjustments which may be required arising from this change, in relation to changes in audit opinion relating to legacy accounts. Should this reserve not be required, it will be transferred to the Financial Resilience Reserve by the end of 2025/26.

5. Summary of forecast revenue reserves

- 5.1 As a result of these actions and a review of the Reserves Policy, the minimum level of the General Fund Balance will be set at a minimum of 7% of the Net Revenue Budget over the MTFP period to 2028/29. In the 2025/26 proposed budget the level is 7.75% equivalent to £11.1m.
- 5.2 The Council must continue to rebuild its unrestricted revenue reserves over the period of the MTFP. The balance on earmarked unrestricted usable reserves at 1 April 2025 is expected to be £10.269m.
- 5.3 Within unrestricted usable revenue reserves, the Financial Resilience Reserve (FRR) is required to be built up and maintained to at least £10m in 2025/26 and £20m by the end of 2028/29 to strengthen the Council's financial resilience and to provide sufficient resilience to support the management of risks in the delivery of the revenue budget over the current MTFP period. Figure 3 shows the projected unrestricted usable reserves through to the end of 2028/29 after planned contributions, however this will depend on any unplanned drawdowns of reserves.

5.4 The detail of the forecast balances on reserves as at 31/03/25 is included in the Revenue and Capital Budget Forecast Year-End Outturn position at Quarter Three 2024/25 to Executive on 5 February 2025.

Annex A – General Fund & Earmarked Reserves

The Council holds a number of usable reserves, and these are listed below.

Reserve	Description
General Fund Balance	This Fund is the statutory fund into which all the receipts of the Council are required to paid in, and out of which all liabilities of the Council are to be met, except to the extent that statutory rules might provide otherwise.
	This is a minimum balance which is a contingency to cushion the impact of unexpected events or emergencies. This is the fund of last resort. This reserve ultimately smooths the financial impact of unexpected events, major incidents and unforeseen risks.
Capital Receipts Reserve	This reserve holds amounts received from the disposal of assets and is only available to fund future capital projects.
Capital Grants and Contributions Unapplied Reserves	These reserves hold amounts from Capital Grants and Contributions that have been recognised in the Comprehensive Income and Expenditure Statement in line with the accounting code of practice, but for which the associated capital expenditure has not yet been incurred.

Earmarked Reserves

Reserve	Description
Schools Balances	This reserve holds the accumulated balances and the differences between the school budget and actual expenditure incurred in the year for all the Middlesbrough Council schools. In accordance with Government regulations and the Council's scheme of delegation for schools, these funds are carried forward and specifically earmarked for use by schools in future years.
Public Health	The Public Health Grant received by the Council is ring-fenced for use on public health services only. This reserve is for any amounts of grant not spent in year due to timing differences in service delivery.
Insurance Fund	The internal Insurance Fund was set up to cover all the Council's insurable risks. Only a limited amount of external insurance cover is provided for catastrophe or special risk incidents. The nature of the risks covered by the insurance reserve include fidelity guarantee, personal accident, employers' liability, fire, motor, marine, engineers, public liability and money losses.

Better Care Fund	The Better Care Fund (BCF) has been established by the Government to provide funds to local areas to support the introduction of a fully integrated health and social care system. It is a requirement of the BCF that the Clinical Commissioning Group (CCG) and the Council establish a pooled fund for this purpose.
	Section 75 of the National Health Service Act 2006 gives powers to local authorities and CCGs to establish and maintain pooled funds to support the outcomes of the BCF.
	The Council has entered into a pooled budget arrangement with NHS Tees Valley Clinical Commissioning Group for the provision of health and social care services to meet the needs of the population of Middlesbrough. The services being commissioned or provided by the Council or Tees Valley Clinical Commissioning Group (TVCCG) depend upon the needs of the service recipient. The Council and TVCCG have an ongoing section 75 agreement in place for funding these services and this is reviewed annually. The Council is the host for this pooled budget and each partner's contribution is set out in the Better Care Fund section 75 agreement.
	This reserve is to hold balances from the pooled budget.
Revenue Grants Unapplied	In situations where there are no grant conditions or that conditions have already been met and expenditure has not yet taken place, any unspent grants/contributions are transferred to the Revenue Grants Unapplied at year-end. These have been recognised as income in prior years in the Comprehensive Income & Expenditure Statement.
Marton Library Section 106	This reserve is held for the purpose set out in the Section 106 agreement.
Housing Rental Sinking Fund	This reserve is for the replacement of major capital expenditure, e.g., replacement windows and boilers, for properties owned by the Council and rented out.
Financial Resilience Reserve	The purpose of the Reserve is to meet unforeseen financial pressures that cannot ultimately be managed within directorate budgets.
Change Fund	The reserve has been set up to pay for the one-off costs associated with implementing change within services including the funding of invest to save projects, early retirements / voluntary redundancies and altering the way services are commissioned.
Car Parking Reserve	This reserve was created from other reserves to cover potential pressures relating to car parking income arising in future years due to the on-going impact of Covid.
Elections Costs	years, The reserve is built up with a contribution from the elections budget each year, and then drawn down in the fourth year when local elections take place.
Legacy Accounts Reserve	This reserve has been created to cover potential outstanding legacy audit adjustments required to the accounts once outstanding audits for previous financial years have been completed.

Savings	This reserve has been created from the 2024/25 Collection Fund
Delivery Risk	Surplus to offset the risk of slippage / non delivery of budgeted
Reserve	savings.

Annex B – Unusable Reserves

Unusable Reserves are those reserves held by the Council that cannot be utilised to provide services. This includes reserves that hold unrealised gains and losses and adjustment accounts which deal with situations where income and expenditure are recognised statutorily against the General Fund balance on a different basis from that expected by accounting standards as adopted by the Code. Unusable reserves cannot be used to fund expenditure e.g., cannot fund revenue spend on services or capital spend on projects.

Reserve	Description
Revaluation Reserve	The Revaluation Reserve contains the accumulated net gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The reserve only contains revaluation gains accumulated since 1 April 2007, the date when the Revaluation Reserve was constituted. Accumulated gains and losses accumulated before that date are consolidated into the Capital Adjustment Account. Amounts contained within this reserve will only become available to provide services (or limit resources in the case of losses) once the gains/losses are realised as the assets are disposed of.
Capital Adjustment Account	The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction and enhancement as depreciation, impairment losses and amortisation are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The account is credited with amounts set aside by the Council as finance for the costs of acquisition, construction, and enhancement.
	The Account also contains accumulated gains and losses on Investment Property and gains recognised on donated assets as well as revaluation gains accumulated on Property, Plant and Equipment before 1st April 2007, the date that the Revaluation Reserve was created to hold such gains.
Deferred Capital Receipts	Deferred Capital Receipts are amounts that are to be received in instalments over an agreed period of time. They arise from mortgages on the sale of Council Houses, or repayment terms from other asset sales. These can only be used for financing new capital expenditure when the actual receipt is received. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

Financial Instrument Adjustment Account	This Account is held in accordance with the Code of Practice to write down over time the premiums paid on early debt repayment in order to spread the burden on Council Tax. This is a technical adjustment and has no impact on the overall financial position of the Council.
Pension Reserve	This reserve is used to reconcile the payments made for the year to various statutory pension schemes and the net change in the Council's recognised liability under IAS19 – Employee Benefits, for the same period.
Collection Fund Adjustment Account	The Collection Fund Adjustment Account holds the differences arising from the recognition of council tax and business rates income, in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers and business rate payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.
Accumulating Compensated Absences Adjustment Account	The Accumulated Compensated Absences Adjustment Account reflects the value of compensated absences (employees time off with pay for holidays) earned but not taken in the year.
Dedicated Schools Grant Adjustment Account	From November 2020 The Local Authorities (Capital Finance and Accounting) Regulations (the 2003 Regulations) established new accounting practices in relation to the treatment of local authorities' schools budget deficits such that where a local authority has a deficit on its schools budget relating to its accounts for financial years from 1st April 2020, it must not charge the amount of that deficit to a revenue account. The local authority must record any such deficit in a separate account established solely for the purpose of recording deficits relating to its school's budget. The CIPFA local authority accounting code has determined this as the 'Dedicated Schools Grant Adjustment Account'. The new accounting practice has the effect of separating schools budget deficits from its General Fund revenue budget.

Appendix 5

Fees and Charges Policy

1. Introduction

- 1.1 The Fees and Charges policy forms part of the development of the Medium Term Financial Plan (MTFP) for Middlesbrough, which aims to both deliver a balanced budget and support the delivery of the key priorities in the Council Plan, which are:
 - A Successful and Ambitious Town: Maximising economic growth, employment, and prosperity, in an inclusive and environmentally sustainable way.
 - A Healthy Place: Helping our residents to live longer and healthier lives, improving life chances and opportunities to thrive.
 - Safe and Resilient Communities: Creating a safer environment where residents can live more independent lives.
 - Delivering Best Value: Changing how we operate, to deliver affordable and cost-effective outcomes for residents and businesses.
- 1.2 The Council's approach to fees and charges represents a key plank of the Council's MTFP. The Fees and Charges Policy provides a framework to enable the Council to provide the optimal balance to income, policy objectives and risk. It is also a significant source of income that supports the delivery of the services. If the Council were to reduce or stop charges for services it would not have the resources to continue providing the services it currently offers.
- 1.3 This Policy sets out key components of the approach to setting, reviewing, governing and communicating fees and charges for the Council going forward:
 - A framework for setting prices, using the key considerations of legislation, policy and competition as the principal drivers (section 2)
 - The legislative environment that local authorities operate within (section 3)
 - Methodology for understanding the costs associated with service delivery (section 4)
 - Approaches and Policy objective to the Application of the Charging Policy (section 5)
 - Governance approach to approval of fees and charges, implementation of the policy and a commitment to publish a schedule of fees and charges annually (section 6)

- 1.4 This policy applies to all services that the Council charges a Fee or Charge for, with a core focus on discretionary services to residents and businesses. The principles of the Fees and Charges policy should be applied to services operating in a commercial environment such as rental income (including renting assets to the community and voluntary sector), however for many of these instances it would be inappropriate to include them in the Schedule of Fees and Charges.
- 1.5 The scope excludes Council Tax rates, discounts and premiums, Business Rates and Housing Benefits.
- 1.6 The Fees and Charges policy has a number of interdependencies with other strategies and plans within the Council, including the Council Plan.

2. Establishing a Framework and Principles for Price Setting

- 2.1 The Council is a complex organisation operating a number of services in a number of different contexts and therefore it is not appropriate to take a 'one-size fits all' approach. Broadly there are four 'quadrants' that Council services operate in which influence an individual services charging strategy, these are defined by the following two axis:
 - The degree of legislation impacting on the service area (for example many planning fees are set by central government, whereas the only regulation set around charges for Taxi Licensing relate to limiting charges to full cost recovery)
 - The degree of competition in the environment they are operating within (for example the Council is the statutory planning authority and therefore a developer wanting to build new homes in Middlesbrough has no choice but to engage with the Council, whereas there are other car parking options that are available to Middlesbrough citizens.
- 2.2 The primary objective(s) of fees and charges based upon the factors above is shown in diagram 1 below:

Diagram 1: Primary objectives of fees & charges based upon the key factors of competition and regulation

- 2.3 In terms of setting prices for any service, the first measure must always be statute that impacts on those services, such as Adult Social Care or Parking Enforcement. This may limit what can be charged for or set fees / prices nationally, or limit prices to cost recovery (which may be limited to direct costs of providing a service or a wider set of costs to include oversight and wider support costs of the Council).
- Quadrant 1 Areas with high legislation and low (or no) competition are often services only the Council can provide (such as planning permission, or registration of births, deaths or marriages). In these circumstances, prices are often either set by legislation or limited to cost recovery. The Council should assess their performance in these circumstances by benchmarking cost, price and performance against other similar public bodies providing those services to ensure the services and any associated costs or fees are providing Value for Money.
- 2.5 **Quadrant 2 -** For areas with high competition, but others providing similar services locally (for example Social Care services such as Home Care); the Council may wish to provide services where there are specialised or niche areas not covered by the market or to provide capacity to step in if there was a

market failure (such as a major supplier withdrawing from the market / ceasing to trade). In these circumstances the Council should assess the wider social benefits of its involvement in the market, alongside assessing the risk and impact of any market failures.

Quadrant 3 - For areas where regulation is low, but there is limited local competition, it is likely that services are being provided at a subsidy by the Council (as it is likely there would be competition if profit could be made). For these services there are likely to be wider social benefits to providing a service. Trying to fully cost recover would reduce the usage and therefore negatively impact on these wider benefits. For example,

In such circumstances, the Council needs to weigh the relative wider public benefits of provision, against its overall budget and policy objectives to determine the appropriate level of subsidy.

It should be noted that there could be circumstances where the Council has unintentionally subsidised a service which has no specific policy objective and offered a price that has led to there being little or no competition. In this instance the Council should seek to understand the total cost of service delivery and set a pricing approach that seeks to recover those costs.

Quadrant 4 - Broadly speaking, if there is limited regulation of a service, and considerable local competition, then the Council should be seeking to recover its full costs in provision in this area as a minimum. These services generally include business to business type services (such as contract parking), where other organisations would step in if the Council did not provide a service.

3. The Legislative Environment that the Council operates in

- 3.1 As highlighted in section 2 the primary consideration is the legislation relevant to the Council and that specific service. There are a large number of legal powers that impact on the Councils ability to charge for particular services and a number of pieces of legislation that are relevant to the entire Council, an overview of which are provided below. Therefore, the following pieces of legislation should be considered:
 - Localism Act 2011: General power of competence available to local authorities to do "anything that individuals generally do"
 - Local Government Act 1972, s. 111: A local authority shall have power to do anything (whether or not involving the expenditure, borrowing or lending of money or the acquisition or disposal of any property or rights) which is calculated to facilitate, or is conducive or incidental to, the discharge of any of their functions.
 - Local Government Act 2003, s.93: Power to charge for discretionary services. "A relevant authority may charge a person for providing a

- service to him if (a) the authority is authorised, but not required, by an enactment to provide the service to him, and (b) he has agreed to its provision."
- Local Authorities (Goods and Services) Act 1970 re. supply of goods and services by local authorities and ability of parties to enter into an agreement to include terms as to payment.
- 3.2 There are a large number of statutes which enable or oblige the local authority to offer specific services e.g. Environmental Protection Act 1990 re. the collection of trade waste. Whilst certain of the Council's charges are set by statute, a local authority is able, in many instances, to determine what to charge service users for the service provided.

4. Full Cost Calculation and Recovery

- 4.1 Many of the Council's fees and charges are legally limited to the recovery of the cost of delivering the service. Depending on the legislation specific to the service area, this is often much wider than the direct cost of service delivery (e.g. running a coaching session may only directly involve in one hour of one person's time, but there will be time spent planning for the session and a small share of the holiday's that the coach receives), but includes other items such as:
 - Direct Overheads such as management time within the service area associated with the delivery of the service
 - Corporate Overheads a fair proportion of the corporate costs that are not directly within the service, including central costs like Finance, IT or HR, senior management costs, building and premises costs (e.g. rent or maintenance) and also costs associated with the running of the Council (e.g. running a democratic system)
 - Unproductive time, for example the cost of providing staff development or training or average sick time
 - Service investment costs, such as contribution to continued service improvements or capital investments
- 4.2 The aim of the Fees and Charges Policy is to 'right size' the prices for services i.e. set a price that achieves the optimal balance of financial return, risk and achieving policy objectives. Where it is found that services are being provided at a price below the optimal level then consideration needs to be given to the likely impact of significant changes in prices. In some cases, moving to the optimal pricing point in 'one jump' would be unpalatable, therefore a move towards this pricing point should be considered in an incremental manner over several years.

- 4.3 There are however some services where legislation limits the costs that can be recovered, however even in this instance it is important to understand the full cost of service delivery and the amount that is not recovered through the charge.
- 4.4 Therefore, regardless of the legislation about what can be charged, it is important to understand this total cost of each service, so that the Council can make an estimate of the real cost of providing this service and the degree to which services are being subsidised.
- 4.5 There may be instances where the Council has entered into long term contracts for services, but the cost of delivering the services increases significantly during the life of the contract, in this case the Council should explore opportunities for contract renegotiation.

5. Collection of Charges

- 5.1 Wherever practical and legal the Council will levy the charge and collect the income before the service is delivered, which will reduce the likelihood of customers incurring debts which are costly for the Council to collect. For example, if a customer wishes to subscribe to the Councils Green Waste collection scheme the charge will be levied in advance, payment made and after that point the Council will begin collecting the Green Waste.
- 5.2 The Council will seek to encourage the most efficient form of charge collection available and, in some cases, may offer differential pricing for different payment methods (e.g. a reduced charge is offered for customers paying by Direct Debit recognising the reduced cost to the Council of this mechanism of payment).

6. Approaches and Policy objective to the Application of the Charging Policy

- 6.1 The Council may have a range of policy objectives for the delivery of a particular service, which will impact on the pricing decision the Council makes and therefore it is important to establish a framework for why a particular approach should be taken.
- 6.2 The default position is the recovery of full cost of service delivery and any deviation from this position requires approval via the relevant Executive Director and will be highlighted as part of the "Schedule of Fees and Charges". An objective of the policy is to ensure that the Council only subsidises the delivery of non-mandatory services where there is an explicit policy decision to do so. Where charges are set by statute no additional approval is required.
- 6.3 The table below provides an overview of different pricing approaches and the policy rationale for a particular approach:

Туре	Objective	Likely Quadrant
Beyond full cost recovery: where legislation explicitly permits	The primary policy objective for the council providing the service with the objective of maximising income and legislation explicitly permits the Council to recover beyond full cost; or The council wishes to disincentivise a certain type of behaviour and is using price as a tool to achieve this	4
Full cost recovery: This is the preferred position and discretionary services are anticipated to fall into this category unless otherwise agreed	The council wishes to make the service generally available, but there is no policy rationale for providing a subsidy from general taxation.	4
Full cost recovery with concessionary discounts	The council wishes to make the service generally available and is prepared to subsidise the service to ensure disadvantaged groups have access to the service.	3 or 4
Subsidised	The council believes there are policy / public benefits from usage and therefore provides a subsidy from general taxation however users of the service are expected to make some contribution to the cost.	2 or 3
Nominal	The council wishes the service to be fully available but sets a charge to discourage frivolous use.	2
Free	The council's policy is to make the service fully available and "free at the point of delivery". The service is funded from general taxation.	
Statutory Charges	Set in line with legal obligations and national government charging policy.	1

7. Governance, Review & Implementation

- 7.1 Executive and Full Council will have full visibility and oversight of price setting for fees and charges. Notwithstanding this, it should be noted that there may be individual service reasons for price changes in year these will be managed through the appropriate governance process and in line with the appropriate level of delegated authority for decision making. The Council will publish, as part of the annual budget setting report the Fees and Charges Policy alongside a schedule of all proposed fees and charges (with the exceptions highlighted below). To support visibility of policy and risk considerations the Schedule of Fees and Charges from 2025/26 will commence in referencing the specific legislation relevant to a service area and key policy considerations. This approach reflects the councils drive towards delivering against its corporate priorities, delivering value for money and ensuring it is learning from best practice from other Councils.
- 7.2 It should be noted that for various reasons (e.g. service operates in a commercial market with variable pricing, significant review or restructure of service is underway that materially impacts on its pricing approach) there are some fees and charges in some service areas that there may be some fees and charges that it is not appropriate to include in this report.
- 7.3 Licensing Committee It should be noted that there are a number of charges that are under the jurisdiction of the Licensing Committee, which has a separate governance process. The principles and objectives of this price setting approach will apply to these services, however the governance, price setting and publication of those fees and charges will remain within the remit of the specific Committee.
- 7.4 Changes to prices must reflect legislation and this may include formal consultation and consideration of responses prior to implementation (for example changes to Car Parking fees requires formal communication at relevant assets 21 days in advance of any changes).
- 7.5 Where the proposals attached in "Schedule of Fees and Charges" in **Annex 1** are approved they are deemed to be valid from 1 April, unless otherwise stated. It should be noted there are some areas where there is a statutory time frame before a change in price can be implemented once a decision is made.
- 7.6 To enable services to operate with agility in commercial environments Heads of Service have delegated authority to reduce prices in year or offer 'bulk discounts', provided they consult with the relevant Service Director and the section 151 officer and they can evidence that it would be financially disadvantageous to the Council if it were not to do so.

- 7.7 The management of performance of fees and charges will take place as part of the normal financial performance and budget management process Heads of Services will be responsible for recommending any changes to optimise performance. As part of the budget setting process all fees and charges will be reviewed and an 'ongoing' challenge approach adopted, which will be overseen by the Head of Financial Planning & Support (Deputy Section 151 Officer).
- 7.8 The Section 151 Officer will ensure the Policy is reviewed on an annual basis to ensure it remains fit for purpose and may need to be reviewed by exception if there is a significant change in government policy impacting on the Council's ability to charge. As part of the Councils annual review the default position will be to increase charges by the prevailing rate of inflation as indicated through the MTFP planning assumptions used by the Council.
- 7.9 Reasonable notice should be given to service users before any decisions to amend or introduce new fees and charges are implemented.

Capital Programme 2025/26 to 2028/29 and Capital Strategy for 2025/26

1. Executive Summary

- 1.1. Capital expenditure relates to spending on longer-term assets and infrastructure (such as property, equipment, vehicles, roads etc.). The Council's Capital Programme is therefore an important element of the Council's overall financial planning arrangements as appropriate investment can enable the transformation of service delivery and improve the quality of services to the local community. The schemes included in the Capital Programme need to be appropriate in meeting the Council's objectives, be affordable and represent value for money.
- 1.2. The Council must consider how capital expenditure is paid for and what the long-term financial implications are of undertaking this investment. The Council is permitted to borrow funds to finance the Capital Programme under the Local Government Act 2003. It needs to consider the impact on the revenue budget in relation to repayment of borrowing proposed, how it funds the repayment of this debt and the period over which it is repaid.
- 1.3. The Council operates a strict approach to considering and prioritising schemes for inclusion in the Capital Programme set against available resources including a technical review process, as set out in the Capital Strategy.
- 1.4. A review of the Council's Capital Programme has taken place in January 2025 and prior to setting the budget. This has involved the addition of new schemes and extending schemes deemed as Business as Usual in order to ensure the Capital Programme provides essential expenditure required to support the delivery of the Council's objectives and priorities.
- 1.5. This report sets the proposed Capital Programme for 2025/26 of £74.798m, with a total of £170.290m for the period 2025/26 to 2028/29, together with the financing statement as summarised in **Table 1**.
- 1.6. The Council's Capital Financing Requirement (CFR) is the underlying need to borrow in relation to historical borrowing plus future planned borrowing to fund the Council's capital investment in assets. This is expected to increase to £310.197m by 2025/26. Further details can be found in the Prudential Indicators and Treasury Management Strategy 2025/26 report elsewhere on this agenda. A summary of the prudential indicators which regulate the Council's capital financing activities CFR, borrowing limits and planned borrowing, together with the revenue cost of borrowing is summarised in Table 5. This is an integral part of setting a balanced revenue budget and Medium Term Financial Plan (MTFP) for the Council.
- 1.7. The Capital Programme detailed in **Annex 1**, whilst affordable, must be managed strictly within budget in order to manage the revenue costs of servicing the historic external debt from previous financing decisions and future plans that are to be funded by borrowing.

- 1.8. The Capital Programme has been prioritised as follows:
 - Meeting statutory duties for example health and safety requirements
 - In progress schemes that cannot be stopped
 - Funding transformation that will deliver ongoing revenue expenditure savings on the basis of invest to save, for which an appropriate rate of return will be determined within the transformation programme.
 - Partially externally funded schemes that require Council to match resources where there is a robust business case that meets Council Plan objectives and is approved in accordance with constitutional delegations.
 - Repayment of borrowing to reduce revenue capital financing costs.
- 1.9. The governance arrangements for managing and monitoring the delivery of the programme to plan and to budget were strengthened during 2024/25. Future budget planning rounds will be subject to improved programme governance to ensure that new projects align to the priorities of the Council plan and available resources to ensure value for money and affordability.

2. Introduction

- 2.1. The Council Plan for Middlesbrough acknowledges that a sustainable Capital Programme, and the strategy and controls to shape and manage it, is a critical contributor to the future ambitions, overall service delivery, and financial position of the Council going forwards.
- 2.2. The Capital Strategy assists in the Council meeting its 'Recover, Rest and Deliver' approach by ensuring:
 - Capital investment is strictly prioritised and meets the Council's objectives within a set funding limits from within its revenue budget and MTFP.
 - Investment meets the CIPFA criteria of being prudent, sustainable, affordable and value for money.
 - The Council is appropriately responding to the statutory recommendations raised by its external auditor.
 - The Capital Programme does not include any schemes that are not permitted under the HM Treasury's definition of commercial activity and using external debt to solely generate ongoing revenue income.
 - Capital projects are delivered within budget and in a timely manner and meet the objectives of their business cases.
 - Members and Senior Officers have a common understanding of the financial context the Council is operating in and the capital principles underpinning capital decisions within the Council.

3. Capital Programme 2025/26 to 2028/29

3.1. **Table 1** summarises the proposed Capital Programme by Directorate and an upper financial limit within which Transformation and redundancy costs will need to be delivered (£26.7m from 2024/25 to 2028/29). It also shows the level of capital receipts over the MTFP period. A further report will be submitted to Executive in April 2025 updating on progress on the Transformation Programme together with the Flexible Use of Capital Receipts Strategy for 2025/26 which will referred to Council for consideration and approval and incorporation into the Budget and Policy Framework.

3.2. Annex 1 details the proposed Capital Programme for approval, incorporating the capital budgets for 2025/26 to 2028/29. The capital budget is aligned to the Capital Strategy. It presents in financial terms, the Council's plan for meeting the costs of Transformation and Redundancies together with investment related to the purchasing, building and improvement of capital assets, together with the implications of any major capital projects or investments within the Middlesbrough boundary. It also provides a framework for ensuring the programme is affordable within the current medium term financial plan.

3.3. The Capital Programme for 2025/26 to 2028/29 includes new Council funded schemes and additions to schemes that are within the current approved Capital Programme. **Table 2** represents the new Council funded schemes added to the Capital Programme and additional funding to currently approved schemes where required, with further details of the new schemes being provided in paragraphs 3.4 to 3.15. The table excludes schemes which are deemed to be Business as Usual which are shown in **Table 3** below.

3.4. Cemetery Provision - £2.388m

The current available space for burial plots is expected to be utilised within a year. The funding is therefore required to ensure the continued provision of burial plots through the expansion of Thorntree cemetery, creating an additional 2,310 plots. The requested funding includes an allocation for feasibility works at Acklam cemetery to understand if expansion there is possible.

3.5. Asset Management Block Budget - £2.511m

The Asset Management Block Budget has been provided £1.200m annually as part of Business as Usual allocations for a number of years. Due to inflationary cost increases and necessary essential works, the 2025/26 and 2026/27 allocations have been significantly brought forward to fund essential expenditure in 2024/25 and previous years, leaving the current allocation dangerously depleted. The additional funding will bring the annual budget up to £1.500m p.a., including the replenishment of the 2025/26 and 2026/27 allocations.

3.6. East Middlesbrough Community Hub - £0.500m

For various reasons there have been time delays since the original scheme budgets were agreed for the East Middlesbrough Community Hub. Construction costs have increased significantly during that period, meaning that the Community Centre cannot now be delivered within the approved budget. The Council has received the contractor tenders for the creation of the hub, and the costs submitted are considerably higher than the total funding available for the scheme, with an additional £1.000m being required after a value engineering exercise is undertaken. Middlesbrough Football Club Foundation are expected to fund 50% of this but this leaves the Council required to increase its own allocation by £0.500m to complete the scheme to the desired standard.

3.7. Nunthorpe Community Centre - £0.500m

The Nunthorpe Community Centre scheme has also experienced delays, which mean that the currently approved budget will not be sufficient to complete construction of the Centre. The additional £0.500m will ensure that there are enough available funds to complete the scheme.

3.8. Bridges and Structures - £7.448m

A four year programme has been developed and costed to prioritise critical works to the Council's network of bridges and structures, resulting in the need for the Council to add a further £7.448m to the pre-existing allocation. The additional funds bring the total allocation for the Bridges and Structures scheme to £12.628m during the course of the MTFP.

3.9. Carriageway Resurfacing Programme - £0.874m

The funds have been added to the Capital Programme to undertake high priority carriageway resurfacing works. These funds are in addition to previously approved Capital Programme funding of £5.150m Local Transport Plan – Highways Maintenance grant funded scheme and £1.626m of the Council funded Highways Infrastructure scheme, both of which can be spent on carriageway resurfacing, depending on priorities.

3.10. Footway Repairs Programme - £0.600m

The funds have been allocated to the Capital Programme to undertake essential footway repairs. As per the Carriageway Resurfacing Programme, the allocation can be complimented by utilising pre-existing funds within the Local Transport Plan – Highways Maintenance and Highways Infrastructure schemes, depending upon priorities.

3.11. Regulatory Services ICT System - £0.822m

The funds are required to replace the current regulatory service ICT system, which would have required updating at a cost. The replacement system is both cheaper than the current system and has greater functionality.

3.12. Middlesbrough Sports Village Full Size 3G Pitch Repair - £0.507m

The pitch is in need of significant repairs. Under the terms of the leisure provision contract agreed between the Council and its leisure services delivery partner, SLM, it is the Council's responsibility to fund such repairs.

3.13. Neptune Centre Boiler Replacement & Building Management System Upgrade - £0.172m

The replacement of the boiler with a modern efficient version, combined with additional controls through a Building Management System, will bring a significant reduction in gas usage at the Centre, resulting in expected annual savings of £0.041m. This saving will be a benefit to the Council through contractual negotiations with SLM. The additional funding can therefore be considered as a return on investment scheme.

3.14. Live Well West Building Works - £0.100m

The funds will enable reconfiguration works within the internal area, which will increase the consultation room space and consequently increase the number of service users who can be seen within the building.

3.15. Chronically Sick & Disabled Persons Act – Home Adaptations - £1.425m

The Council receives an annual Disabled Facilities capital grant from the Ministry of Housing, Communities & Local Government (MHCLG). However, one of the conditions of the grant is that no more than £0.030m can be spent on adaptations to a single property. The additional Council funding can be used to top up this value where required to ensure that the necessary adaptations required are undertaken to ensure people can continue to live within their own homes. The funds will be added to the £0.610m provided annually as Business as Usual.

3.16. In addition to the above, £7.913m of Council resources have been added to the Capital Programme in each of the financial years 2027/28 and 2028/29 to extend schemes deemed Business as Usual. This continues allocations to these schemes as in previous years, and is required as the Capital Programme has been extended to cover the MTFP period to 2028/29. Table 3 below shows the relevant schemes and the amount of funding provided.

- 3.17. The Capital Programme was reviewed and revised during the first half of 2024/25 and again in Quarter Three of 2024/25. The review was particularly focussed on ensuring that scheme funding was profiled correctly within the financial years. This resulted in significant re-profiling of funds to future years, particularly from 2024/25 to 2025/26 and 2026/27. Full details of this were provided in the Revenue and Capital Budget Forecast Year end Outturn position as at Quarter Three 2024/25 report to Executive on 5 February 2025.
- 3.18. The forecast budgets for 2025/26 and 2026/27 contained in Appendix 10 of the Quarter Three 2024/25 report have been reviewed as part of this revised Capital Programme. Further reprofiling of expenditure has now taken place from 2026/27 to 2027/28 and 2028/29 now that the Capital Programme has been extended to 2028/29, and this along with the addition of new schemes (Table 2) and extensions to existing Business as Usual schemes (Table 3) has formed the basis of the revised Capital Programme for 2025/26 to 2028/29
- 3.19. **Table 4** shows how the budgets for 2025/26 to 2028/29 have changed since the Quarter Three 2024/25 report.

3.20. In total the proposed Capital Programme sets out investment of £170.290m from 2025/26 to 2028/29, in support of delivering the Council's objectives and priorities.

4. Financing approach for the Capital Programme

- 4.1. All capital expenditure has to be financed, from either external sources (government grants and other contributions), the Council's own resources (revenue budget, reserves or capital receipts) or debt (borrowing or leasing).
- 4.2. In terms of affordability, receiving capital funding from a partner organisation in the form of a contribution or from central government via an approved grant is always the Council's preferred route of financing. There is no initial cost of the capital investment, with only the ongoing revenue consequences to consider.
- 4.3. When the Council puts its own funding into a capital project, there is an opportunity cost of this investment. If it sells a capital asset to generate a receipt, it releases the asset and possibly revenue income that is generated. If it uses prudential borrowing, there is an ongoing revenue costs of principal and interest of between 8% 10% per annum over the estimates useful life of the asset being financed. The final option of funding from the revenue budget has not been used in recent years due to the pressures on the revenue budget position and the low level of revenue reserves currently. The Council would therefore prioritise its own financing resource as capital receipts first, prudential borrowing last. Direct revenue financing is not recommended within the period of this MTFP.
- 4.4. In addition, there would be restrictions on the level of capital receipts in any financial year, based on the availability of buyers for specific assets, the need to demonstrate best value on any sale and the legal processes required for any sale. The amount of prudential borrowing will be restricted by the impact on the revenue

- budget of servicing the debt costs of principal (minimum revenue provision) and interest (on any loans drawn down to finance the asset).
- 4.5. The Council must ensure that any approach to financing the Capital Programme is affordable, sustainable, and prudent in line with the requirements of the CIPFA Prudential Code on Capital Finance. It does this by setting and monitoring a set of prudential indicators each year. These are key metrics for the Director of Finance and for elected members when setting a budget for each financial year and when considering any changes that may occur during the financial year.
- 4.6. More details on this can be seen with reference to the Council's Prudential Indicators and Treasury Management Strategy 2025/26 as included elsewhere on this agenda. Some key Prudential Indicator values on the current position of the Council are shown in **Table 5** below for reference purpose.
- 4.7. It should be noted that whilst Middlesbrough's debt related indicators are increasing over the medium term, it is not an outlier in terms of its levels of debt when compared against all the other English unitary authorities.

5. Flexible use of capital receipts strategy

- 5.1. Local authorities are ordinarily only able to utilise capital receipts from the sale of fixed assets for specific purposes. This precludes the financing of revenue expenditure under s15(1) of the Local Government Act 2003.
- 5.2. In 2016/17, the Department of Levelling up Housing and Communities implemented a time limited relaxation to the regulations under the Local Government Act 2003 Sections 16(2)(b) and 20. This allows capital receipts to be used to finance revenue expenditure in specific circumstances and subject to certain conditions.

- 5.3. The current statutory direction applies to financial years from 1 April 2022 up to and including 31 March 2025. However the Government announced as part of the Local government finance policy statement 2025 to 2026 that they would extend the flexible use of capital receipts to 31 March 2030. The Government will also remove the restriction with respect to redundancy costs, imposed from April 2022, that limits the use of the flexibility to statutory redundancy costs only. This will support authorities in taking forward transformation and invest-to-save projects. A new statutory direction should be issued shortly.
- 5.4. Eligible expenditure under the regulations relates to revenue expenditure which:
 - is designed to generate ongoing expenditure savings, income generation, and/or more efficient delivery of services, and/or
 - transforms service delivery to reduce costs/ reduce demand; and/or
 - improves the quality-of-service delivery in future years.
- 5.5. The annual Flexible Use of Capital Receipts (FUoCR) Strategy is required to be approved by Full Council as part and is part of the budget and policy framework. For 2025/26, the Strategy is under development alongside a review of the Transformation Programme and will be presented to Council for consideration and approval in April 2025.
- 5.6. The expenditure required to deliver the Transformation Programme will be a combination of revenue and capital expenditure. The FUoCR Strategy will set out any plans for eligible revenue expenditure to be incurred during the financial year to be funded by capital receipts in accordance with statutory regulations. The Council is not permitted to apply flexible capital receipts to fund expenditure more than the sum set out in the approved Strategy. A copy of the FUoCR Strategy, once approved by Council is required to be shared with DLUHC to enable review and oversight (but not approval).
- 5.7. As detailed previously the Council is undertaking a major transformation programme from 2024/25 to move the Council to a lower cost base for the future. It is anticipated that the amount of transformation expenditure will be up to £5.0m in 2025/26 (including ICT), with an estimate for redundancy costs of up to £1.750m in 2025/26, and a contingency budget of £0.750m. This will mean that the estimated value of the FUOCR will be £7.5m in 2025/26, and once finalised this will be presented for consideration and approval by Council in April 2025 as referenced above.
- 5.8. The transformation expenditure can only be financed by capital receipts given the low level of revenue reserves held by the Council. The FUoCR strategy therefore provides the funding solution for the revenue costs of transformation work to be funded from capital receipts generated from the current review of assets as approved by the Executive in November 2023

6. Risk & Governance

- 6.1. The proposed four year Capital Programme will require the Council to use a higher proportion of available resources but without recourse to any more borrowing than is necessary to meet existing commitments. Investment of this nature will result in the Council being exposed to additional inherent risks as follows:
 - economic risks on capital projects such as rising inflation and extended leading times for orders.
 - the impact of increases in construction costs.
 - major schemes have a long pay-back period, which will require the use of reserves in the early years to fund short term deficits in business plans.
 - Any unforeseen events occur which effect the overall cost or delivery times for specific schemes.
- 6.2. The management of risk on projects within the Capital Programme is managed by individual service directors as part of their own risk processes but is overseen by the Leadership Management Team as part of its corporate governance responsibilities.
- 6.3. The governance arrangements for managing and monitoring the delivery of the programme to plan and to budget were strengthened during 2024/25 as detailed in the Capital Programme Governance Improvement report to Executive on 13 November 2024. This involved the creation of a Strategic and Corporate Capital Programme Board framework consisting of elected members and senior officers to oversee and support the delivery of the Capital Programme as part of its governance improvement. This will take the lead role for the organisation on both programme planning, scheme delivery and financing.
- 6.4. Future budget planning rounds will be subject to improved programme governance through the above to ensure that new projects align to the priorities of the Council plan and available resources to ensure value for money and affordability.

Appendix 7 Council Tax Setting 2025/26

- 1.1 The legislation governing the setting of Council Tax is contained in Sections 30 to 38 of the Local Government Finance Act 1992. Section 31B(1) requires a billing authority to calculate the basic amount of its Council Tax, which in Middlesbrough Council's case is that applicable to Band D dwellings in its area.
- 1.2 The calculation is made in accordance with a formula **R/T** where

R is the amount calculated by the Middlesbrough Council as its Council Tax requirement for 2025/26, calculated in accordance with section 31A(4) of the Act. This has been calculated as £ 75,783,139.

T is the amount calculated by Middlesbrough Council as its Council Tax Base for 2025/26. On 4 December 2024 the Executive calculated the amount of **36,513.9** as its Council Tax Base for the year 2025/26 in accordance with Local Authorities (Calculation of Council Tax Base) (England) Regulations 2012.

1.3 Application of the formula R/T thus gives a basic amount of Council Tax of £2,075.46 for a Band D property in accordance with Section 31B(1) of the Act as shown in **Table 1** below:

Schools Budget 2025/26

Introduction

- 1.1 In conjunction with the National Funding Formula (NFF) the Dedicated Schools Grant (DSG) funding is allocated over four blocks and the indicative Dedicated Schools Grant for 2025/26 totals £207.169m after deductions for national non-domestic rates and direct funding of high needs by Education & Skills Funding Agency (ESFA).
- 1.2 This budget has 4 elements budgets delegated to individual schools (Schools Block), support to high needs pupils (High Needs Block), provision for early years expenditure (Early Years Block), and support for central services (Central Services Block).

Funding Allocations

1.3 The following table provides a summary of the amounts to be received in 2025/26 and a comparison to that received in 2024/25. It should be noted though that the above amounts are subject to change during the year as the Schools Block includes amounts which are passported directly to academies (known as recoupment), and certain elements of the High Needs Block are paid directly to providers. No assumption has currently been made of any increases in DSG for 2026/27 and 2027/28.

TOTAL DSG AFTER DEDUCTIONS	189.160	207.169	18.009	9.5

1.4 Schools Block

2025/26 DSG Schools Block allocation, after business rate deduction, is an increase of £10.211m (7.3%) compared with 2024/25. However, it should be noted that the Teachers' Pay Additional Grant (TPAG), the Teachers' Pension employer contribution rate (TPECG) and the Core Schools Budget grant (CSBG) have been rolled into the above allocations for 2025/26, having previously been separate grant allocations outside of the DSG.

DSG Schools block funding is allocated based on the National Funding Formula (NFF), which is based on the October 24 census:

Table 2 – Pupil Numbers

	October 2024 census numbers	October 2023 census numbers	Difference
Primary	13,515	13,728	(213)
Secondary	8,805	8,868	(63)
Total	22,320	22,596	(276)

Page 26/

Funding for Schools budgets comprises:

- a) Dedicated Schools Grant (DSG) this is the main funding stream allocated to schools by the LA.
- b) Pupil Premium Grant this is distributed by the Council to maintained schools only. The allocation is set out by the (ESFA) with academies receiving this funding directly.

The minimum funding guarantee (MFG) is in place at -0.50% ensuring schools management forum desire to fund, as best possible within allocation, the primary school settings as they are experiencing reducing school roll numbers along with one significant secondary reduction. The formulation of the budget is also aligned with government guidance and the necessary approvals required from Schools Management Forum (SMF), which are public documents. SMF approved modelled option 4 on 15 January 2025. The Schools Budgets has been submitted for Middlesbrough schools on 22 January 2025 within the required deadline along with political ratification.

The standard approach followed by the Local Authority in setting the Schools Budget is to set budgets by block which mirror the DSG income received. However, for 2025/26 the Local Authority is responding to an improved offer for schools, aligned within the High Needs Block and requested transfer from the Schools Block.

Schools Block transfer of 0.5% to High Needs Block of (£0.750m), was approved by SMF on 15 January 2025.

DSG allocation is updated throughout the year as pupil numbers are confirmed. During this process any unallocated balance is put to DSG Reserve, reported in the council balance sheet as "DSG unusable Reserves". This is not currently a council liability. Any surplus in schools block, identified as Growth funding and agreed by SMF, is used to support the following year(s) place planning and sufficiency across Middlesbrough schools.

1.5 Central School Services Block (CSSB)

The CSSB is made up of two categories, historic and ongoing commitments with funding totalling £1.136m for 2025/26 for Middlesbrough. This includes Teachers' Pension Employer Contribution (TPECG) funding for centrally employed teachers.

The grant has reduced the historic element by 20% when compared to 2024/25 by £24,379. The DfE have indicated that this element will reduce by 20% year on year and will be nil once the hard funding formula is implemented. Due to this overall, there is a £75,466 increase from 2024/25.

The services funded can be found in the SMF DSG CSSB report 2025/26 of 15 January 2025.

1.6 High Needs Block

For 2025/26 Middlesbrough's indicative allocation is £33.283m. The indicative allocations are based on the latest mid-2024 ONS population estimate for Middlesbrough. The High Needs Block allocation for 2025/26 is finalised during 2025/26 taking into account the Spring 2025 pupil numbers and any other deductions and recoupment. Middlesbrough are signed up to the Delivering Better Value (DBV) programme that invests £1m over an approximate 18-month period ending 31 March 2025 with any extension period only due to timing of grant and delivery of the programme.

Page 268

Currently after deductions and recoupment the Council will receive DSG of £63.655m in 2024/25. The forecast expenditure is £70.055m, a forecast year-end over-spend of £6.400m within 2024/25 as shown in **Table 3**.

TOTAL	63.655	70.055	6.400	14.293	20.693

As shown in **Table 3** above there was a £14.293m total cumulative deficit on the DSG grant at the end of 2023/24, which included £15.079m attributed to the High Needs Block. The DSG deficit is predicted to increase during 2024/25 and it is currently forecast that there will be a total cumulative DSG deficit of £20.693m on 31 March 2025, including £21.281m relating to the High Needs Block.

The pressure has been driven up by Education and Health Care Plans (EHCPs) increasing from 2023 to 2024 by over 12.3% (up from 1804 to 2026) and the service has faced the full year effect of this increase along with continued increasing numbers in the past 12 months and increasing exclusions.

As part of the Delivering Better Value (DBV) work, it was identified that there would be a pressure in the current year. However, additional risks were highlighted as part of the DBV programme; specifically, that this may not be achieved without significant change regarding inclusion in mainstream schools. Inclusion within mainstream has remained a challenge, which has resulted in continued increased demand for specialist provision. These are over commissioned places which has resulted in financial pressure to provide place funding. Alongside this, there has also been an increase in rates from specialist providers across the board and significant increased pressure from rising permanent exclusions.

A range of management actions are being taken alongside the DBV programme these include initiatives such as:

- Work with health colleagues to identify health contributions where relevant
- On-going reviews of Education, Health and Care (EHC) assessments
- Training for staff and school staff to support children remaining in mainstream settings.
- Reintegration of Excluded pupils to mainstream where possible,
- Governance of High Needs budget

- Service review and modelling
- Review of Top-ups in line with Improvement Plan
- Reduce Exclusions
- Consider notional SEND budget and how this is used,
- Linking school inspection in with SEND and Alternative Provision Improvement plan,
- Review school reserves and examination of potential of implementing a policy (subject to SMF) for taking excess reserves back into High Needs where relevant and appropriate.

The Dedicated Schools Grant (DSG) is subject to a statutory override by central Government which instructs Councils to account for the DSG deficits and resulting negative balance in a separate reserve and not to fund it by using its General Fund resources. This was planned to end on 31 March 2023, however the Government extended the arrangement to at least 31 March 2026. This is a potential major risk to the Council's financial resilience in the long term if the Government remove the statutory override before the deficit position is resolved – the current balance is £20.693m which would be required to be met from the General Fund resources. The position that Government takes on this national issue which presents significant financial risks for many local authorities, will be closely followed and updates will be provided as appropriate.

1.7 Early Years Block

The funding split of the indicative £22.647m for Early Years in 2025/26 is shown in **Table 4** below:

Executive summary

The Council is required to approve annually a Treasury Management Strategy and a set of Prudential Indicators, which self-regulate the level of capital financing activities of the Council and the affordability of the capital programme. These need to be set on an annual basis to comply with the Local Government Act 2003 and the Chartered Institute of Public Finance and Accountancy (CIPFA) Codes of Practice on Capital Finance and Treasury Management.

The Treasury Management Strategy is important from both a financial and governance perspective as it sets the framework within which the council manages its borrowing and

investments, how it delivers these services, and how it controls the risks attached to any decisions made. It also sets out the parameters and criteria that govern the day-to-day cashflow management activity and how these impact on the medium to long term financial planning. These include achieving value for money from any borrowing undertaken, managing risk, and protecting any resources that have been invested.

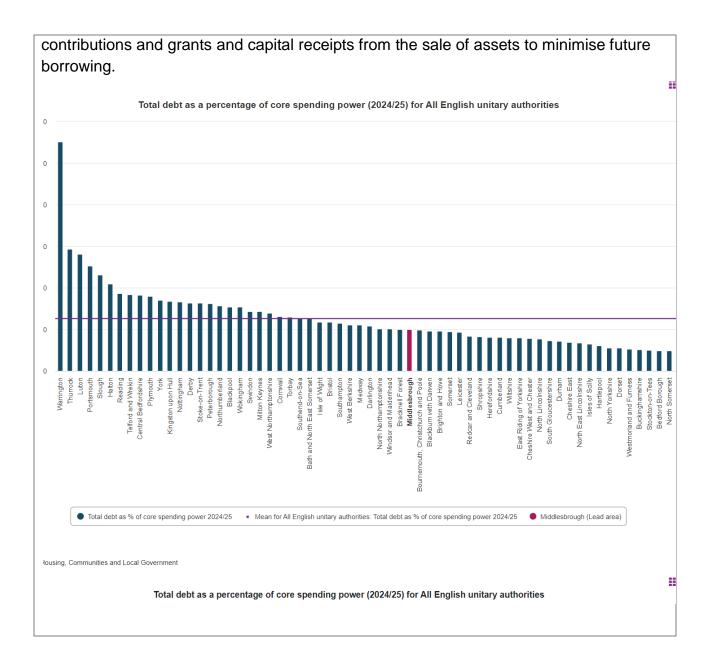

The Prudential Indicators are an integral part of the CIPFA Capital Finance Code and demonstrate whether the capital programme is affordable, sustainable, and prudent. They include the level of capital expenditure over the next four years, how this has been financed, the maximum level of external debt and the cost to the revenue budget.

The Minimum Revenue Provision (MRP) policy governs how the Council plans to account for the repayment of loan principal in relation to its borrowing activities and has a fundamental impact upon the annual revenue cost of borrowing and over the long term. The current MRP policy is based on a 2% annuity model in line with many other local authorities. The Council took this decision during the 2022/23 financial year to review the MRP policy, the effect of which is to achieve improved affordability on an annual basis over the short to medium term, although there are higher revenue charges in 25-50 years' time.

The Council's underlying need to borrow is measured by the Capital Financing Requirement which is forecast to be £310.197m during 2025/26 rising to £333.295m by the end of 2026/27 and decreasing slightly thereafter. This results in the revenue cost of borrowing as shown below.

	2023/24 actual	2024/25 forecast	2025/26 forecast	2026/27 forecast	2027/28 forecast	2028/29 forecast
Financing costs (£m)	9.376	11.154	12.060	13.732	14.685	15.404
Net Revenue Budget (£m)	126.354	143.190	143.304	144.382	148.621	152.973
Proportion of net revenue budget (%)	7.4%	7.8%	8.4%	9.5%	9.9%	10.1%

Whilst the Council is not an outlier in terms of its level of total debt (see the graph below), it is reaching its limit of revenue affordability on borrowing to fund its future capital investment. It will need to prioritise its capital investment decisions over the medium and longer term and secure its financing through third party funds such as

1. Purpose

This report outlines the Council's prudential indicators for the financial years 2025/26 – 2028/29 and sets the framework and approves the limits within which the treasury management operations for this period will work. It fulfils key legislative and guidance requirements as follows:

- (a) The setting of the prudential indicators setting out the expected capital activities and treasury management prudential indicators (included as treasury indicators) in line with the Chartered Institute of Public Finance and Accountancy (CIPFA) Treasury Management Code of Practice.
- (b) The Treasury Management Strategy statement which sets out how the Council's treasury function will support capital decisions taken above, day to day treasury management activities on service delivery and any limitations on these, via the treasury prudential indicators.

- (c) The approval of the Council's Minimum Revenue Provision (MRP) Policy, which sets out how the Council will pay for historic capital debt for the financial year.
- (d) The Authorised Limit for External Debt for the financial year. This is the maximum amount of borrowing that the Council can enter into, with any amount above this limit being deemed illegal.
- (e) The Annual Investment Strategy which sets out the Council's criteria for choosing the investment counterparties and limiting exposures to the risk of loss.

The information contained in the report regarding the Council's capital expenditure plans, treasury management and prudential borrowing activities, indicate that they are:

- Within the statutory framework and consistent with the relevant codes of practice.
- Prudent, affordable, and sustainable from the perspective of the S151 Officer.
- An integral part of the Council's Revenue and Capital Medium Term Financial Plans.

2. Recommendations

That the Council approves the following as set out below:

- The Prudential Indicators and Limits for 2025/26 to 2028/29 relating to capital expenditure and treasury management activity set out in tables 1 to 10 of Appendix 1.
- The Treasury Management Strategy for 2025/26, which includes the Annual Investment Strategy for that financial year.
- The Minimum Revenue Provision (MRP) Policy for the 2025/26 financial year.
- An Authorised Limit for External Debt of £331 million for the 2025/26 financial year.

3. Rationale for the recommended decision(s)

The recommendations above will fulfil the following for the local authority:

- a) To comply with the Prudential Code for Capital Finance in Local Authorities and the Department for Levelling Up, Housing & Communities (DLUHC) guidance on investments.
- b) To comply with the Treasury Management Code of Practice for Local Authorities.
- c) To comply with the requirements of the Local Government Act 2003 Part 1.

d) To approve a financial governance framework within which officers will operate when making both borrowing and investment decisions and entering financial transactions.

4. Background and relevant information

- 5. The PI & TMS report for the Council for 2025/26 covers the following areas:
 - How the capital programme for the MTFP period is financed.
 - The relevant prudential Indicators to monitor the performance, revenue budget affordability and sustainability of the capital expenditure being proposed in line with the requirements of the prudential code.
 - Treasury Management arrangements in place for investing surplus funds and borrowing to fund capital expenditure financed by prudential borrowing.
 - The types of investments the Council makes as part of managing its cash balances the Annual Investment Strategy.
 - Knowledge and skills of staff involved in the Treasury Management process.
 - Minimum Revenue Provision policy This determines how much the Council
 accounts for in terms of the revenue costs of historical capital debt. These costs
 have been incurred in relation to historical and future capital investment in its asset
 base to support the operational delivery of services.
- 6. Capital Expenditure relates to how the Council plans to invest in long-term assets and infrastructure (such as property, equipment, vehicles, roads etc.). The Council must consider how this expenditure is paid for and what the long-term financial implications are of undertaking this investment. The Council is also permitted to borrow funds to finance the capital programme under the Local Government Act 2003. It needs to consider the impact on the revenue budget of the level of borrowing being proposed, how it funds the repayment of this debt and the period over which this debt is repaid.
- 7. The Council must ensure the capital programme and its plans to borrow to finance it are prudent and affordable. Where elements of this are funded by borrowing (either externally or internally), the Council must set aside budgetary allocations in the general fund revenue budget to meet the cost of this debt. These budgets include the interest payable to lenders on external borrowing and the setting aside of funds to repay the principal element of debt (known as the Minimum Revenue Provision).

Prudential Indicators and Capital Investment Plans

- 8. The Council demonstrates the concepts of affordability, sustainability, and prudence on its investment plans by setting a range of Prudential and Treasury Management indicators. These are set out in Appendix 1 and are key metrics to the Director of Finance and Council when setting the budget plans each year.
- 9. Any variance from these indicators during a year indicates either a higher level of indebtedness or a lower level of prudence on the capital activities of the Council than when the budget was set. The following paragraphs give a brief commentary on these key indicators as we approach the start of the 2025/26 financial year.

- 10. There is total outstanding debt of £245.860 million on 31 December 2024, with circa £25m of borrowing expected to be required before 31 March 2025.
- 11. The forecast overall total long term external debt at the end of 2024/25 of £270.303 million, should be compared with the estimated *Capital Financing Requirement* (the underlying value which the Council needs to borrow to fund capital activities) of £297.816million. The Council therefore has an expected under-borrowed position of £27.513 million, which provides some savings in interest payments as other revenue and capital cash has been used in lieu of borrowing. This is a key strategic decision each year as to whether the under-borrowing position is increased or reduced.
- 12. Table 6 in Appendix 1 shows the profile of outstanding debt over the whole of the medium-term financial planning period, and this will rise to a maximum of £333.295m on 31st March 2027 before starting to reduce in the following financial year. This increase in debt is a direct result of the amount required to fund the capital programme in each year, and any additional cash flow demands in each financial year.
- 13. The Council holds revenue budgets for repaying debt and interest (known as Capital Financing Costs). The repayment of debt costs for 2025/26 are £12.060million (8.4% of the net revenue budget for 2025/26). For comparison purposes the forecast capital financing costs in 2024/25 are expected to be £11.154 million (which represented 7.8% of the planned net revenue budget for 2024/25).

% of Net Revenue Budget on debt costs	7.8%	8.4%	9.5%	9.9%	10.1%
Authorised limit for External Debt	318.000	331.000	354.000	348.000	342.000

- 14. The table above illustrates the key figures from paragraphs 11-13 and how these change over the period to 2028/29. It also shows that the proportion of capital financing costs is increasing over the period due to the level of external debt required for the capital programme and due to the annuity policy adopted for minimum revenue provision that unwinds over time.
- 15. Although the Council does not have relatively highly debt levels than its comparator authorities, the strain on the revenue budget is increasing. When CIPFA introduced

the Capital Finance Code of Practice in 2007, a nominal amount of 10% of the net revenue budget was suggested as being a threshold for sustainability and prudence. Although some councils have exceeded this over the years the S151 Officer would not advise Members to go much higher, particularly given the financial position and low level of unrestricted reserves.

- 16. It is also a statutory requirement for the Council to set an authorised limit for external debt at the start of each financial year. This is an amount beyond which it would be ultra-vires (or outside of its powers) to exceed in a particular financial year. The authorised limit for 2024/25 is £318 million, with this increasing to £331 million for 2025/26 due to an increase in the level of borrowing required for the financial year.
- 17. It should be noted that the authorised limit for the Council is currently higher than either the level of external debt or the capital financing requirement. This is not uncommon within local authorities to build in extra headroom for unexpected capital investment, possible debt re-financing opportunities and the remote possibility of needing to borrow for any further exceptional revenue purposes. At present, the Council's authorised limit is set at £20m above its capital financing requirement and allows a degree of flexibility within the Council's planning processes and this legal limit. As suggested above, it is not recommended to go beyond the capital financing requirement unless this is only for temporary and defined purposes.

Treasury Management

- 18. Treasury Management is defined as 'the management of the Council's cash flows, borrowing and investments, and the associated risk'. The main risks that affect a local authority include credit risk, interest rate risk, liquidity risk, and refinancing risk.
- 19. The Council is generally cash rich in the short term as many grants and contributions are paid in advance of need. Because of this, any excess cash is invested with an appropriate counterparty until the funds are required. When making an investment, the Council follows the advice set out in the Local Government Act 2003 and within the Treasury Management Code with paramount consideration given to the security of the sum invested, followed by the liquidity position of the Council and finally the interest rate achievable on the investment.
- 20. Given that credit criteria are the most important factor when making an investment decision, the Council receives regular updates from its external treasury management adviser, Arlingclose, on changes in credit ratings for individual financial institutions. They also advise on maximum amounts to be invested with each counterparty (financial institution) and the maximum duration for any fixed term deposits made. This framework helps to protect against the loss of any sums invested (credit risk), ensuring liquidity is not compromised, and that these investments earn interest to support the revenue budget.
- 21. On 31 December 2024, the Council had cash balances of £35.021 million invested either on fixed term deposit with central government or in liquidity accounts with appropriate banks. The strategic level of cash holdings is a minimum of £15.000 million below which the Council will look to borrow to maintain liquidity. The amount currently is higher than normal, due to asset sales that have happened during the

- 2024/25 financial year and have not yet been spent. This means that external borrowing has been lower as result of this additional income.
- 22. In relation to external borrowing, the Council seeks to achieve a low but certain cost of finance, whilst retaining the flexibility to borrow for short-term periods and to respond to demands of the capital programme as needed. The Council therefore looks to create a balance between taking advantage of generally lower rates of interest for short term borrowing (predominantly from other local authorities) versus the need to achieve certainty over rates of borrowing in the longer term from either government or financial institutions (mainly from the PWLB or other banks).
- 23. Out of the £245.860 million worth of external debt on 31 December 2024, 86% is long term from the Public Works Loan Board the government agency for local authority borrowing and 14% is long term with financial institutions (generally banks). There is also £7.4m short-term borrowing in place at present.
- 24. Current long term interest rates for borrowing from the PWLB are between 5.0% and 5.8% depending on the length of the loan (local authorities can borrow up to 50 years from central government) with short term rates being between 5.25% and 6.0% for up to one year in duration.
- 25. On local authority borrowing, there has been much interest from both regulators and the media in recent years around individual councils taking significant amounts of long-term debt from the PWLB for the sole purposes of commercial activity generally property investment. Under the Prudential Code, local authorities have lots of freedom to conduct and self-regulate their own borrowing and investment activities.
- 26. Both the Government and the Chartered Institute of Public Finance & Accountancy have said that borrowing for the sole purposes of commercial investment is against the spirit of the Code. The PWLB has outlawed any local authority applications for this type of activity from 1st April 2021 with Section 151 Officers having to confirm each year that their investment plans do not contain any of these types of activity.
- 27. Although the Council has undertaken some capital projects in recent years that have generated a revenue income stream, the primary aim has always been to regenerate the areas involved and to grow the wider economy within the Town. As a result, these activities can continue under the Code, with funding from the PWLB if required.

Knowledge & Skills

28. This Strategy provide details of the knowledge and experience in place by Officers and the access to external advice and guidance made available to enhance this. Council officers have a broad range of skills to ensure treasury management decisions are informed and risk-assessed on a consistent basis. The Council uses external consultants (Arlingclose) to provide up to date and specialist advice which is bespoke for local government sector regulations, particularly focusing on risks and opportunities.

- 29. The Council also participates in a treasury management benchmarking club run by Arlingclose. This club provides access to data on other local authorities' approaches to Treasury Management, including strategic information, and the wider performance outputs of the Treasury Management activities.
- 30. As part of the Treasury Management Code, it is also a best practice requirement that elected members have the necessary skills & knowledge to scrutinise the Council's plans and processes in this area. This has been achieved in the past by providing training for Members, but a new programme of activity for members of the Executive and Audit Committee will be provided over the next 12 months. This is important given the level of new members at the last election and some of the financial challenges facing the Council over the medium-term financial plan.

Minimum Revenue Provision

31. The Council is required under the Local Government Act 2003 Part 1 to maintain a policy for the repayment of historic external debt incurred from the annual revenue budget. The policy is split into different elements which are influenced by when the borrowing was originally incurred, the type of assets, and the useful economic life of the assets the borrowing is funding. The Council has in previous years amended this policy to reflect the useful economic life of the funded assets more accurately and then in 2022/23 moved to an annuity basis of calculating these revenue costs. No changes are being proposed to the MRP policy for 2025/26 financial year and there is no further scope to make annual savings beyond this on a prudent basis. This policy is set out at the end of Appendix 1 for information.

Other potential alternative(s) and why these have not been recommended

32. It is a statutory requirement to approve the annual treasury management strategy and set of prudential indicators by the Council. As a result, there is no alternatives available.

Impact(s) of the recommended decision(s)

33. The adoption of this report is an integral part of the annual process for the Council. Ensuring that the capital programme and its financing is within available revenue resources is a key judgement for the S151 Officer and will inform the Council's view of whether to approve the medium-term financial plans.

Financial (including procurement and Social Value)

34. All relevant financial implications are outlined within the body of this report and the supporting appendix. The capital programme and financing being recommended in the budget report remains affordable within the revenue budget parameters but needs to be strictly managed and prioritised going forward. The treasury indicators and processes remain robust and within prudent limits. The policy on minimum revenue provision also remains in line with the appropriate regulations and government guidance.

- 35. The table between paragraphs 13 and 14 outlines the key debt metrics and the capital financing costs as a % of the net revenue budget over the medium-term financial planning period.
- 36. Other impact areas are considered in the table below:

Topic	Impact
Legal	There are no direct legal implications of this report. All activity on capital financing, investments and borrowing is under current local authority powers under either the local government act 2003 or the capital finance and accounting regulations.

APPENDIX 1

PRUDENTIAL INDICATORS & TREASURY MANAGEMENT STRATEGY - 2025/26

Introduction

The Treasury Management Strategy (TMS) report gives a high-level overview of how capital expenditure, capital financing and treasury management activities contribute to the provision of local public services at the Council. In addition, it also gives an overview of how the associated risks are managed and the implications for future financial sustainability.

The following information is a requirement of the 2021 Code of Practice on Treasury Management, issued by the Chartered Institute of Public Finance & Accountancy, and has been produced in an accessible way to enhance members' understanding of these often technical areas

Capital Expenditure and Financing

Capital Expenditure is where the Council spends money on assets, such as property, IT and vehicles that will be used for more than one financial year. In local government, this also includes spending on assets owned by other bodies, finance leases and loans & grants to other bodies enabling them to buy assets. The Council has some limited discretion on what counts as capital expenditure, for example assets costing below £10,000 are generally not capitalised.

In the 2025/26 financial year, the Council is planning a total capital expenditure of £74.798m as summarised below.

Table 1: Prudential Indicator: Estimates of Capital Expenditure in £ millions

	2024/25	2025/26	2026/27	2027/28	2028/29
	£m	£m	£m	£m	£m
	Estimate	Estimate	Estimate	Estimate	Estimate
Total Capital Expenditure	65.158	74.798	63.008	17.863	14.621

All capital expenditure has to be financed, from either external sources (government grants and other contributions), the Council's own resources (revenue, reserves and capital

receipts) or debt (borrowing, leasing and private finance initiative). The planned financing of the above expenditure is as follows:

Table 2: Cap	ital financino	ı in £ millions

Any external debt must be repaid over time by other sources of finance. This comes from the revenue budget in the form of Minimum Revenue Provision (MRP). Alternatively, proceeds from selling capital assets (known as capital receipts) may be used to replace/repay debt finance. The Council generally uses capital receipts to finance new capital expenditure rather than to redeem debt. The total cost of MRP included in the Council's revenue budget is as follows:

Table 3: Minimum Revenue Provision in £ millions

	2024/25	2025/26	2026/27	2027/28	2028/29
	actual	forecast	budget	budget	budget
Cost to Revenue Budget	4.316	4.704	5.082	5.366	5.935

• The Council's minimum revenue provision statement for 2025/26 is available towards the end of this report.

The Council's cumulative amount of debt finance still outstanding is measured by the capital financing requirement (CFR). This increases with new debt-financed capital expenditure each year and then reduces with minimum revenue provision and capital receipts used to redeem debt.

The CFR is expected to increase by £12.381m or 4.2% during the 2025/26 financial year. This increase is due to the new capital expenditure funded by external debt of £17.085m less the MRP set aside of £4.704m.

Based on the above plans for expenditure and financing, the Council's estimated CFR for the period of the Medium-Term Financial Plan is as follows:

Table 4: Prudential Indicator: Estimates of Capital Financing Requirement in £ millions

TOTAL CFR	297.816	310.197	333.295	327.929	321.994

Asset disposals: When a capital asset is no longer needed, it may be sold so that the proceeds, known as capital receipts, can be spent on new assets, or be used to repay debt. Repayments of capital grants, loans and investments also generate capital receipts.

The Council plans to receive £29.4m of capital receipts in the coming financial year as follows. These amounts have increased significantly for the next few years due to the asset review being undertaken by the Council. Some of these receipts may not be required in the financial year they are generated and can be carried forward for future use.

Table 5: Capital receipts in £ millions

	forecast	forecast	budget	budget	budget
TOTAL	28.687	29.387	9.204	1.800	9.650

- The level of capital receipts for each financial year is monitored between Regeneration, Finance and Valuation & Estates teams, and any significant changes are reported to Executive as part of the Quarterly budget updates.
- The Council has adopted and used in the past two financial years, the Flexible
 Use of Capital Receipts Policy where these proceeds may be used for funding
 service transformation costs that would otherwise be classed as revenue
 expenditure. This is mainly to fund the current year's revenue budget overspend
 and would be a device to protect reserves.
- The large value of receipts generated in the 2024/25 and 2025/26 financial
 years as party of the assets sales theme to support the Council's transformation
 programme. Some of these may need to be rolled forward depending on the
 actual transformation expenditure achieved in each financial year.

Treasury Management

Treasury Management is concerned with keeping sufficient but not excessive cash resources, available to meet the Council's spending needs, while managing the risks involved in these investments. Surplus cash is invested until required, whilst a shortage of cash will be financed by borrowing, to avoid excessive credit balances or overdrafts in the bank current account. Cash balances can be a combination of both revenue and capital cash given that there are timing differences between funds being received from various sources and those being spent on the operational plans of the Council.

The Council is typically cash rich in the short-term as revenue income is received and before it is spent, but cash poor in the long-term as capital expenditure is incurred before being financed. Revenue cash surpluses are therefore offset against capital cash shortfalls to reduce the overall borrowing amount required, as part of an integrated strategy on Treasury Management. This is in line with best practice.

The Council on 31 December 2024 had £245.860m of borrowing at an average interest rate of 3.5% and £35.201m of treasury investments at an average rate of around 4.75%.

Both investment and borrowing rates available to the Council are at high levels currently due to the uncertainty in the US/global economy at present.

Borrowing strategy: The Council's main objectives when borrowing is to achieve a low but certain cost of finance for long-term capital projects whilst retaining flexibility should plans change in future. This is more difficult than in previous years due to long-term borrowing rates being higher currently than within the Council's strategy. However, both longer term and short-term borrowing rates are expected to reduce during the 2025/26 financial year which will help.

Projected levels of the Council's total outstanding debt are shown below, compared with the capital financing requirement (overall council need to borrow).

Table 6 : Prudential Indicator:	Gross Debt and the Capital	Financing Requirement in £
millions		

	31.3.2025 forecast	31.3.2026 budget	31.3.2027 budget	31.3.2028 budget	31.3.2029 budget
External Debt	270.303	292.388	320.568	320.568	315.568
Capital Financing Requirement	297.816	310.197	333.295	327.929	321.994

Statutory guidance is that debt should remain below the capital-financing requirement, except in the short-term where the benefits of short-term borrowing may be taken. As can be seen from Table 6, the Council expects to comply with this in the medium term with debt being lower than the capital-financing requirement in all relevant financial years. Discussions are ongoing with our treasury advisers on this position and what the long-term approach the Council should take.

Affordable borrowing limit: The Council is legally obliged to set an affordable borrowing limit (also termed the authorised limit for external debt) each year. In line with statutory guidance, a lower "operational boundary" is also set as a warning level should debt levels start to approach the legal limit and is a more realistic rather than worst-case view of what will happen during the financial year. Any need to change these during the 2025/26

financial year from the original budget assumptions will be reported by the Director of Finance to the Executive at the earliest opportunity.

Table 7: Prudential Indicators: Authorised limit and operational boundary for external debt in £m

	2024/25 limit	2025/26 limit	2026/27 limit	2027/28 limit	2028/29 limit
Authorised Limit (OB + £10m)	318.000	331.000	354.000	348.000	342.000
Operational Boundary (CFR + £10m)	308.000	321.000	344.000	338.000	332.000

Investment strategy: Treasury investments arise from the Council receiving cash before it is paid out again for service commitments. These cash balances can be a useful source of working capital, particularly around the need to externally borrow for capital needs.

The Council's policy on treasury investments is to prioritise security and liquidity over yield, which focuses on minimising risk rather than maximising returns. Cash that is likely to be spent in the short term is invested securely, for example with the government, other local authorities, or selected high-quality banks, to minimise the risk of loss. Most investments are for less than 6 months so do not qualify as long term investments. Interest earned on cash balances tends to follow base rate returns over the financial year.

The aim of the Council is to hold a strategic level of cash of around £15 million. This amount meets two criteria for the Council. It cash backs all of the general fund reserve, plus a small amount of earmarked reserves. It also classifies the organisation as a professional (rather than retail) investor under MIFID II legislation – European law on financial instruments management. There may be an occasional need to hold less than the £15m when interest rates are higher than the medium-term approach to cash.

Table 8: Treasury management investments in £millions

Longer-term investments	0.000	0.000	0.000	0.000	0.000
TOTAL	15.000	15.000	15.000	15.000	15.000

Governance: Decisions on treasury management in relation to investment and borrowing are made daily. These are delegated by the Director of Finance to the Head of Finance & Investment and staff within the central finance team. They act in line with the treasury management strategy approved by Council and the treasury management practices (operational guidance set out by the CIPFA Code of practice). Significant decisions on treasury are discussed by the Head of Service with the Section 151 Officer as necessary.

Quarterly updates on treasury management activity are reported to Executive as part of the regular budget monitoring process, including a more detailed mid-year report. The central finance team meet weekly to discuss cash flow forecasts, borrowing decisions and operational matters on a weekly basis. All this information feeds into the both the prudential indicators and the treasury management strategy.

Revenue Budget Implications

Although capital expenditure is not charged directly to the revenue budget, interest payable on external borrowing and minimum revenue provision on capital expenditure are. These costs can be offset by any interest earned on cash balances or by income earned via commercial investments where borrowing has been used.

The net annual charge to the revenue budget is reported as capital financing costs; this is compared to the net revenue stream i.e., the amount funded from council tax, business rates and general government grants. This is an important indicator around the affordability of the Council's capital programme going forwards.

	2024/25 actual	2025/26 forecast	2026/27 forecast	2027/28 forecast	2028/29 forecast
Financing costs (£m)	11.154	12.060	13.732	14.685	15.404
Net Revenue Budget (£m)	143.190	143.304	144.382	148.621	152.973
Proportion of net revenue stream	7.8%	8.4%	9.5%	9.9%	10.1%

Sustainability: Due to the very long-term nature of capital expenditure and its financing, the revenue budget implications of this expenditure incurred in the next few years could extend for up to some 50 years into the future.

The figures in table have remained at lower levels when debt for the Council has been increasing. Members should be aware that this is because of various capital investments

in commercial property made by the Council over the last few years for regeneration purposes. This results in around £2.6m of income per year being credited to the capital financing budget by the end of the 2025/26 financial year. It is imperative and a key budget risk that these rental levels are maintained, and the income assumed in the estimates above are generated.

However, the level of revenue budget strain is increasing over the capital programme being proposed as part of the 2025/26 budget process and this may not be sustainable given the revenue budget position and low level of reserves. The Council will need to reduce its reliance on external borrowing to fund the capital programme going forwards and target capital grants and contributions or capital receipts from the asset review.

Taking the figures above in Tables 1 to 9 and the key message of caution to be exercised in the future on capital financing decisions. The Director of Finance is satisfied that the proposed capital programme is prudent, affordable, and sustainable because appropriate resources have been allocated from the Council's medium term financial plan, and any borrowing plans have been fully costed and reviewed.

Table 10 –	Total Borrowing	required for each	vear of the MTFP

Total	42.003	47.085	43.180	15.000	10.000

This considers any debt needed by the Council to either finance the capital programme, in respect of leasing arrangements, or to finance any debt restructuring required.

The prudential indicators & limits set out in this report are consistent with the Council's current commitments, existing plans, and the proposals in the budget report for capital expenditure and financing, and with its approved treasury management policy statement and practices.

The Director of Finance confirms that these are based on estimates of the most likely and prudent scenarios, with in addition sufficient headroom over and above this to allow for operational management and some scope for flexibility. For example, unusual cash movements or any unbudgeted capital expenditure required. Risk analysis and management strategies have been considered; as have plans for capital expenditure, estimates of the capital financing requirement, and estimates of cash flow requirements for all purposes.

<u>Prudence – Treasury Management Indicators</u>

It is recommended that the Council sets an upper limit on its fixed interest rate exposures for 2025/26, 2026/27, 2027/28 and 2028/29 of 100% of its estimated total borrowing undertaken.

It is further recommended that the Council sets an upper limit on its variable interest rate exposures for 2025/26, 2026/27, 2027/28 and 2008/29 of 25% of its estimated total borrowing undertaken.

This means that the Director of Finance will manage fixed interest rate exposures on total debt within the range 75% to 100% and variable interest rate exposures on total debt within the range 0% to 25%.

It is also recommended that the Council sets upper and lower limits for the maturity structure (when the debt needs to be repaid) of its total borrowing as follows.

Amount of projected borrowing that is fixed rate maturing in each period as a percentage of total projected borrowing that is fixed rate at the start of the period:

	Upper limit	Lower limit
under 12 months	50%	0%
12 months and within 24 months	30%	0%
24 months and within 5 years	50%	0%
5 years and within 10 years	75%	0%
10 years and above	90%	20%

Currently investments are limited to a maximum of 2 years, with any deals being arranged so that the maturity will be no more than 2 years after the date the deal is arranged.

The maximum % of the total of all investments that have an outstanding period of one year or longer, at the time the investment is made, is 10%.

Knowledge and Skills

The Council employs professionally qualified and experienced staff in senior positions with responsibility for making capital expenditure, borrowing and investment decisions. For example, the Head of Finance and Investment has more than 25 years' experience in local government treasury management. There is similar experience within the finance teams in relation to treasury management, budgeting, & accounting for capital expenditure and

financing. The Council also pays junior staff to study towards relevant professional qualifications including CIPFA, CIMA, ACCA, AAT, and other relevant vocational studies.

Where Council staff do not have the knowledge and skills required, use is made of external advisers and consultants that are specialists in their field. The Council currently employs Arlingclose Limited as treasury management advisers. This approach is more cost effective than employing such staff directly and ensures that the Council has access to knowledge and skills commensurate with its risk appetite.

Treasury Management Practices

Further details of how the treasury management function operates, the procedures used to manage banking, treasury, and capital market transactions, how risk is managed by the inhouse team and how these fit with the CIPFA Code of Practice is included in the Council's set of Treasury Management Practices.

Minor operational and terminology changes to this are made by the Director of Finance on an ongoing basis to keep the TMP's updated. If any significant changes are required to the document, either because of organisational or regulatory changes, this will be brought to full Council for approval.

MANAGEMENT - POLICY STATEMENT 2025/26

- 1. In accordance with revised guidance from the Ministry of Housing, Communities and Local Government (MHCLG) a local authority must prepare and publish an Annual Investment Strategy which must be approved by full Council before the start of the financial year to which it relates.
- 2. The MHCLG guidance offers councils greater freedom in the way in which they invest monies, providing that prior approval is received from Members by approving the Annual Investment Strategy. The guidance also considers the wider implications of investments made for non-financial returns and how these can be evaluated.
- 3. The Local Government Act 2003, which also introduced the Prudential Code for Capital Finance, requires that a local authority must have regard to such guidance as the Secretary of State issues relating to prudent investment practice.
- 4. In addition, the Chartered Institute of Public Finance & Accountancy (CIPFA) has published a revised Code of Practice for Treasury Management in the Public Services in December 2021. This replaces the 2017 Code which had been adopted in full by Middlesbrough Council. The updated Code requires the Council to clearly state, in the Annual Investment Strategy document, its policy on effective control, and monitoring of its treasury management function. These controls are set out in Treasury Management Practices (TMP's) which have been approved as part of acceptance of the previous Code.
- 5. The revised Strategy, showing where the Guidance has determined Council policy, can be set out as:

ANNUAL INVESTMENT STRATEGY 2025/26

- 6. Middlesbrough Council will create and maintain as the cornerstones for effective treasury management:
 - a treasury management policy statement, stating the policies, objectives, and approach to risk management of its treasury management activities.
 - suitable treasury management practices (TMPs), setting out the manner in which
 the organisation will seek to achieve those policies and objectives, and prescribing
 how it will manage and control those activities.
- 7. The content of the policy statement and TMPs will follow the recommendations contained in Sections 6 and 7 of the Code, subject only to amendment where necessary to reflect the circumstances of this organisation. Such amendments will not result in the organisation materially deviating from the Code's key principles.

- 8. Middlesbrough Council will receive reports on its treasury management policies, practices, and activities, including, as a minimum: an annual strategy in advance of the year, a mid-year review, and an annual report at the end of each financial year, in the form prescribed in its TMP's. Revised Strategies can be presented to the Council for approval at any other time during the year if the Director of Finance considers that significant changes to the risk assessment of significant parts of the authority's investments has occurred.
- 9. Middlesbrough Council delegates responsibility for the implementation and regular monitoring of its treasury management policies and practices to the Director of Finance. The execution and administration of treasury management decisions is further delegated to the Head of Finance & Investments, who will act in accordance with the organisation's policy statement, TMPs and CIPFA's Standard of Professional Practice on Treasury Management.
- 10. Middlesbrough Council nominates the Audit Committee to be responsible for ensuring effective scrutiny of the treasury management strategy and policies.
- 11. The Council is very circumspect in its use of credit rating agencies with the section on Specified Investments setting out the current policy. Ratings are monitored on a real time basis as and when information is received from either our treasury management consultants or any other recognised source. Decisions regarding inclusion on the Approved List are made based on market intelligence drawn from a number of sources.
- 12. All staff involved in treasury management will, under the supervision of *the Head of Finance & Investments*, act in accordance with the treasury management practices and procedures, as defined by the Council. Such staff will undertake relevant training, identified during the Council's induction process and, on an on-going basis, the Council's appraisal policy.
- 13. The general policy objective contained in the guidance is that local authorities should invest prudently the short-term cash surpluses held on behalf of their communities. The guidance emphasises that priority should be given to security and liquidity rather than yield. Within that framework the Council must determine a category of borrowers, who must be of "high credit quality" classified as **Specified Investments**, with whom it can invest surplus cash with minimal procedural formalities and further identify a category of borrowers classified as **Non-Specified Investments**, with whom it can also invest but subject to prescribed limits.
- 14. Although the guidance definition of Non-Specified Investments is "one not meeting the definition of a Specified Investment", the authority is required to identify which categories of investments are identified as prudent to use and the limits on any such investment either individually or in total. It is because some organisations do not subscribe to credit rating agencies that they have to be included as Non-Specified Investments, rather than any concern over their creditworthiness.

15. The guidance defines investment in such a way as to exclude pension fund and trust fund investments. In practice, Middlesbrough Council, in its role as Administering Authority for the Teesside Pension Fund, follows similar procedures as approved by Members as part of compliance with the CIPFA Code of Practice, albeit with different limits.

LIMITS & DEFINITION OF SPECIFIED INVESTMENTS

- 16. The following are currently determined as meeting the criteria for Specified Investments:
 - The investment is made with the UK Government, or a local authority (as defined in the Local Government Act 2003), or a police authority, or fire, or a UK Nationalised Industry, or UK Bank, or UK Building Society.
 - The investment is made with a Money Market Fund that, at the time the investment is made, has a rating of AAA.
 - The investment is made with one of the bodies listed in section 4 of Schedule 1E of the current version of the Treasury Management Practices document which, at the time the investment is made, has a short-term "investment grade" rating with either Standard & Poors, Moody's Investors Search Ltd or Fitch Ratings Ltd (or in the case of a subsidiary the parent has such a rating). Where ratings awarded differ between the rating agencies any one award below investment grade will prevent the investment being categorised as a Specified Investment. The rating of all listed bodies must be monitored monthly. Where officers become aware of a downward revision of rating, that moves the body out of the "investment grade" category, between such monthly checks, the body should be removed from the list of Specified Investments and, if considered appropriate, the investment should be recalled.
- 17. All specified investments must be denominated in sterling and must be one where the authority may require it to be repaid or redeemed within 12 months of the date on which the investment is made and must be considered of high credit quality. This is defined as having met the criteria set out above. The investment must not constitute the acquisition of share capital or loan capital in any body corporate.
 - The minimum % of the total of all investments which must be Specified Investments, at the time the investment is made, is 90%
 - The maximum investment with any one counterparty is £15 million, except for the Debt Management Office which is has no limit.
 - The maximum investment in any one group (i.e., a bank and its wholly owned subsidiaries) is £15m.

LIMITS & DEFINITION OF NON-SPECIFIED INVESTMENTS

18. These categories of investment currently meet the criteria for non-specified investments:

- The investment is made with a UK bank, or UK building society, or a UK subsidiary of an overseas bank.
- The investment is made with one of the bodies listed in section 4 of Schedule 1E of the current version of the Treasury Management Practices document, which is not a Specified Investment.
- The investment is for a period of one year or longer.
- 19. All non-specified investments must be denominated in sterling. The investment must not constitute the acquisition of share capital or loan capital in any body corporate.
 - The maximum % of the total of all investments which can be non-specified investments, at the time the investment is made, is 10%.
 - The maximum investment with any one counterparty is £3 million.
 - The maximum investment in any one group (i.e., a bank and its wholly owned subsidiaries) is £3m.
 - The maximum % of the total of all investments that have an outstanding period of one year or longer, at the time the investment is made, is 10%.
- 20. The maximum period for which an investment can be made is 3 years, with the maturity date no more than 3 years and 1 month from the time the deal is agreed.
- 21. As referred to earlier in the report, borrowing should be kept at, or below, the expected capital financing requirement over the medium term to reduce the risk of exposure to interest rate fluctuations. The balance of 'net borrowing' (loans less investments) should also be monitored to, where prudent, minimise interest rate differences.
- 22. The Council considers that it is empowered by Section 12 of the Local Government Act 2003 for the temporary investment of funds borrowed for the purpose of expenditure in the reasonably near future. While not "borrowing to invest" it is prudent to invest monies raised in advance of expenditure. As required by the Guidance such investment is permitted providing the anticipated expenditure is within this or the next financial year or within a period of eighteen months, whichever is the greater.

TREASURY MANAGEMENT POLICY STATEMENT

- 23. Middlesbrough Council defines its treasury management activities as: 'The management of the organisation's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.'
- 24. The Council regards the successful identification, monitoring and control of risk to be the prime criteria by which the effectiveness of its treasury management activities will be measured. Accordingly, the analysis and reporting of treasury management activities will focus on their risk implications for the organisation and any financial instruments entered to manage those risks.
- 25. The Council acknowledges that effective treasury management will provide support towards the achievement of its business and service objectives. It is therefore committed to the principles of achieving value for money in treasury management, and to employing suitable comprehensive performance measurement techniques, within the context of effective risk management.
- 26. The high-level policies and monitoring arrangements adopted by the Council for Borrowing and Investments are as follows:

Borrowing

- Any borrowing decisions will aim to strike an appropriate risk balance between securing low interest rates and achieving cost certainty over the periods for which funds are required. Economic forecasts available from our treasury management advisers and any other available sources will be used to form a view on the target borrowing rates and overall borrowing strategy.
- Any decisions should also look to maintain the stability and flexibility of the longer-term debt portfolio, given the current interest rate environment where short-term borrowing or internal borrowing offer revenue budget savings.
- The main sources of funding for external borrowing for the Council are the Public Works Loan Board, Local Authorities, and financial institutions.

Investments

- The CIPFA/MHCLG guidance require the Council to invest its funds prudently and to have regard to security, liquidity and yield, when making decisions.
- Security being the arrangements in place to protect principal sums invested by a local authority.
- Liquidity being to ensure that enough cash resources are available on a day-today basis for transactional needs.
- Yield being the interest rate and total financial return applicable to the investment being made.
- With these strategic issues in mind, the management of credit risk (or security) is key to the Council's investment strategy and any subsequent activity. The Council uses the external advisers' credit worthiness matrix to determine limits with individual counterparties.

MINIMUM REVENUE PROVISION POLICY - 2025/26

INTRODUCTION

- 27. Local authorities are required each year to set aside some of their revenue income as provision for debt repayment. There is a simple duty for an authority each year to make an amount of revenue provision, which it considers "prudent". (Minimum Revenue Provision) MRP Guidance makes recommendations to authorities on the interpretation of that term.
- 28. Authorities are legally obliged to "have regard" to any such guidance which is the same duty as applies to other statutory guidance including, for example, the CIPFA Prudential Code, the CIPFA Treasury Management Code and the CLG Guidance on Investments.
- 29. Authorities are asked to prepare an annual statement of their policy on making MRP and to have this approved by the body before the start of each financial year.

MEANING OF "PRUDENT PROVISION"

30. The main part to the guidance is concerned with the interpretation of the term "prudent provision". The guidance proposes a number of options. It explains that provision for repayment of the borrowing, which financed the acquisition of an asset, should be made over a period bearing some relation to that over which the asset continues to provide a service or has economic benefit. It should also cover the gap between the Capital Financing Requirement and the various sources of capital income available to the Council to finance its capital programme, such as capital receipts, capital grants, contributions and direct revenue financing.

OPTIONS FOR PRUDENT PROVISION

Option 1: Regulatory Method

31. For debt supported by (Revenue Support Grant) RSG in previous years, authorities will be able to continue to use the formulae in regulations, since the RSG was provided on that basis.

Option 2: CFR Method

32. This is a technically simpler alternative to Option 1 and may also be used in relation to supported debt. While still based on the concept of the Capital Financing Requirement (CFR), which can be derived from the balance sheet, it avoids the complexities of the formulae in the regulations.

Option 3: Asset Life Method

33. For new borrowing under the Prudential system (from 2008) for which no government support is given, there are two main options. Option 3 is to make provision for debt

- repayment in **equal annual instalments** over the estimated life of the asset for which the borrowing is undertaken. This is a possibly simpler alternative to the use of depreciation accounting (Option 4), though it has some similarities to that approach.
- 34. The formula allows an authority to make **voluntary extra provision** in any financial year that this is affordable.
- 35. In the case of the construction of a new building or infrastructure, MRP would not need to be charged until the new asset comes into service. This "MRP holiday" would be perhaps 2 or 3 years in the case of major projects and could make them more affordable. There would be a similar effect in the case of Option 4 under normal depreciation rules.

Option 4: Depreciation Method

- 36. Alternatively, for new borrowing under the prudential framework for which no Government support is being given, Option 4 may be used. This means making MRP in accordance with the standard rules for depreciation accounting.
- 37. Councils will normally need to follow the standard procedures for calculating depreciation when making this revenue provision.

Option 5: 2% Annuity Method

38. This method recognises the time value of money and the useful life of the assets funded from borrowing and is seen as a fairer way of charging MRP. It is supported by the Council's treasury management advisers (Arlingclose) and is being adopted by many local authorities nationally as an equitable basis for calculating the revenue costs of repaying debt.

MINIMUM REVENUE PROVISION -

2025/26 POLICY FOR MIDDLESBROUGH COUNCIL

- 39. The Secretary of State recommends that before the start of each financial year a local authority prepares a statement of its policy on making MRP in respect of that financial year and submits it to the full council as part of its budget setting process. The statement should indicate which of the options listed above are to be followed in the financial year.
- 40. For supported capital expenditure, Middlesbrough Council intends to use **option 5 a 2% annuity basis** for the coming financial year.
- 41. For unsupported capital expenditure, Middlesbrough Council intends to use **option 5** a 2% annuity basis for the coming financial year.
