McCloud judgement

On 27 June 2019 the Supreme Court denied the Government's request for an appeal in the McCloud and Sargeant case.

The case concerns the transitional protections provided to older members of the judges and firefighter pension schemes when the schemes were reformed in 2015, as part of the public sector pension scheme changes. On 20 December 2018 the Court of Appeal found that these protections were unlawful on the grounds of age discrimination and could not be justified.

A consultation document was issued on the proposed remedy in respect of the LGPS. The consultation covers both future provisions and proposed retrospective changes to enable the Scheme to remedy the findings of discrimination. Draft amending legislation accompanied the consultation which had a closing date of 8 October 2020.

The proposals contained in the consultation go beyond the immediate remedy of age discrimination that the McCloud judgement seeks to rectify and also contain broader changes which MHCLG propose to implement to rectify what they view as historic anomalies that have existed since the introduction of the new Scheme in 2014, some of which would require retrospective amendment.

The immediate remedy proposals have significant administrative impact and the more extensive proposals will place a further administrative burden upon the Fund, XPS and employers within the Fund. A response was submitted to the consultation agreeing with the broad principles of the remedy but highlighting the major administrative impact that the changes will impose.

Legislation on restricting exit payments (£95k cap)

The Restriction of Public Sector Exit Payments Regulations 2020 ('the Cap Regulations'), will come into force on 4 November 2020, in advance of the changes to LGPS regulations proposed by MHCLG in the further reform consultation. These changes will amend the LGPS regulations to provide for the payment of reduced pensions in whole (as is the current provision) and in part.

From 4 November 2020 up to the enactment of the MHCLG further reform proposals there is a position of legal uncertainty. This is due to the apparent discrepancy between the obligations on scheme employers under the Cap Regulations to limit strain cost payments, and the requirement for administering authorities to pay unreduced pensions to qualifying scheme members under existing LGPS regulations.

We understand there will shortly be a communication from Government to administering authorities on this matter.

The LGPS Advisory Board (SAB) has requested the views of Counsel on the risks of challenge to administering authorities and the obligations of scheme employers during this period of legal uncertainty.

SAB has received initial advice but has followed this up with requests for further clarification on which they hope to have by early next week. Once that is received and subject to the necessary HMT guidance and Directions being made available, SAB intends to publish the advice along with some commentary.

SAB appreciates that there is significant uncertainty at this time, hence why it felt legal advice would be important before anything further was published on this matter.

This update can be found in the News and Updates page of www.lgpsregs.org.

Regulations and guidance

The LGPS (Amendment) (No2) Regulations 2020 – exit credits

On 27 February 2020, MHCLG published a partial response to the consultation covering changes to the local valuation cycle and the management of employer risk. The response covered the proposals on exit credits only.

On 26 August 2020, MHCL G published a second partial response to the Local valuation cycle and the management of employer risk consultation that was issued in May 2019.

The response confirms that the LGPS 2013 Regulations will be amended to allow greater flexibility on employer exit payments and the ability to review employer contributions between valuations. The LGPS (Amendment) (No.2) Regulations 2020 provide for the changes and were laid on 27 August 2020. They came into effect from 23 September 2020.

A further response will be made by MHCLG in relation to the other proposals in the consultation (changes to the local fund valuation cycle, interim valuations and the status of further education, Sixth Form College and higher education corporations in England and Wales) in due course.

Covid-19

XPS update

Following the outbreak of Covid-19, and subsequent lockdown, XPS quickly moved to enable all staff to be able to work from home. This involved the provision of laptops for all staff and development of necessary software to allow secure remote working.

Although the majority of staff continue to work from home, there has been an increasing number returning to a more normal office working environment. XPS will not be looking to enforce this on any member of the Middlesbrough office if they feel they are being put at risk. At this moment

there is no timeframe, nor rush, to commence a full return to an office environment. XPS will maintain a watching brief on governmental guidance.

Recruitment

Following the agreement of the Pensions Committee to fund enhancements to the Pensions Administration Services at their meeting of 7th March 2018, XPS Administration, Middlesbrough has looked to recruit into the roles required to provide this enhanced service.

XPS are currently reviewing processes to enable a move to monthly contribution postings which should lead to greater efficiencies, and more up to date information on member records.

Performance

Following discussions with both the Pension Board and Committee, XPS Administration are investigating a way to report the time between a member being entitled to a benefit and it being finalized (e.g. time between date of leaving and deferred benefit statement being issued or pension being brought into payment).

XPS Administration are therefore investigating whether sufficient reporting tools already exist within the pension administration system or whether bespoke reports are required to be developed (either internally or via the administration software providers).

The Pension Committee will be kept updated on the progress to provide this information.

Employer Liaison

Employers & Members

Employers seem to now be working extremely well adapting to the "new normal" and year end has been a very successful exercise in terms of engagement despite the constraints placed on us all suddenly back in March.

Annual benefit statements were issued to members at the end of August and we will be looking for feedback from members and employers on the paper format and also discuss the online version available.

This month we have started our Employer Health Check communication where we are virtually going to meet each employer to find out what they need from us in regards to training, and what we expect from them. These meetings will also involve general discussions on how employers are finding matters in the current situation. We are hoping to have the first tranche complete by Christmas.

Late Payments

Below shows the percentage of late payments each month in relation to the contributions received to the Teesside Pension Fund:

9 Employers

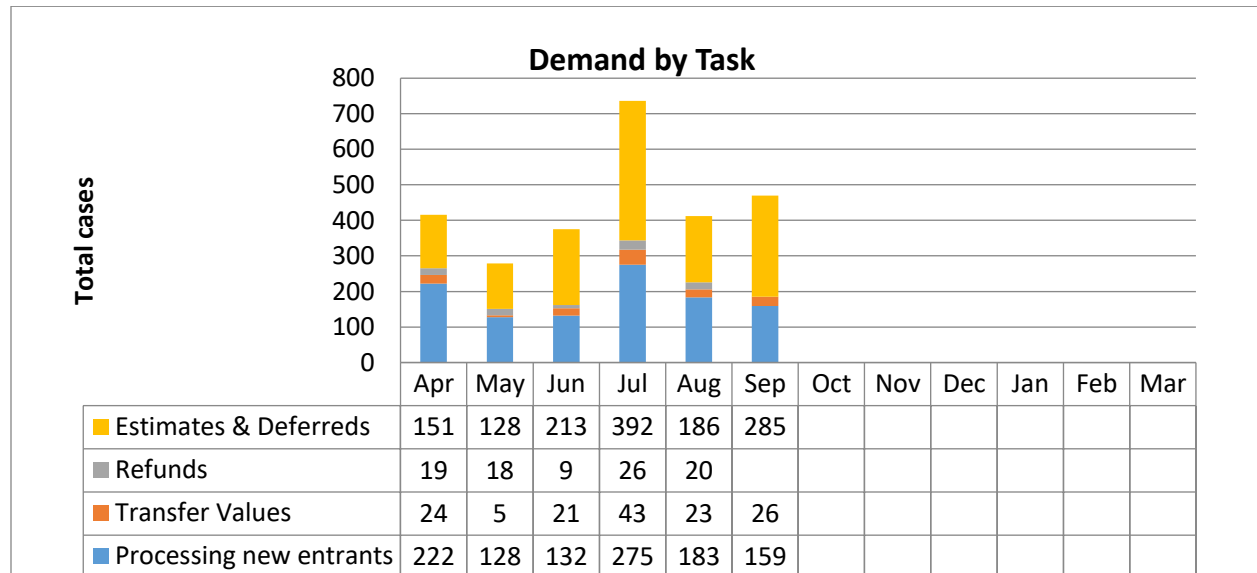

- Tees Valley community Asset Preservation Trust
- Northern Lights Learning Trust
- Lockwood Parish
- KGB
- Hartlepool Sixth Form
- FROG
- Thirteen
- Ecocleen
- Creative

Some of these employers are regular offenders and we are in regular contact with them. We are finding that employers are having difficulties under the current working restraints and are never late sending sheets. We are now liaising with accounts and the employers after the number of late payments increased in August.
