McCloud judgement

On 27 June 2019 the Supreme Court denied the Government's request for an appeal in the McCloud and Sargeant case.

The case concerns the transitional protections provided to older members of the judges and firefighter pension schemes when the schemes were reformed in 2015, as part of the public sector pension scheme changes. On 20 December 2018 the Court of Appeal found that these protections were unlawful on the grounds of age discrimination and could not be justified.

A consultation document was issued on the proposed remedy in respect of the LGPS. The consultation covers both future provisions and proposed retrospective changes to enable the Scheme to remedy the findings of discrimination. Draft amending legislation accompanied the consultation which had a closing date of 8 October 2020.

The proposals contained in the consultation go beyond the immediate remedy of age discrimination that the McCloud judgement seeks to rectify and also contain broader changes which MHCLG propose to implement to rectify what they view as historic anomalies that have existed since the introduction of the new Scheme in 2014, some of which would require retrospective amendment.

The immediate remedy proposals have significant administrative impact and the more extensive proposals will place a further administrative burden upon the Fund, XPS and employers within the Fund. A response was submitted to the consultation agreeing with the broad principles of the remedy but highlighting the major administrative impact that the changes will impose.

Legislation on restricting exit payments (£95k cap)

The Restriction of Public Sector Exit Payments Regulations 2020 ('the Cap Regulations'), will come into force on 4 November 2020, in advance of the changes to LGPS regulations proposed by MHCLG in the further reform consultation. These changes will amend the LGPS regulations to provide for the payment of reduced pensions in whole (as is the current provision) and in part.

From 4 November 2020 up to the enactment of the MHCLG further reform proposals there is a position of legal uncertainty. This is due to the apparent discrepancy between the obligations on scheme employers under the Cap Regulations to limit strain cost payments, and the requirement for administering authorities to pay unreduced pensions to qualifying scheme members under existing LGPS regulations.

The Fund is now following the Scheme Advisory Board's recommended approach that anyone retiring on redundancy or business efficiency grounds who exceeds the cap will be offered a

choice of deferred benefits or reduced immediate benefits, and employers are recommended to follow the SAB guidance and not make a 'top up' payment to individuals in these circumstances at this stage.

Regulations and guidance

The LGPS (Amendment) (No2) Regulations 2020 – exit credits

On 27 February 2020, MHCLG published a partial response to the consultation covering changes to the local valuation cycle and the management of employer risk. The response covered the proposals on exit credits only.

On 26 August 2020, MHCLG published a second partial response to the Local valuation cycle and the management of employer risk consultation that was issued in May 2019.

The response confirms that the LGPS 2013 Regulations will be amended to allow greater flexibility on employer exit payments and the ability to review employer contributions between valuations. The LGPS (Amendment) (No.2) Regulations 2020 provide for the changes and were laid on 27 August 2020. They came into effect from 23 September 2020.

A further response will be made by MHCLG in relation to the other proposals in the consultation (changes to the local fund valuation cycle, interim valuations and the status of further education, Sixth Form College and higher education corporations in England and Wales) in due course.

Covid-19

XPS update

Following the latest lockdown due to Covid-19, XPS introduced further restrictions on who can work from the office (based on work undertaken and any special circumstances). At this moment there is no timeframe, nor rush, to commence a full return to an office environment. XPS will maintain a watching brief on governmental guidance.

Conditional Data

XPS Administration, Middlesbrough are working on a method to report Conditional Data. Discussions are ongoing with Aquila Heywood on a cost for this reporting function along with investigation on whether this can be achieved internally. This follows the issuance by SAB of 22 data fields that should be reported on.

An overview of the Conditional (Scheme Specific) Data for the three Police schemes are:

Service Development

Following the agreement of the Pensions Committee to fund enhancements to the Pensions Administration Services at their meeting of 7th March 2018, XPS Administration, Middlesbrough has looked to recruit into the roles required to provide this enhanced service.

Additional funds were only drawn down when roles were filled to undertake the additional services. This has so far led to:

Initial Planning

To help with the creation of the teams that will assist with the additional services two new posts were created to covering Governance & Communications plus Systems & Payroll. These were filled by Paul Mudd and Neale Watson respectively on 11th July 2018. Their roles were then to look at how XPS could then provide the agreed services to the Fund.

Employer Liaison

On 1st May 2019, the Employer Liaison team leader was appointed. Quickly followed by an assistant on 24th June 2019.

Since appointment, they have undertaken numerous tasks including Employer training, late contribution monitoring, and data cleansing. They have recently started Employer Health checks, which are now undertaken virtually due to the Covid restrictions.

The team are also working with the actuary to provide relevant and timely information.

Next steps will be to work with the Fund to determine how to undertake employer covenant and introducing the monthly contribution process across all employers.

Communications

The Communications Coordinator was appointed on 16th December 2019 with an initial remit to review fund's website and develop a new version with greater accessibility and easier to navigate; this will be demonstrated at this meeting.

Once the new website is live, the next area to review will be the bulk communications that we issue (newsletters and Annual Benefit Statements) before reviewing any other documentation.

Next Steps

XPS are currently reviewing processes to enable a move to monthly contribution postings which should lead to greater efficiencies, and more up to date information on member records. It is expected that this will occur during the 2021/22 financial year. Since March 2018, the plan has changed from the recruitment of two additional members of staff to use a piece of software that will provide an auditable process that will allow employers to upload member data directly to records. This will help ensure starters, leavers and variations are provided in a timely manner and current data is held to speed up the calculation process.

The next steps will include the procurement of the additional software and the recruitment of at least one further member of staff to assist with the processing of the data.

Performance

Following discussions with both the Pension Board and Committee, XPS Administration are investigating a way to report the time between a member being entitled to a benefit and it being finalized (e.g. time between date of leaving and deferred benefit statement being issued or pension being brought into payment).

XPS Administration are therefore investigating whether sufficient reporting tools already exist within the pension administration system or whether bespoke reports are required to be developed (either internally or via the administration software providers).

The Pension Committee will be kept updated on the progress to provide this information.

Employer Liaison

Employers & Members

We have started our Employer Health Check communication where we are virtually going to meet each employer to find out what they need from us in regards to training, and what we expect from them. These meetings will also involve general discussions on how employers are finding matters in the current situation. The first few meetings we have completed have been successful and more are scheduled in the coming months. Analysis of needs is being collated and will be an ongoing exercise throughout the checks.

Late Payments

I requested that accounts liaise with me more regularly in order to keep on top of the late payments. This has now begun and they email me monthly once the deadline for payments has passed. This seems to be working well and will continue.

One regular late payment employer has now caught up.....Creative Management. Lockwood Parish was named on the late payment list however once I contacted them it turned out the member had left the fund and no contributions were due.
