Daily Vaccinations Data – North East and Yorkshire

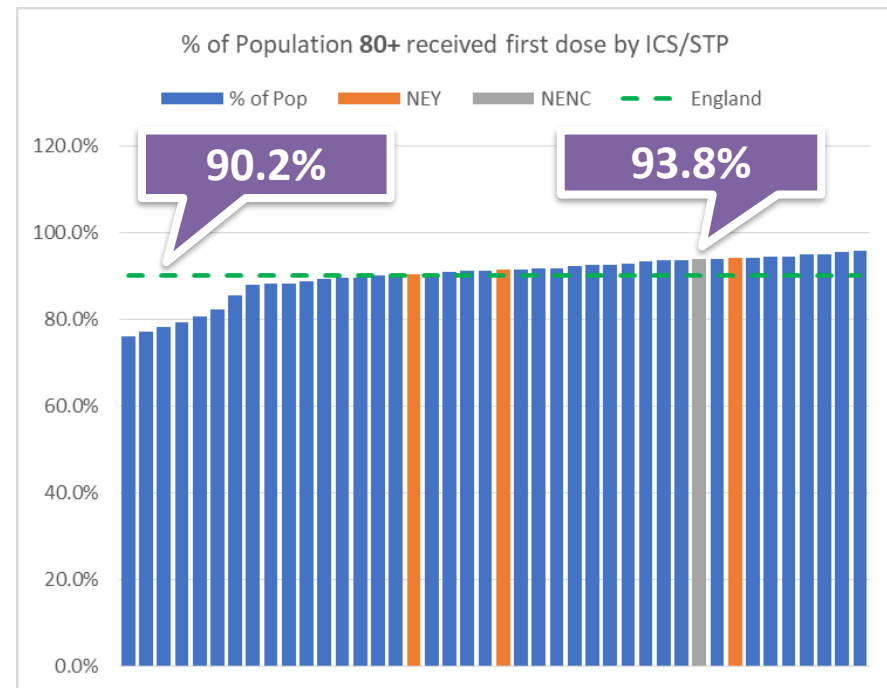

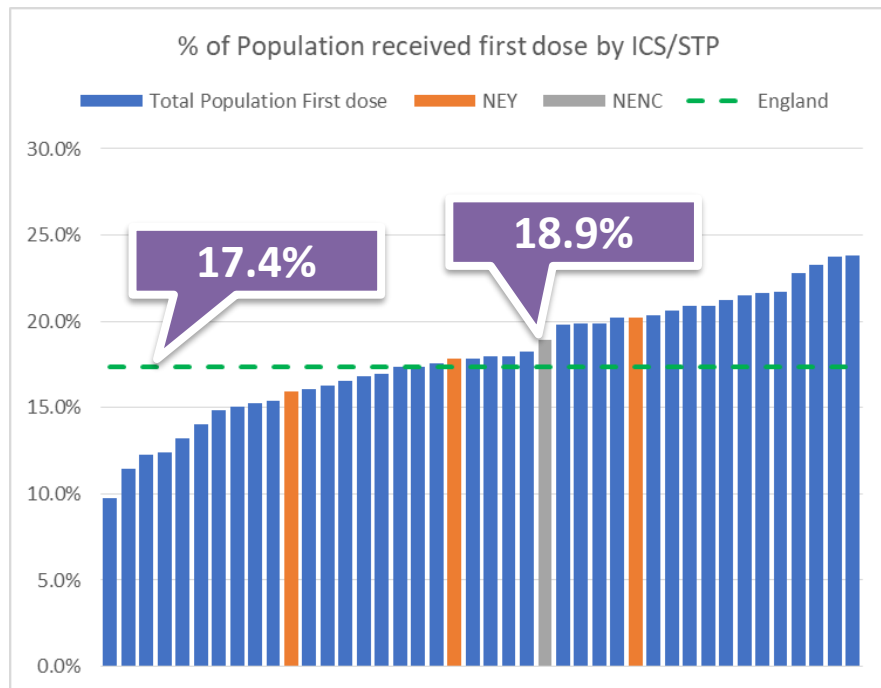

The CCG only has access to the nationally published information (NHSE website) which is summarised at NHS region and ICS level.

- The number of vaccinations up to the 14th February in North East and Yorkshire is now over 2.1 million.

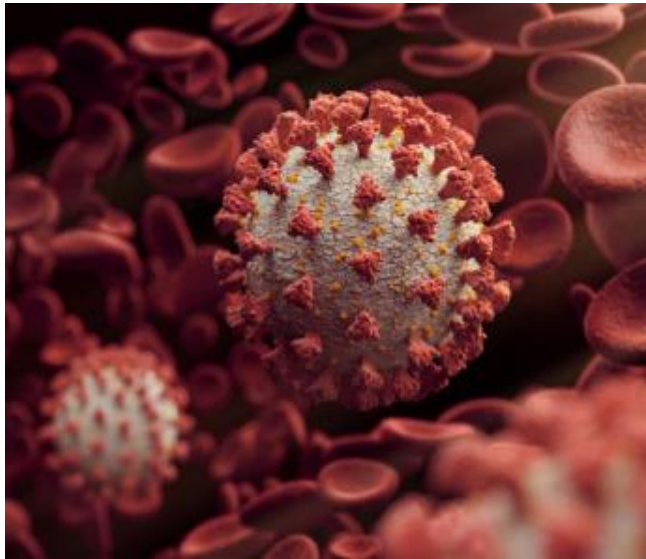

Cumulative comparison of Vacccs as at 7th February 21

- NENC ICS is above the national average in both ‘% population received first dose’ and ‘% of 80+ received first dose’
