

Better Care Fund 2020-21 Year-end Template

2. Cover

Version 1.0

Please Note:

- The BCF end of year reports are categorised as 'Management Information' and data from them will be published in an aggregated form on the NHSE website. Narrative sections of the reports will not be published. However as with all information collected and stored by public bodies, all BCF information including any narrative is subject to Freedom of Information requests.
- At a local level it is for the HWB to decide what information it needs to publish as part of wider local government reporting and transparency requirements. Until BCF information is published, recipients of BCF reporting information (including recipients who access any information placed on the BCE) are prohibited from making this information available on any public domain or providing this information for the purposes of journalism or research without prior consent from the HWB (where it concerns a single HWB) or the BCF national partners for the aggregated information.
- All information, including that provided on local authority fee rates, will be supplied to BCF partners to inform policy development.
- This template is password protected to ensure data integrity and accurate aggregation of collected information. A resubmission may be required if this is breached.

Health and Wellbeing Board:	Redcar and Cleveland
Completed by:	Kathryn Warnock
E-mail:	kathryn.warnock@nhs.net
Contact number:	078250754300
Is the template being submitted subject to HWB / delegated sign-off?	No, sign-off has been received
Where a sign-off has been received, please indicate who signed off the report on behalf of the HWB?	
Job Title:	Patrick Rice
Name:	Corporate Director Adults and Communities

Question Completion - when all questions have been answered and the validation boxes below have turned green you should send the template to england.bettercarefundteam@nhs.net saving the file as 'Name HWB' for example 'County Durham HWB'

[^^ Link back up](#)

Scheme Type	Description	
Assistive Technologies and Equipment	Using technology in care processes to supportive self-management, maintenance of independence and more efficient and effective delivery of care. (eg. Telecare, Wellness services, Digital participation services).	
Care Act Implementation Related Duties	Funding planned towards the implementation of Care Act related duties.	
Carers Services	Supporting people to sustain their role as carers and reduce the likelihood of crisis. Advice, advocacy, information, assessment, emotional and physical support, training, access to services to support wellbeing and improve independence. This also includes the implementation of the Care Act as a sub-type.	
Community Based Schemes	Schemes that are based in the community and constitute a range of cross sector practitioners delivering collaborative services in the community typically at a neighbourhood level (eg: Integrated Neighbourhood Teams)	
DFG Related Schemes	The DFG is a means-tested capital grant to help meet the costs of adapting a property; supporting people to stay independent in their own homes.	

Enablers for Integration	Schemes that build and develop the enabling foundations of health and social care integration encompassing a wide range of potential areas including technology, workforce, market development (Voluntary Sector Business Development: Funding the business development and preparedness of local voluntary sector into provider Alliances/ Collaboratives) and programme management related schemes. Joint commissioning infrastructure includes any personnel or teams that enable joint commissioning. Schemes could be focused on Data Integration, System IT Interoperability, Programme management, Research and evaluation, Supporting the Care Market, Workforce development, Community asset mapping, New governance arrangements, Voluntary Sector Development, Employment services, Joint commissioning infrastructure amongst others.	
High Impact Change Model for Managing Transfer of Care	The eight changes or approaches identified as having a high impact on supporting timely and effective discharge through joint working across the social and health system. The Hospital to Home Transfer Protocol or the 'Red Bag' scheme, while not in the HICM as such, is included in this section.	
Home Care or Domiciliary Care	A range of services that aim to help people live in their own homes through the provision of domiciliary care including personal care, domestic tasks, shopping, home maintenance and social activities. Home care can link with other services in the community, such as supported housing, community health services and voluntary sector services.	
Housing Related Schemes	This covers expenditure on housing and housing-related services other than adaptations; eg: supported housing units.	

Integrated Care Planning and Navigation	<p>Care navigation services help people find their way to appropriate services and support and consequently support self-management. Also, the assistance offered to people in navigating through the complex health and social care systems (across primary care, community and voluntary services and social care) to overcome barriers in accessing the most appropriate care and support. Multi-agency teams typically provide these services which can be online or face to face care navigators for frail elderly, or dementia navigators etc. This includes approaches like Single Point of Access (SPoA) and linking people to community assets. Integrated care planning constitutes a co-ordinated, person centred and proactive case management approach to conduct joint assessments of care needs and develop integrated care plans typically carried out by professionals as part of a multi-disciplinary, multi-agency teams.</p> <p>Note: For Multi-Disciplinary Discharge Teams and the HICM for managing discharges, please select HICM as scheme type and the relevant sub-type. Where the planned unit of care delivery and funding is in the form of Integrated care packages and needs to be expressed in such a manner, please select the appropriate sub-type alongside.</p>	
Intermediate Care Services	<p>Short-term intervention to preserve the independence of people who might otherwise face unnecessarily prolonged hospital stays or avoidable admission to hospital or residential care. The care is person-centred and often delivered by a combination of professional groups. Four service models of intermediate care are: bed-based intermediate care, crisis or rapid response (including falls), home-based intermediate care, and reablement or rehabilitation. Home-based intermediate care is covered in Scheme-A and the other three models are available on the sub-types.</p>	

Personalised Budgeting and Commissioning	Various person centred approaches to commissioning and budgeting.	
Personalised Care at Home	Schemes specifically designed to ensure that a person can continue to live at home, through the provision of health related support at home often complemented with support for home care needs or mental health needs. This could include promoting self-management/expert patient, establishment of ‘home ward’ for intensive period or to deliver support over the longer term to maintain independence or offer end of life care for people. Intermediate care services provide shorter term support and care interventions as opposed to the ongoing support provided in this scheme type.	
Prevention / Early Intervention	Services or schemes where the population or identified high-risk groups are empowered and activated to live well in the holistic sense thereby helping prevent people from entering the care system in the first place. These are essentially upstream prevention initiatives to promote independence and well being.	
Residential Placements	Residential placements provide accommodation for people with learning or physical disabilities, mental health difficulties or with sight or hearing loss, who need more intensive or specialised support than can be provided at home.	
Other	Where the scheme is not adequately represented by the above scheme types, please outline the objectives and services planned for the scheme in a short description in the comments column.

LA Additional Funding	£85,111	
Additional Sub Total		£85,111
		Actual
Do you wish to change your additional actual CCG funding?	No	
Do you wish to change your additional actual LA funding?	No	
		£85,111
	Planned 20-21	Actual 20-21
Total BCF Pooled Fund	£20,287,101	£20,287,101

Please provide any comments that may be useful for local context where there is a difference between planned and actual income for 2020-21

Expenditure

	2020-21
Plan	£18,793,668

Do you wish to change your actual BCF expenditure?

No

Actual

Please provide any comments that may be useful for local context where there is a difference between the planned and actual expenditure for 2020-21

The £458,820 underspend against minimum CCG contribution and the unspent LA contribution of £19,087 will be carried forward into 21/22 to finance a raft of new schemes. The £1,015,526 DFG underspend is exceptional due to the circumstances surrounding Covid lockdown and will be carried forward to meet demand and backlog in 2021/22.

7. Year-End Feedback

The purpose of this survey is to provide an opportunity for local areas to consider and give feedback on the impact of the BCF. Covid-19 had a significant impact on services and schemes delivered on the ground which may have changed the context. However, national BCF partners would value and appreciate local area feedback to understand views and reflections of the progress and challenges faced during 2020-21

There is a total of 5 questions. These are set out below.

Selected Health and Wellbeing Board: Redcar and Cleveland

Part 1: Delivery of the Better Care Fund

Please use the below form to indicate what extent you agree with the following statements and then detail any further supporting information in the corresponding comment boxes.

Statement:	Response:	Comments: Please detail any further supporting information for each response
1. The overall delivery of the BCF has improved joint working between health and social care in our locality	Strongly Agree	Under our governance arrangements, the CCG and 2 Local Authorities meet together to manage the Better Care Funds through our BCF Implementation and Monitoring Group and Adults Joint Commissioning Board. We have joint South Tees wide schemes and share learning and initiatives.
2. Our BCF schemes were implemented as planned in 2020-21	Agree	There were some delays to recruitment/implementation to a few schemes due to the pandemic but these are monitored through our BCF Implementation and Monitoring Group
3. The delivery of our BCF plan in 2020-21 had a positive impact on the integration of health and social care in our locality	Strongly Agree	It has improved joint working and provided a better understanding of outcomes as while the outcomes expected for Schemes in Social Care and Health differ they are aligned, allowing schemes to deliver for each of us.

Part 2: Successes and Challenges

Please select two Enablers from the SCIE Logic model which you have observed demonstrable success in progressing and two Enablers which you have experienced a relatively greater degree of challenge in progressing.

Please provide a brief description alongside.

4. Outline two key successes observed toward driving the enablers for integration (expressed in SCIE's logical model) in 2020-21	SCIE Logic Model Enablers, Response category:	Response - Please detail your greatest successes
Success 1	6. Good quality and sustainable provider market that can meet demand	The Delivery of Support to Care Home schemes through BCF has demonstrably improved the care home provider market and enabled providers to better meet demand. This has resulted in reduction in delayed discharge, better assessment of needs for homes ensuring they meet the needs of residents helping prevent hospital admission / re-admission. These existing support to care home schemes we had in place, offered by a range of colleagues across health and social care, proved their value during the pandemic, particularly around infection prevention and control.
Success 2	9. Joint commissioning of health and social care	Our Single Point of Access continues to develop, offering a MDT approach to provide the best options for complex patients to avoid unnecessary admissions to hospital and facilitate discharges. The integrated SPA's remit has extended to process referrals around long covid and falls and links to social prescribing and PCN enhanced health in care home initiatives. There are plans for the integrated SPA team to link more closely with hospital discharge teams which will support the on-going partnership working to improve patient flow, discharges and offset the pressures caused by the pandemic.
5. Outline two key challenges observed toward driving the enablers for integration (expressed in SCIE's logical model) in 2020-21	SCIE Logic Model Enablers, Response category:	Response - Please detail your greatest challenges

Checklist

Complete:

Yes

Yes

Yes

Yes

Yes

Challenge 1	3. Integrated electronic records and sharing across the system with service users	Whilst some progress has been made in shared data such as NHS numbers in both the LA and Health, shared GP records with BCF support services with different systems make it difficult to progress
Challenge 2	Other	System pressures caused by the affects of the pandemic, eg provider market capacity, staff isolation, impacted on length of stays in hospital, reablement and packages of care.

Yes

Yes

Footnotes:

Question 4 and 5 are should be assigned to one of the following categories:

- 1. Local contextual factors (e.g. financial health, funding arrangements, demographics, urban vs rural factors)
- 2. Strong, system-wide governance and systems leadership
- 3. Integrated electronic records and sharing across the system with service users
- 4. Empowering users to have choice and control through an asset based approach, shared decision making and co-production
- 5. Integrated workforce: joint approach to training and upskilling of workforce
- 6. Good quality and sustainable provider market that can meet demand
- 7. Joined-up regulatory approach
- 8. Pooled or aligned resources
- 9. Joint commissioning of health and social care
- Other

Better Care Fund 2020-21 Year-end Template

8. improved Better Care Fund

Selected Health and Wellbeing Board: Redcar and Cleveland

These questions cover average fees paid by your local authority (including client contributions/user charges) to external care providers for your local authority's eligible clients. The averages will likely need to be calculated from records of payments paid to social care providers and the number of client weeks they relate to, unless you already have suitable management information.

We are interested ONLY in the average fees actually received by external care providers for your local authority's eligible supported clients (including client contributions/user charges). Specifically the averages SHOULD EXCLUDE:

- Any amounts that you usually include in reported fee rates but are not paid to care providers e.g. your local authority's own staff costs in managing the commissioning of places.
- Any amounts that are paid from sources other than eligible local authority funding and client contributions/user charges, i.e. you should EXCLUDE third party top-ups, NHS Funded Nursing Care and full cost paying clients.

Respecting these exclusions, the average fees SHOULD INCLUDE:

- Client contributions /user charges.
- Fees paid under spot and block contracts, fees paid under a dynamic purchasing system, payments for travel time in home care, any allowances for external provider staff training, fees directly commissioned by your local authority and fees commissioned by your local authority as part of a Managed Personal Budget.
- Fees that did not change as a result of the additional IBCF allocation, as well as those that did. We are interested in the whole picture, not just fees that were specifically increased using additional IBCF funding.

If you only have average fees at a more detailed breakdown level than the three service types of home care, 65+ residential and 65+ nursing requested below (e.g. you have the more detailed categories of 65+ residential without dementia, 65+ residential with dementia) **please calculate for each of the three service types an average weighted by the proportion of clients that receive each detailed category:**

1. Take the number of clients receiving the service for each detailed category.
2. Divide the number of clients receiving the service for each detailed category (e.g. age 65+ residential without dementia, age 65+ residential with dementia) by the total number of clients receiving the relevant service (e.g. age 65+ residential).
3. Multiply the resultant proportions from Step 2 by the corresponding fee paid for each detailed category.
4. For each service type, sum the resultant detailed category figures from Step 3.

Please leave any missing data cells as blank e.g. do not attempt to enter '0' or 'N/A'.

	For information - your 2019-20 fee as reported in Q2 2019-20*	Average 2019-20 fee. If you have newer/better data than at Q2 2019-20, enter it below and explain why it differs in the comments. Otherwise enter the Q2 2019-20 value from the previous column	What was your anticipated average fee rate for 2020-21, if COVID-19 had not occurred?	What was your actual average fee rate per actual user for 2020-21? **	Implied uplift: anticipated 2020-21 rates compared to 2019-20 rates.	Implied uplift: actual 2020-21 rates compared to 2019-20 rates.
1. Please provide the average amount that you paid to external providers for home care, calculated on a consistent basis. (£ per contact hour, following the exclusions as in the instructions above)	£14.71	£14.71	£15.43	£15.43	4.9%	4.9%
2. Please provide the average amount that you paid for external provider care homes without nursing for clients aged 65+, calculated on a consistent basis. (£ per client per week, following the exclusions as in the instructions above)	£576.89	£576.89	£591.44	£634.61	2.5%	10.0%
3. Please provide the average amount that you paid for external provider care homes with nursing for clients aged 65+, calculated on a consistent basis. (£ per client per week, following the exclusions in the instructions above)	£742.45	£594.22	£623.63	£668.96	4.9%	12.6%
4. Please provide additional commentary if your 2019-20 fee is different from that reported at Q2 2019-20. Please do not use more than 250 characters.		The point 3 Nursing Client fee included FNC payment in error for Q2				

183 characters remaining

Checklist

Complete:

Yes

Yes
