<b>Description:</b>	<p><b>Key aims, objectives and activities</b> To assess the impact of proceeding with the adoption of the proposed Household Support Fund 2024/25 scheme.</p> <p><b>Statutory drivers</b> The Council is required to adopt a new scheme as part of the Household Support Fund to distribute £1.6m. The funds are provided by Central Government to support those residents in most need and that require help with the global inflationary challenges and the significant rising cost of living. Confirmation required to DWP by 10 May 2024.</p> <p><b>Differences from any previous approach</b> Unlike previous HSF rounds, the new scheme makes financial provision for a full year, which enables more sustained but tapered support over the year, in order to reduce the risk of household dependency.</p> <p><b>Key stakeholders and intended beneficiaries (internal and external as appropriate)</b> Key stakeholders: Council and local residents.</p> <p><b>Intended outcomes.</b> To seek approval for the delivery plan required by the DWP in line with Central Government criteria. Where the criteria does not exist, or minor adjustments are required to ensure efficient operation then decision making is delegated to the Head of Resident and Business Support.</p>			
<b>Live date:</b>	The Executive Member for Finance and Governance will consider the HSF scheme by 10 May 2024			
<b>Lifespan:</b>	To be administered between 1 April 24 to 30 September 2024			
<b>Date of next review:</b>	February 2025			

Screening questions	Response			Evidence
	No	Yes	Uncertain	
<p><b>Human Rights</b>            Could the decision impact negatively on individual Human Rights as enshrined in UK legislation?*</p>	☒	☐	☐	<p>The HSF scheme is provided by central government to award support for residents adversely affected by the Cost of Living Crisis/global inflation. The local scheme is based on government guidance and criteria, and is designed to support households with children, pensioners, those with disabilities and other households who may be experiencing financial difficulties. This support does not reduce or replace other existing forms of support and therefore no resident will be adversely affected. Support will be provided through a combination of direct automated awards and application-based claims. In addition, contingency is in place to provide for situations where an award of relief might be justifiable outside of the eligibility criteria. In light of the above, it is not considered that the report will have an adverse impact on individuals in terms of human rights.</p>
<p><b>Equality</b>            Could the decision result in adverse differential impacts on groups or individuals with characteristics protected in UK equality law? Could the decision impact differently on other commonly disadvantaged groups?*</p>	☒	☐	☐	<p>The HSF scheme is provided by central government to award support for residents adversely affected by the Cost of Living Crisis/global inflation.
