3. FINANCIAL IMPLICATIONS

- 3.1 Decisions taken by Members, in light of information contained within this report, will have an impact on the performance of the Fund.

4. IMPLEMENTATION OF INVESTMENT ADVICE FOR THE PERIOD APRIL - JUNE 2023

- 4.1 The Fund continues to favour growth assets over protection assets. For the period under discussion here, bonds were still not considered value for the Fund.

The Fund has no investments in Bonds at this time.

- 4.2 At the June 2018 Committee it was agreed that, a maximum level of 20% of the Fund would be held in cash.

Cash level at the end of June 2023 was 4.34%

- 4.3 Investment in direct property to continue where the property has a good covenant, yield and lease terms.

The Fund purchased one property in the quarter for £30.5m – St Albans Retail Park, additional details are included in the CBRE Report.

- 4.4 Investment in Alternatives, such as infrastructure and private equity, offer the Fund diversification from equities and bonds. They come with additional risks of being illiquid, traditionally they have costly management fees and investing capital can be a slow process.

An amount of £66m was invested in the quarter.

5. TRANSACTION REPORT

- 5.1 It is a requirement that all transactions undertaken are reported to the Committee. Appendix A details transactions for the period 1 April 2023 – 30 June 2023.
- 5.2 There were net purchases of £174m in the period, this compares to net purchases of £84m in the previous reporting period.

6. TREASURY MANAGEMENT

- 6.1 The Chartered Institute of Public Finance & Accountancy (CIPFA) Code of Practice (the Code) sets out how cash balances should be managed. The Code states that the objective of treasury management is the management of the Authority's cash flow, its borrowings and investments, in such a way as to control the associated risks and achieve a level of performance or return consistent with those risks. The security of cash balances invested is more important than the interest rate received.
- 6.2 Middlesbrough Council adopted the Code on its inception and further determined that the cash balances held by the Fund should be managed using the same criteria. The policy establishes a list of counterparties (banks, building societies and others to whom the Council will lend) and sets limits as to how much it will lend to each counterparty. The counterparty list and associated limits are kept under constant review by the Director of Finance.
- 6.3 Although it is accepted that there is no such thing as a risk-free counterparty, the policy has been successful in avoiding any capital loss through default.
- 6.4 As at 30 June 2023, the Fund had £218 million invested with approved counterparties. This is a decrease of £117 million over the last quarter.
- 6.5 The attached graph (Appendix B) shows the maturity profile of cash invested. It also shows the average rate of interest obtained on the investments for each time period.
- 6.6 Delegated authority was given to the Director of Finance by the Teesside Pension Fund Committee to authorise/approve any changes made to the Treasury Management Principles (TMPs), with subsequent reporting to this committee.

7. FUND VALUATION

7.1 The Fund Valuation details all the investments of the Fund as at 30 June 2023, and is prepared by the Fund's custodian, Northern Trust. The total value of all investments, including cash, is **£5,051 million**. The detailed valuation attached as Appendix C is also available on the Fund's website www.teespen.org.uk. This compares with the last reported valuation, as at 31 March 2023 of **£5,060 million**.

7.3 A summary analysis of the valuation (attached with the above), shows the Fund's percentage weightings in the various asset classes as at 30 June 2023 compared with the Fund's customised benchmark.

8. FORWARD INVESTMENT PROGRAMME

(Local Investments account for the missing 1% in the "current" totals - there is no allocation within the SAA for these assets)

8.3 It has been agreed by the Pension Fund Advisers and Fund Officers that there will be no changes to the Strategic Asset Allocation shown above following the Actuarial Valuation. However it was acknowledged that work would continue to ensure the Fund's assets were more closely aligned to the strategic asset allocation. It was also acknowledged that there may be times in the short to medium term where the strategic allocation to a particular asset class is above the long term target – in any such case it should remain within the maximum level set out in the table at paragraph 8.2.

8.4 EQUITIES

As at the 30 June 2023 the Fund's equity weighting was 62.27% compared to 61.23% at the end of March 2023 As cash levels are reducing the team are looking at cashflow projections to determine if and when equity redemptions may be required.

8.5 BONDS + CASH

The Fund has no investments in bonds at this time, the level of cash invested is 4.34% Discussions were held within the Committee Meeting re investing in bonds, although there was no directive to invest at this time the Advisers have since indicated the levels at which they feel investment would be appropriate. Officers are monitoring the situation, when the levels come into range we will have a further discussion with the advisers, current thinking is that an investment via the Border to Coast Sterling Index Linked Bond Fund would be the most appropriate vehicle.
